ASTORIA IRON WORKS Cor. 5th St. Foot of Jackson, Astoria.

General Machinists and Boiler Makers Land and Marine Engines, Boiler work, Steamboat and Cannery Work a Specialty. Castings of All Descriptions Made to Order on Short Notice. John Fox, President and Superintendent A. L. Fox, Vice President O. B. Prael, Secretary

They Lack Life There are twins sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twins as a wooden image does to the human being—they lack strength—life—evenness—and lasting qualities. Don't fool yourself into the belief that other twins besides Marshall's will do "just as well." They won't. They cannot.

C. J. TRENCHARD, Agent Wells, Fargo & Co. and Pacific Express Co.

HOME and PHOENIX INSURANCE CO'S. Custom House Broker and Commission Merchant. 502 Bond Street.

Kopp's Beer Hall. Choice Wines, Liquors and Cigars. KENTUCKY WHISKEY Only handed over the bar. The largest glass of N. P. Beer. Half-and-half, 5c. Free Lunch. Chas. Wirkkala, Proprietor. Cor. Commercial and Lafayette Sts.

THOMAS MOKKO. The Blacksmith whose shop is opposite Cutting's cannery, is now prepared to do such odd jobs as making new cannery coolers, repairing old ones, making new fish boat irons, and repairing old ones, and all other blacksmithing that requires first-class workmanship.

MUSIC HALL. KEATING & CO will open their Music Hall at 359 Astor street, Saturday the 15th. They will keep numerous good liquors and cigars besides having good music all the time.

SEASIDE SAWMILL. A complete stock of lumber on hand in the rough or dressed. Flooring, rustic, siding, and all kinds of finish; mouldings and shingles; also bracket work done to order. Terms reasonable and prices at bedrock. All orders promptly attended to. Office and yard at mill. H. L. LOGAN, Prop'r. Seaside, Oregon.

Dr. Ely's Cream Baking Powder Contains no Ammonia or Alum.

Suits Made to Order.

If you want a suit that will fit, at the lowest possible prices, have it made by the 'Royal Tailors' the largest tailoring establishment in the world, and you will know for a certainty that it is made for you, and not taken out of stock and made over, as they do not deal in ready made clothing. Samples for Fall and Winter 1895 and 1896 are at hand, and a perfect fit guaranteed. Call and see them and obtain prices.

EVERY ONE NEEDS A BUSINESS EDUCATION. Many young men and women can spend but one or two years at school—why not take a course that can be completed in that time? The college includes a short ENGLISH COURSE besides a BUSINESS and SHORTHAND COURSE. For catalogue address, 414 YAMHILL ST. - HOLMES BUSINESS COLLEGE, - PORTLAND, OR.

CAN'T GET BONDS

Receivers of Northern Pacific Will Find It Difficult.

THEIR OWN ACTS WILL BAR THEM

Looks Like Brayton Ives Will Win His Point and That Other Receivers Will Be Appointed.

Seattle, Sept. 4.—Silas W. Pettit, counsel for Brayton Ives and the Northern Pacific, who has secured an order citing the receivers to appear October 2 and show cause why they should not be removed, left from Tacoma today for the East.

He says the receivers will in all probability not be able to furnish the \$100,000 bond required of each of them by Judge Hanford, because of the revelations to be made at the coming hearing. He will prove, he says, that they have out the authority of the court, that they have paid William N. Crowell, general counsel, a salary of \$30,000 a year; that the receivers have paid themselves each a salary of \$13,000 a year, also without the authority of the court; that they have paid special counsel at the Oakes hearing, before Master Carr, of Judge Jennings' court, \$40,000, and that they have dragged into the case in Judge Hanford's court, ex-Senator Dolph and Senator Mitchell, of Oregon, each a high priced man, and that to pay them will be entirely beyond the receivers' power.

The total surcharges, Mr. Pettit says, will exceed \$100,000, which will necessarily have to be paid by the bondsmen, should the receivers secure bondsmen; and for that very reason they will not be able to secure bondsmen.

THEY ARE LOSING MONEY. And Huntington Is Not Drawing Any Princely Salary.

