Come and See Us Griffin & Reed. New York, August 29.—The most inspiring exhibition of speed ever witnessed at Fleetwood took place today when Robert J. Mascot, John T. Gentry, and Joe Patchen started. Robert J. won in three straight heats. Mascot drew the pole, and they went away at a clip that took them to the pole in 21 seconds. In the second heat, the half was reached in 1:02. In the third quarter, Joe Patchen, who had been trading easily in second place, made a disastrous error in the lead. The horses went well, but after the first quarter, Robert J. quickly recovered, and he came like a meteor overhauling Mascot, passing him a hundred yards from the wire, and winning amid great applause. Time, 2:05 1/2.

BISSELL GETS THE PLUM. Buffalo, August 29.—An evening paper declares that ex-Postmaster General Bissell has been offered by President Cleveland the place on the United States supreme bench made vacant by the death of Judge Jackson. The paper adds that it is not likely that Bissell will accept. Mr. Bissell left Buffalo early this week for Marion or Buzard's Bay.

EVERY ONE NEEDS A BUSINESS EDUCATION. Many young men and women can spend but one or two years at school—why not take a course that can be completed in that time? The college includes a short ENGLISH COURSE besides a BUSINESS and SHORTHAND COURSE. For catalogue address, 614 TANNHILL ST. - - HOLMES BUSINESS COLLEGE, - - PORTLAND, OR.

THIRTEEN DROWNING

Mine Walls Are Broken Down by the Water. CAUGHT IN A DEATH TRAP Efforts of Rescuing Parties Seem to Be Futile and No Help Can Reach the Victims. Denver, August 29.—A special to the News from Central City, Colo., says: "The accidental flooding of the American and Sleepy Hollow mines this afternoon has caused the death, it is believed, of thirteen miners. Every effort is being made to rescue the men, but little hope is entertained of the ability of the workers to do so. A little after 5 o'clock the water in the lower workings of the Flak Mine, east of the main shaft, broke through the old workings of a vein that has not been worked for a number of years. Continuing eastward, it struck the American where two Italian miners whose names have not been learned, were at work in the lower part of the shaft. They were both drowned. In its course the water was diverted to the Sleepy Hollow mine, in the easterly portion of the Flak vein. Fourteen men were working in the Sleepy Hollow mine, three of whom escaped. A courier was sent to the adjacent mines and all the other workmen escaped. Those in Sleepy Hollow whose escape was shut off were as follows: N. Vegas, B. Broken, Brower R. Risk, William P. Risk, Thos. Rouse, Thos. McLaughlin, Most Eminent Sir Hugh MacCurdy. Very Eminent Sir Reuben H. Lloyd, of San Francisco, was elected deputy grand commander. Pittsburg was decided upon as the next conclave city. The time for the next conclave was fixed for the second Tuesday in October, 1895.

COAL MINER ROBBED. Roseburg, Or., Aug. 29.—Between 8 and 9 o'clock last evening about one mile south of Green's station two masked highwaymen held up Wm. Pitt, of Fort Dodge, Iowa, on his way to Roseburg, from Coos county, where he has been working in the coal mines, and robbed him of a small amount. Peart reports that the assassins shot before demanding his money. The shot hit him in the hip. The wound is not necessarily dangerous. Peart has an uncle in Salem, Or. NEXT MEETING AT PITTSBURGH. Boston, August 29.—The Knights Templar encampment today elected Right Eminent Sir Warren Larus Thomas, of Kentucky, grand master, and Right Eminent Sir Hugh MacCurdy, Very Eminent Sir Reuben H. Lloyd, of San Francisco, was elected deputy grand commander. Pittsburg was decided upon as the next conclave city. The time for the next conclave was fixed for the second Tuesday in October, 1895. SENT IN HIS BRIEF. Tacoma, August 29.—Attorney Reed, of this city, has forwarded to the Interstate Commerce Commission, his brief in the case of Milton Evans against the Oregon Railway and Navigation Company, wherein Evans, representing the farmers and grain shippers of Walla Walla county in this state, seeks to have the freight rate on grain between Walla Walla and Portland, Or., reduced from \$4.25 to \$2.65 per ton.

