VICTORY FOR TEXAS. Special Session of the Legislature Effective. EMERGENCY CLAUSE PASSED. On the Bill Making Prize Fighting in Texas a Felony—Governor Culbertson a Winner.

Austin, Tex., Oct. 2.—The bill making prize fighting a felony passed both houses this afternoon with but four dissenting votes in the house. The governor will sign it tomorrow and the law goes into immediate effect. NO FIGHT WILL BE ALLOWED. Details of the Action of the Texas Legislature.

Austin, Tex., Oct. 2.—There will be no prize fight at Dallas October 31, between Corbett and Fitzsimmons. This fact was settled today by the Texas legislature in exactly three hours by the vote. The two committees, one in the senate, and the other in the house, gave in audience to the Dallas citizens all the morning to ascertain their objections and entertain protests against the passage of the law. After hearing the gentlemen the committees adjourned. This afternoon when the houses met the committees were ready to report and the senate bill was promptly called. From the time the bill was placed before the resolution committee to the time it passed was exactly 55 minutes. The vote on the final passage of the bill was 27 yeas and one no. The bill was immediately sent to the house and at 4 o'clock that body began discussing it, substituting the senate bill for the house bill. After several gentlemen had spoken on the bill a final vote was reached at 6 o'clock precisely, and the bill passed the house by a vote of 110 to 10. Thus within three hours did the Texas legislature forever put an end to prize fighting in Texas.

NEW CRUISER. The Brooklyn Launched at Philadelphia Yesterday. Philadelphia, Oct. 2.—The cruiser Brooklyn was launched today. It is regarded by naval experts as a marvel of the art of marine architecture. She is classed as a steel armored cruiser, having four eight-inch barbette turrets. The cost, exclusive of armament, is \$2,366,000. The principal dimensions of the Brooklyn are: Length on the load water line, 405 feet; beam, extreme, 66 feet; draught, normal, 24 feet; displacement, normal, 9271 tons; indicated horse power, 16,000; speed in knots per hour, 20; total coal capacity, 1253 tons; carried, normal displacement, 900 tons.

ARMENIAN AFFAIRS. Cablegram from Minister Terrell at Constantinople. Washington, Oct. 2.—Secretary Olney today received the following cablegram from United States Minister Terrell at Constantinople: "Monday evening hundred Armenians were shot at the Porte, presumably to ask redress of grievances. The Patriarch tried to prevent it. A conflict occurred between the Armenians and the police. Probably about sixty Turks and Armenians were killed and many wounded. The Armenians carried pistols. Yesterday several more were killed. Last night eighty were killed and several hundred imprisoned. The Porte had notice of the demonstration, which they say was organized by the leaders of the Hunchak revolutionists, whom they captured. Much terror exists. I think the Porte will be able to resist the fanaticism."

WASHINGTON, Oct. 2.—Reports from St. Paul, Minn., in which state lives Donald Grant, head of the American-Venezuelan syndicate, which syndicate will meet in New York tomorrow, have awakened interest in Washington, owing to its bearing on the negotiations between the United States and Great Britain concerning Venezuela. The St. Paul advices announced that Secretary Olney has sent three letters to Ambassador Bayard instructing him to notify Great Britain that unless the Venezuelan question was submitted to arbitration within 90 days the United States would enforce the Monroe doctrine. That such letters have been sent cannot be confirmed at the state department. Secretary Olney will not admit that he has sent one or three letters on the subject, nor will he give any intimation as to the status of the question. It is be-

RECEIVERS FIRED. For Disobedience of Orders Issued by Seattle Court. NORTHERN PACIFIC'S NEW DEAL. It is Now General Manager Dickinson Under Receiver Burleigh in the State of Washington.

Seattle, Oct. 2.—Among the bids for the construction of the six new gunboats, opened at the navy department at Washington yesterday, the lowest bid for a single screw vessel was by the Detroit Dry Dock Company, and it was said there would be a question as to awarding the contract to this firm, because of a treaty between the United States and Great Britain, which provided that ships of war cannot be built on the Great Lakes, although intended for service on the sea. If the Detroit Dry Dock Company secures the contract, as it undoubtedly will, because its bid is the lowest, the two single screw gunboats will be built at Seattle. There has been a representative of the company in this city for nearly a year, and today he said that it was the intention of his company to build ship building yards here if this contract was secured, and this would be but the start of a big plant.