San Francisco, Sept. 4.—An effort was made today by the railroad commissioners to learn how much C. P. Huntington earned for being president of the Southern Pacific. Attorney Martin, for the railroad company, objected to what he called an inquisition and all the curious commissioners and the public learned was that for twenty years Huntington had been receiving the same salary with out a raise, and that his wages are less than those of any of his kindred. The whole tendency of the inquiry went to show that the Southern Pacific company had been playing a losing game and that a reduction in rates would prove ruinous.

MURDERER CAUGHT. Narrowly Escapes Lynching at the Hands of a Mob.

Now Whatcom, Wn., Sept. 4.—R. H. Straub, who killed Leo Lanterna on Blakeley Island, August 20, and Irving Barbery, the boy whose quarrel with Lanterna was the cause of the tragedy, were taken to this city today from Friday Harbor and lodged in the county jail for safe keeping. They narrowly escaped lynching at the hands of a mob of fifty armed men last night. The sheriff evaded the mob and got them safely on the United States revenue launch Scout, which brought them here.

FIREMEN'S TOURNAMENT. The Astoria Boys Win One of the Races.

Special to the Astorian. Vancouver, Wn., Sept. 4. 11:24 a. m.—In the dry test, Astoria 48; Vancouver 47; Oregon City 45; The Dalles 44. Astoria and Vancouver were ruled out by the judges, who say they did not have the nozzle on full. They consider three turns not full. Astoria will appear at 12:24 p. m.—The speed race—Astoria 23; Vancouver 25; Oregon City 24; The Dalles 24. 6:14 p. m.—The championship race—Astoria 1:22 2/3; Vancouver 1:28 2/3; Oregon City did not run. The Dalles, 1:29 2/3. Astoria was second, time 1:29 2/3. The Oregon City team refused to run owing to the rain and wet condition of the track, while The Dalles team, in spite of the bad track made a gallant effort, though in vain; time, 1:29 2/3. Vancouver now having won the championship race three times in succession, is barred under the rules from entering for the same in future. Nearly all of the participants left tonight well satisfied with the treatment received here. R. B.—The Astoria boys will be home Friday.

SUDDEN DEATH. John Gildersleeve, a Forty-Niner, Passes Away in His Chair.

Roseburg, Or., Sept. 4.—John Gildersleeve was found dead about 4 o'clock this evening in a room in the Depot Hotel. He was sitting upright on a lounge, holding the stove poker, just having opened the stove door, in which a fire was burning. The deceased was born in Long Island, New York, in May, 1832, and came to Oregon in 1872, where he has lived ever since. For several years he was engaged in the furniture business until lately, when he has not been able to work. In the early days he was a New York fireman, and in October, 1848 he was one of the 27 who entered and won the great national one hour foot race on the Beacon course, New Jersey, he making 19 1/2 miles and 6 rods. He leaves a son in Brooklyn, New York, and a daughter in California.

THE ROCHESTER MEET. C. J. Appel Springs a Surprise on the Public.

Rochester, N. Y., Sept. 4.—About 500 people attended the national circuit meet today by the Rochester Athletic Club. In the mile professional Johnson was beaten by Sanger and O'Connor in the order named, time 2:05 1/4. He got in a pocket on the way down to the wire and could not use his sprint. The surprise of the day came in the two mile professional handicap. C. J. Appel, a Rochester man, who had been in the '400' ranks two or three years without much riding, started from the 25 yard mark, maintained a big lead, and finished way ahead of the bunch. Johnson was thrown and did not finish. Appel's time was 4:28.

CAUSED MUCH TROUBLE

The Race Between Patchen and Gentry Almost Ended in a Row.

Philadelphia, Sept. 4.—The attraction at Belmont race track today was the special race for \$4000 between Joe Patchen and John R. Gentry, and it was the cause of more dissatisfaction than any similar event in the history of the association. Had there been betting, it is doubtful if Curry, the driver of Patchen, would have escaped mobbing. It was evident that Patchen was not driven to win. Joe Patchen won the first, fourth and fifth heats; John R. Gentry won the first and second heats; time, 2:36 1/4; 2:37 1/4; 2:41; 2:45; 2:52.