WASHINGTON, Aug. 29.—An important order giving full protection to foreign consumers of American made products was issued by Secretary Morton today. It will prevent the exportation of any beef that is not inspected, and requires exporters of horse meat to mark the packages so that the nature of the contents shall be apparent. FOOLISH WORKMEN. San Francisco, Aug. 29.—Workmen in the shoe factory where Durand's father is employed, have today decided to refuse to discharge Durand and an objectionable foreman. The strike was settled by the discharge of all the strikers and the employment of new workmen. No progress was made today in the Durand trial. GETTING IT BACK BY DEGREES. San Francisco, August 29.—Another cache of gold stolen from the Southern Pacific train near Berkeley, Cal., during the Browning raid was buried. The amount originally stolen was \$3,000. THREE RECORDS BROKEN. Chico, Cal., August 29.—Three coast records were broken by the Class A riders today. By the lowered the quarter mile coast record standing since 1875 to 21 3/4. The third mile flying start was lowered from 12 to 24 1/2 by Peter Metcalfe. THE BATTLE FLYING START was lowered from 1:08 to 1:01 1/2 by Peter Metcalfe.

TO URGES ANNEXATION. London, August 29.—Col. McParlane, formerly aide-de-camp to the late King of Siam, has just arrived in London. In an interview he said that he was informed the old form of government representatives would wait upon President Cleveland and his congress assemblies to urge the annexation of the island. FIRST TRANSFER FOR GOLD. Washington, Aug. 29.—The treasury department shipped \$2,000,000 in gold and two dollars bills to Chicago today on telegraphic notice from New York that \$2,000,000 in gold or greenbacks had been deposited in the sub-treasury for transfer to Chicago. This is the first shipment under the order issued yesterday. A JURY AT LAST. And Durrant Will Very Soon Know His Fate. Special to the Astorian. San Francisco, August 29.—The jury to try Durrant for the murder of Bianche Lamont was completed and the case was adjourned till Monday, when the taking of testimony will begin. STAGE OVERTURNED. Reno, Nev., August 29.—McGurn's four-horse stage got away from the driver coming down Geiger grade this afternoon. The stage overturned, and Mrs. Gerrins, riding on the front seat with the driver, was killed. The driver had one leg and one arm broken. The other passenger escaped uninjured. RECORD BREAKER. Woodland, Cal., August 29.—The feature of the races today was the trotting of Paylito, who won the two-year-old trot in straight heats; best time, 2:19 1/2, which is the fastest time made by two-year-olds in California. CASCADE LOCKS. Portland, August 29.—J. G. Day, one of the contractors building the locks at the Cascades, states that a larger force of men than ever are now employed on the work, and the present indications are that the locks will be opened for traffic by January next. SUMMER BURNING. Tacoma, August 29.—The town of Sumner, ten miles east of here, is burning. The fire department is looking after an engine on a flat car which will leave in fifteen minutes for the town.

BARNMORE IS GOING

Very Little Hope of Saving the Wrecked Vessel. ALL THE CREW SAFELY ASHORE They Are Watching the Steamer Being Gradually Smashed Up by the Action of the Waves. Marshfield, Or., August 29.—The British steamer Barnmore, which went ashore yesterday near Bandon lies in about the same position as she did last night. She has settled in the sand to a depth of about twelve feet and it will be impossible to move her as she is lying broadside to the sea. Captain Woodside and his crew of about twenty-five men are camped on the beach near the scene of the wreck and will remain there as long as there is any chance of saving anything. The crew got ashore yesterday in the ship's small boats. The sea was quite calm and they had no difficulty in reaching the shore. PORTLAND BICYCLE RACES. Portland, August 29.—At the Multnomah Athletic Club's bicycle races tonight, by electric light, four track records were broken. Finals will be run on Saturday. One mile novice—first heat, Carl Ahrends, M. A. A. C. won; C. E. Lorenz, P. A. A. C. second; time, 2:30 3/4. Second heat, I. P. Lombard, M. A. A. C. won; H. E. Arnold, M. A. A. C. second; time, 2:31 3/4. One-half mile open, Class B—First heat, J. F. Staver, M. A. A. C. won; Ell Winster, P. A. A. C. second; time, 1:07 1/2. Second heat, "Eli" Lee, P. A. A. C. won; M. D. Hill, Aberdeen second; time, 1:07. One mile open, Class A, paced by tandems—G. S. Nichols, M. A. A. C. won; E. G. White, M. A. A. C. second; time, 2:16 1/4. Second heat, C. E. Dow, Y. M. C. A. Seattle, won; J. E. Wolf, P. A. A. C. second; time, 2:21. Third heat, J. C. Moran, M. A. A. C. won; A. B. Mitchell, M. A. A. C. second; time, 2:23. Two mile handicap, Class B—C. L. Howe, M. A. A. C. (300 yards) won; H. B. Hewitt, P. A. A. C. second; time, 4:38 3/4. Rubb Brothers, of Spokane, went an exhibition mile in 2:10 3/4. J. M. Campbell, of Spokane, stuck to the tandem all the way around.