Special to the Astorian. Seattle, Oct. 2.—In the United States circuit court today Judge Hanford refused to accept the resignation of Oakes, Rouse and Payne as receivers of the Northern Pacific Railroad Company, but removed them because of their failure to comply with the order made in the case a few weeks ago, and named Andrew F. Burleigh, of this city, counsel for the Oregon Improvement Company, as receiver of the Northern Pacific property in this state. This afternoon Burleigh qualified by filing a \$200,000 bond with Governor John H. McGraw, M. McDougall, S. L. Crawford, Jacob Furth, A. B. Stewart, C. J. Smith and H. C. Henry as sureties. His order of appointment was made absolute, and other orders were signed, including orders removing the receivers and admitting the second and third mortgage bond-holders to become parties to the suit. Burleigh left for Portland, Or., on the 6 o'clock train. He announced before leaving that G. W. Dickinson, assistant general superintendent under the old receivers, will be his general manager. The appointment will be followed by applications along the line, and Burleigh will appear in the United States court at Portland tomorrow. Burleigh Ives said this afternoon that he would yet force the receivers to an accounting. In his supplemental affidavit, Ives fiercely attacks Henry Willard as a railroad wrecker and a crook, and says that he was employed to bring about conditions whereby, a collusive appointment by the Milwaukee court could be made.

BRAYTON IVES. Gives His Views of the Northern Pacific Affairs. Tacoma, Oct. 2.—Brayton Ives, president of the Northern Pacific Railroad Company, will spend tomorrow here and in an interview tonight says regarding today's proceedings: "Judge Hanford's action marks the termination of a receivership which in many respects is unequalled in the history of American railroads. Without intending to speak disrespectfully of Judge Jenkins, I must say that whenever we appeared in his court as petitioners for relief we seemed to find ourselves at the outset in the position of wrongdoers. Instead of sufferers of wrong, it would not be proper for me to make any reflections on Judge Jenkins' course within the last week, as I have no doubt he has acted according to his sense of right. I must say, however, that if he had wished to shield a party of men charged with wrong doing he could not have taken a more efficient course. I believe, however, that Judge Hanford's action today will result in the near future in harmony of action among the various interests."

MASSACHUSETTS DEMOCRATS. Met in State Convention at Worcester Yesterday. Worcester, Mass., Oct. 2.—The Massachusetts Democratic State Convention met today. The platform commends the present national administration for its conduct of foreign affairs, congratulates the manufacturing interests of the country on the successful operation of the new tariff, regretting that the bill as originally framed by the Democratic leaders is not in force, and denounces the efforts of the Republican party to reopen this question; demands the maintenance of the existing gold standard and opposes the free coinage of silver and the further purchase of bullion and demands that the government shall retire its paper money. It favors the granting to the secretary of the treasury of power to make local loans, to maintain the gold balance of the treasury. It also denounces the American Protective Association by name.

MARKET REPORTS. New York, Oct. 2.—Hops, dull. London, Oct. 2.—Hops—Pacific Coast, 11c. Liverpool, Oct. 2.—Wheat, spot, easy; demand, poor; No. 3 red winter, 5s 11 1/2; No. 2 red spring, stocks exhausted; No. 1 hard Manitoba, 6s 3; No. 2 California, 5s 1/2. CLEVELAND WINS. Cleveland, Oct. 2.—Immense crowds turned out to see the first game of the series for the Temple cup between Cleveland and Baltimore. Cleveland won, score—7 to 4. MILITARY CHANGES. Special to the Astorian. Washington, Oct. 2.—Secretary Lamont issued an order this afternoon, detailing General Miles to duty in Washington, as general of the army, and General Ricker, now on special duty at Washington, to command the Department of the East, with headquarters at New York.

WOOL DOES NOT IMPROVE. Washington, Oct. 2.—According to a report to the state department from Consul Bigelow, at Rouen, the world's production of wool has not increased during the past year, but has actually diminished. The quality of the wool does not improve, and owing to the high price of mutton, sheep are raised for that purpose instead of for wool. DETROIT DOCK COMPANY. Will Build Ship Yards if They Succeed in Getting the Contract. Seattle, Oct. 2.—Among the bids for the construction of the six new gunboats, opened at the navy department at Washington yesterday, the lowest bid for a single screw vessel was by the Detroit Dry Dock Company, and it was said there would be a question as to awarding the contract to this firm, because of a treaty between the United States and Great Britain, which provided that ships of war cannot be built on the Great Lakes, although intended for service on the sea. If the Detroit Dry Dock Company secures the contract, as it undoubtedly will, because its bid is the lowest, the two single screw gunboats will be built at Seattle. There has been a representative of the company in this city for nearly a year, and today he said that it was the intention of his company to build ship building yards here if this contract was secured, and this would be but the start of a big plant.