THE POOLE CASE. Roseburg, Sept. 4.—In the case of the state of Oregon vs. Albert Poole, a motion for a change of venue was argued before Judge Fullerton, and the motion denied. The prisoner was released on the filing of a bond of one thousand dollars. W. Kramer and F. M. Thipson are the sureties.

THE BALL GAMES. Boston, Sept. 4.—Boston, 15; Chicago, 5. New York, Sept. 4.—New York, 4; Pittsburgh, 6. Washington, Sept. 4.—Washington, 5; Cincinnati, 11. Brooklyn, Sept. 4.—Brooklyn, 3; Cleveland, 15.

MARKET REPORTS. Liverpool, Sept. 4.—Wheat—Spot, easy; demand, poor; No. 2 red winter, 4 1/4; No. 2 red spring, 5 1/4; No. 1 hard Mar. itoba, 55 1/2; No. 1 California, 56 1/2. Hops—Dull; Pacific Coast, 12.

IT IS IN FULL SWING

The Durrant Trial is Being Rapidly Conducted.

TESTIMONY UNFIT TO PUBLISH

Yet Many Women Sit Through the Examination, Which Can Only Be Published in a Medical Book.

Special to the Astorian. San Francisco, Sept. 4.—The trial that will determine whether or not Theodore Durrant was hung for the murder of Blanche Lambert is now in full swing, and the evidence is being hurried in so rapidly that if nothing unexpected occurs a verdict will be rendered very much sooner than was expected. Today was given up to the proof of death demanded by law, the evidence of the physician who made the autopsy on the corpse, and the explanation of the model of the church, with plans, diagrams and photographs. Much that was told in court was unfit to be published in a medical journal, or in some anatomical text book. Dreadful as were the details, they were listened to by a courtroom full of men and women and those whose inflexible rule of the court barred from the room complained in the corridor of the physician who made the autopsy on the corpse, and the explanation of the model of the church, with plans, diagrams and photographs. Much that was told in court was unfit to be published in a medical journal, or in some anatomical text book. Dreadful as were the details, they were listened to by a courtroom full of men and women and those whose inflexible rule of the court barred from the room complained in the corridor of the physician who made the autopsy on the corpse, and the explanation of the model of the church, with plans, diagrams and photographs.

MUCH NEEDED LEGISLATION. Washington, Sept. 4.—The navigation bureau is endeavoring to stop the exportation of money from seamen for securing their berths on American merchant vessels by certain sailor boarding house keepers and middlemen. Instructions have been issued to the United States shipping commissioners to examine seamen about to sign shipping articles as to whether any money had been demanded from them, directly or indirectly, and to report any evidence of the violation of the law to the United States district attorneys for prosecution.

GENERAL KAUTZ DEAD. Seattle, Sept. 4.—General A. V. Kautz died about 10 o'clock tonight of paralysis of the stomach. He was on the retired list, with the rank of brigadier general.

THE MARY WASHINGTON SOCIETY. Yesterday afternoon a number of representative ladies of the city met at the rooms of the Library Association in response to a call published in Sunday's Astorian to consider a project for securing funds for the Mary Washington Memorial. After considerable discussion it was decided to appoint a committee to personally communicate with all who might desire to become interested in the matter. The following ladies were chosen to take temporary charge of the work: Mesdames W. W. Parker, Ferd Fisher, Crain, Danziger, Duffy, Elmore, and Cherry. Another meeting has been called for next Wednesday afternoon at 8 o'clock, at the library, when a very large attendance is expected.

RULES ARE ANNOUNCED

New York Regatta Committee Prepare for the Big Race.

MEASUREMENTS OF THE SLOOPS Valkyrie Is 101:38 and Defender 100:02—Less Than a Minute Time Allowance.

