The last man, but he didn't get a chance to distinguish himself at the bat. Tee hit an easy ball to the right and tried to get too many for it, with the result that he was run out. This retired the team for the first time in the match, leaving Astoria victors by a margin of 112. Tee's score of 31, the top notch of the match, was worthy of the highest praise and his fellow players congratulated him heartily when they took their crumpled defeat like true sportsmen, and who did all in their power to make their visitors comfortable.

The Astoria boys have asked the Astorian to express their thanks for the kind and courteous treatment accorded them by Captain Van Heekeren and the other members of the Portland team, who took their crushing defeat like true sportsmen, and who did all in their power to make their visitors comfortable. The following is the score in detail:

Score in detail table showing runs, wickets, and extras for both teams.

YESTERDAY'S BASEBALL. Brooklyn, August 25.—Brooklyn, 7; Louisville, 2. Boston, August 25.—Boston, 3; Pittsburgh, 2. New York, August 25.—New York, 7; St. Louis, 6. Washington, August 25.—Washington, 9; Chicago, 3. The game was called on account of darkness.

AN INDIAN SCRAPE. Port Townsend, August 25.—Advices from Port Clarence, Alaska, state that a number of natives engaged in a quarrel and four were killed. One man lay in wait with an axe behind a tree and when his adversary came through chopped his head off. The others were killed by shooting and stabbing.

MOVEMENTS OF WARSHIPS. Washington, August 25.—The Concord sailed today for Chungking, China, and will proceed direct to Chiu Poo, China. The Yorktown is also bound for this port, having left Shanghai on Sunday, so that the United States fleet will be present for any action necessary in Chinese waters.

The Corvallis Gazette says: "The Oregon Central & Eastern people are contemplating immediate extensive improvements. Orders are already in for 70,000 feet of lumber, besides a great quantity of ties. This will keep all the mills on the line busy for some time running at their fullest capacity. Men are employed as fast as additional help is required and from the number of applicants on file the company will have plenty of material to choose from. The engines and other rolling stock are being repaired and put in first class shape. Mr. Hammond is still busily engaged with his Astoria road, but Mr. Stone keeps him fully informed as to matters at this end of the line. Mr. Stone says that Superintendent Clark has just completed an estimate of the cost of putting the road and equipment in first class condition. He thinks that it will require \$250,000 and that the work might be completed in ten months or less. He enthusiastically favors the beginning of work at once on the extension to Independence, Oregon, which would add greatly to the business of the road. Mr. Stone is confident that the people of Crook county would build a wagon road to the end of track immediately and has written Mr. Hammond. The importance of beginning the work at an early date is pointed out in order that the road may be in a position to handle next season's wool crop. The hauling distance from Prineville to Reed at Independence prairie would be reduced fully six miles, which Mr. Stone feels certain would cause the bulk of the wool crop, amounting to about 3,000,000 pounds annually, to find a market via the O. C. & E."