COMPOSED OF OUTSIDERS. Neither International Team Can Be Considered Fairly Got Together. London, August 29.—The Pall Mall Gazette says: The London Athletic Club today is made up of outsiders, only four bona fide members having arranged to go to America. This sacrifice of the best traditions of the club has caused great surprise. It is obvious that some of the champions who are members of the club are not socially qualified to be members of the London Athletic Club. The action is injurious to the cause of athletics and has done much to reduce the interest which Englishmen have been taking in the coming contests. By announcing that this team is the one selected to take part in the contests for the championship, the London Athletic Club has virtually compelled the New York Club to follow its lead. The members of the New York Athletic Club are wealthy and are now practically buying up all the leading men who can possibly pose as amateurs.

WELLS FOR GOVERNOR. Utah Republicans Meet and Make Nominations. Salt Lake, Aug. 29.—The territorial Republican convention met this morning. The platform demands re-nomination and the free and unlimited coinage of silver at a ratio of 16 to 1, irrespective of the action of any foreign nation and pledges the Republican party of Utah to work for the accomplishment of this demand. The following were nominated: For Judges of the supreme court: C. S. Zan, C. W. Barth, J. A. Miner. For governor, H. M. Wells. Wells is a son of Daniel Wells, who was one of the prominent Mormon pioneers. Wells was recorder of Salt Lake county from 1883 to 1890; was a candidate for mayor in 1892 and is at present cashier of the State Bank of Utah. YESTERDAY'S BASEBALL. Baltimore, August 29.—There was no game on account of rain. New York, August 29.—New York, 11; Louisville, 1. Boston, August 29.—Boston, 8; Cleveland, 4. Brooklyn, August 29.—Brooklyn, 11; Cincinnati, 6. Washington, August 29.—Washington, 9; St. Louis, 9; The game was called on account of darkness. Philadelphia, August 29.—Philadelphia, 6; Chicago, 2.