New York, Sept. 4.—The regatta committee of the New York Yacht Club announced a program of rules governing America's cup race. The principal points are as follows: The start will be made off Sandy Hook Lightship. Course No. 1, 'Letter C,' from the starting point to and around a mark 15 miles to windward, or to leeward and return. Leaving the mark on the starboard hand, No. 2, 'Letter D,' from the starting line 10 miles to and around the mark; then 10 miles to and around a second mark, and thence 10 miles to and around a third mark, the turning marks are outside the triangle to port and starboard, according as they are each sent around. The third, fourth and fifth races shall be to windward or to leeward and return. Second and fourth races shall be around an equilateral triangle. One day shall intervene between each racing day under special agreement. A race postponed or not finished within the time limit shall be decided before the next race is taken up. Although the measurements of the Defender and Valkyrie will not be announced officially until next Friday, and possibly not until Saturday, enough has been learned to make a reasonably correct estimate of the racing lengths and time allowance given by the challenger. The big sloop contesting for the cup that the American boat has held will give time, although it will not be as great as was expected. The racing lengths, as estimated by a well known designer, are 101:38 for the Valkyrie and 100:02 for the Defender. Under the rules this would mean an allowance of a little less than a minute on a 10-mile course.

DEMOCRATS IN UTAH. Salt Lake, Sept. 4.—The Democratic hosts are gathering for the territorial convention to be held at Ogden tomorrow. It is believed that the convention will be instructed for L. J. Rawlins and Moses Thatcher for the United States senate.

THE COUNTY COURT. Considerable Routine Business Transacted—The Session Will Close Today.

Yesterday the county court transacted much routine business and would have adjourned had not advice been received from a prominent Portland architect that he would be here today to submit plans for the principal event of the session was the issuance of an order instructing the assessor to proceed at once to collect the state poll tax of \$1.00 from each inhabitant of the county. The order reads: 'The assessor is hereby instructed to give notice to the names of delinquents are to be turned over to the sheriff, who shall proceed to enforce collections in the manner provided by law. The court stated that a man's personal property could be seized or his wages garnished for such tax, and that it was the opinion of the court that this tax ought to be collected as a matter of justice in order to provide a fund for the prosecution of criminals. It was stated that the county pays out a great deal of money yearly for the support of criminals in behalf of people who are not residents, or who at least are not taxpayers. The court also stated that they were disappointed in the action of the canvassers, who early in the season had promised to assist in the collection of the tax, but who have since refused to give the names of their poll-tax payers. These men are all voted at the polls and the court is of the opinion that the tax should be collected or else the question settled once for all. In an interview Assessor Gibbons said that he would carry out the instructions of the court, make demand for the tax, and turn over the names of the delinquents to the sheriff. Sheriff Hare says that he will carry out the orders of the court so far as he can, but does not propose to take any changes under his bond of getting into trouble. Deputy Assessor Hardesty started out yesterday afternoon under the new instructions of the court to collect this tax. In nearly every case he met with absolute refusal and the general impression seems to be that the tax cannot legally be collected.

THAT WAGON BRIDGE. Mr. Hammond Says It Is Best That His Proposition Be Not Accepted.

Mr. Hammond being seen yesterday by an Astoria representative on the wagon bridge proposition across Young's Bay, stated that he was indifferent whether the proposition made by him to the council was accepted or not. But that if he consulted his own wishes and convenience in the matter he would rather the proposition be rejected. He said that he made the proposition only out of compliance with promises which had been made by the committee of representatives who solicited subsidy grants on the other side and who had promised some of the property owners over there that Mr. Hammond would offer the city some arrangement for a combined bridge. He said that the proposition which he had made he regarded as a reasonable one and the best possible offer that he could make at this time, but that on the

whole it might be more to the city's advantage to construct and operate its own bridge independent of the railroad. He further stated that if the city accepted the offer he had made he would be disappointed if the city should delay the commencement of work on the bridge as well as prove an interference with other plans which he had in view.

HOP PICKERS. Large Numbers of People Going Into the Fields. Salem, Sept. 1, 1895.

The streets were alive all day yesterday with teams conveying hop-pickers and their camping outfits to the many fields in Marion and Polk counties. It is surprising to see what large numbers of people are going out into the hop fields this year. The hop-pickers are not of the laboring class only, but among the vast armies may be found families of comfortable incomes, and in some cases even of wealth. A hop yard of ordinary size will give employment to five hundred persons, while many yards will employ more. A picker will usually be able to earn from a dollar to \$1.50 per day and enjoy a pleasant outing at the same time, returning to the city with renewed strength and health, as well as with honestly earned money that will serve to lighten the burden of the hard times.

THE NEW ASSOCIATION. Meeting Tomorrow Night Promises to Be Well Attended.

Inquiry amongst the real estate men indicates that the meeting called for tomorrow night will be attended by the real estate dealers generally and that the effort will be made to form an organization for the advancement of the city's best interests and the protection of dealers and owners of property. It is certainly a worthy object and one that should meet with hearty support. A little work by the real estate men, who are always among a city's most energetic business men and who are vitally interested in the growth and rapid advancement of any community, will bring good returns. There is a wide field open in Astoria, and without unity of action in the direction of the city's growing districts, the laying out and plating of streets, much confusion will ensue which will be a lasting regret ever after. A prominent citizen said yesterday that the proposed movement was in the right direction and one of great importance at the present time.

NOT MUCH INTEREST. Yet Shown in the Exhibit for the Exposition.

"It is strange," said a leading citizen yesterday, "why no interest is yet being shown in the matter of preparing an exhibit for the Portland Exposition. Even though no immediate money returns are realized from the display, yet as a mere matter of pride, and in order to show outsiders what Clatsop county can produce, a splendid exhibit of the products of its industry, farm products, and forestry should be put together and sent up to Portland. Not alone should the cannerymen make a showing of their individual wares to advertise their own business, but exhibit should be prepared on the broad scale of showing the resources of the county as a whole and for the benefit of the community in order that strangers who see only what inducements we have to offer settlers to come to this county. Occular demonstration is more effective than volumes of written descriptions, and just now when every effort is being made to advance the prosperity of Astoria and Clatsop county, all ought to be united in such an important matter. The exhibit of the products of the county should be put together and sent up to Portland. Not alone should the cannerymen make a showing of their individual wares to advertise their own business, but exhibit should be prepared on the broad scale of showing the resources of the county as a whole and for the benefit of the community in order that strangers who see only what inducements we have to offer settlers to come to this county. Occular demonstration is more effective than volumes of written descriptions, and just now when every effort is being made to advance the prosperity of Astoria and Clatsop county, all ought to be united in such an important matter. The exhibit of the products of the county should be put together and sent up to Portland. Not alone should the cannerymen make a showing of their individual wares to advertise their own business, but exhibit should be prepared on the broad scale of showing the resources of the county as a whole and for the benefit of the community in order that strangers who see only what inducements we have to offer settlers to come to this county. Occular demonstration is more effective than volumes of written descriptions, and just now when every effort is being made to advance the prosperity of Astoria and Clatsop county, all ought to be united in such an important matter. The exhibit of the products of the county should be put together and sent up to Portland.

STATE NEWS. It is reported that the Miltonian, a paper formerly published at Milton, is to resume publication.

Posters are being sent out announcing a soldiers' and sailors' reunion to be held at Ashland, beginning September 11 and continuing four days. A man has been arrested at Baker City for riding a bicycle on the sidewalk. However, remarks the East Oregonian, the fellow who committed the offense, held up men and otherwise, violate the law and degrade others, have not been molested. The bicyclist should make them upon the delinquent officials, enforce them out of office if they will not enforce the law with fairness.

No more litigation, says an exchange, need be feared over the Oregon Pacific railroad, so far as lawsuits are concerned which occupied the courts the last three years. The time has elapsed in which papers could have been filed with the supreme court asking for a rehearing. Bonner & Hammond are now secure in their purchase and there is no further cause for anxiety. They can proceed with improvements and additions without fear of molestation. W. M. Martin, the mutton buyer or Southern Oregon, has loaded up with all the mutton he can manage and started for California. He has 9,000 head, divided into three bands, and will strike the railroad at Sileson. TO WHOM IT MAY CONCERN. Notice is hereby given that we have been selected as the Astoria agent for Messrs. Wannermaker & Brown, Philadelphia, Pa., and that we are now prepared to take measures for any suits, overcoats, pants for professionals and laymen. The house of Wannermaker & Brown is recognized as the largest establishment in the United States and the best in the department is the most complete in the world. A complete line of samples and fashion plates has been received and we are prepared to guarantee a perfect fit; that should certainly be sufficient. HELLMAN WISE, The Reliable Clothier and Hatter, Near Telephone dock.

Highest of all in Leavening Power.—Latest U. S. Gov't Report. Dr. Ely's Cream Baking Powder ABSOLUTELY PURE