ALTBOLD'S OPINION. Altoona, Pa., August 29.—Governor Altbold, of Illinois, passed through this city today. In conversation with an Astorian Press reporter he said that in his opinion the victory of Senator Quay, of Pennsylvania, is a severe rebuke to corporations. KILLED BY SLIDING TIMBER. Seattle, August 29.—A Monte Cristo special to the Post-Intelligencer announces the killing of James T. Dempsey, 22 years old, a mine owner. He was struck by timber sliding down the mountain side and death was almost instantaneous. His partner, James Lillis, of Tacoma, was killed at Monte Cristo in a similar manner, almost exactly two years ago. STATE NEWS. Interesting Items Culled from Oregon's Leading Newspapers. The Statesman says: "Sheriff Hare of Astoria brought Gow Kin, a crazy megalomaniac, to the insane asylum yesterday. He is 20 years old, violent and homicidal. He is a victim of opium. A deputy from Portland who doesn't know enough to tell the truth brought up Richard Hurston last night and returned him to the institution. He had been home on leave of absence and had been in the asylum the past three years. The "smart aleck" deputy who tried to lie to a reporter about the patient's age and where he came from will hardly do to allow away from home very often. Sheriff Sears better keep his eyes open about the next effort Sheriff Maddock of Clackamas brought up a violent patient with hands and manacles on. His name is Perry Vorkick, a resident of Wilhoit, aged 31 years, and is afflicted with acute mania, which is hereditary. As he was carried from the train to a hack he presented a mad spectacle. Another patient was brought from Portland by Col. Bob Thompson, in the person of Mrs. Mary Olson, a native of Sweden, aged 32 years, of whom the Oregonian says: "She threatens to take her own life, and recently took carbonic acid, in an attempt to suicide, and her husband has had to keep constant watch over her. She has a delusion that she is to be hanged. Sickness is supposed to be the cause of her mental disease." A short time ago she was subjected to a surgical operation which was unsuccessful. Isaac Danta, formerly a gunsmith of this city, returned yesterday from Gold Bluff, Cal., where he has been working his invention for separating gold from black sand, says the Albany Herald. He went away about two years ago a poor man and came back with a fortune. He has sold a half interest in his process, which consists in applying a certain chemical mixture to the sluice boxes, to San Francisco parties for \$20,000. He also sold the right to use the process to Idaho miners for \$10,000, and now has an offer of \$50,000 from the Nicaragua Mining company for the right to use his process there. As an evidence of good faith they will send \$100 to pay his expenses to go to Nicaragua, and he will leave in a few weeks, in company with a mining expert from San Francisco. Mr. Banta has proven beyond doubt by actual use on the California beach the success of his process. He will go first to Seal Rocks, near Yavapai, where his factory reside, and will then sail for Bluefields to put his process into use in the Nicaragua mines. The Heppner dispatch contains the following statements: "The little town of Heppner has been very much worked up over charges and counter charges that have been made during the past four months among the members of the M. E. church, which culminated today in a trial and an arrest. Chauncey Herald, Heppner, a member of the M. E. church here, was charged with adultery by a Mrs. E. F. Bell for unchristian conduct, and the trial was called for today, but through some mistake in the wording of the charges and the fact that it was postponed until Friday. While the question was being discussed the constable walked into the church and arrested Rev. J. M. Dennison on a charge of obscenity by threats. He waived examination and was released from custody. It is the opinion that the trouble before the M. E. church here, as the trials are very closely drawn and each side seems determined to push the matter to the utmost. Further developments are awaited with much interest. Assessor Jackson and his deputies are working hard on the assessment of Jackson county. Last week Manager R. Koehler, Railroad Tax Agent Irwinson and Railroad Land Agent Anderson came down from Portland to look after their interests in the assessment of their extensive property interests. These gentlemen took issue with Mr. Jackson's valuation of the value of the company's road bed in Jackson county to \$20,000 per mile. They failed to convince Mr. Jackson in their views. The railroad officials in their argument quote voluminously from the state railroad commission to show how much they are losing. Oregon fruit and vegetable producers, says the Polk County Observer, should become thoroughly acquainted with the habits of insects, so as to discover and protect their friends. Among the workers of great benefit to them is the pretty little insect now universally called the "lady bird." It is present here only in small numbers as yet, and its presence should be recognized by careful protection, as it is one of the most effective and useful friends of the grower and fruit raiser. In California in some localities it is said that the lady birds have entirely destroyed the woody aphid which threatened to destroy the apple orchards and has also cleaned out the worm which was ruining the fields of sweet corn. The Truckee Lumber company, at Hobsonville, is now running full hand and cutting about 6,000 feet of lumber per day. This means that the company is spending \$25 per day in this county. Such industries as this is what makes good times, and the fact that they are running both sides of their mill shows that the lumber market in San Francisco and elsewhere is looking up and that times are getting better.—Tillamook Headlight. The Lebanon paper mills are now receiving about 1 1/2 wagon loads of straw per day, averaging about 2,000 pounds in this year is much larger than usual, being nearly 5,000 pounds of straw in it when completed. Over 1,500 loads have been delivered so far.—Albany Herald. A carload of cavalry horses left Eugene recently by rail for San Francisco. They were purchased by William Praser in Linn and Lane counties for the army.

Highest of all in Leavening Power.—Latest U.S. Gov't Report. O.K. Baking Powder ABSOLUTELY PURE
