

High-priced clothes wringers are mostly sold at high-priced stores at ridiculous profits, because so few are sold there. The stores will sell still less after it is found out that The Arcade sells a 19-inch wood frame, hard rubber roll wringer for—the price got caught and squeezed between the rolls—\$2.10.

SMILES AND TEARS.

Channels Through Which They Flow—Mother Grundy. A good sized audience assembled in the M. E. church last night to hear what Prof. N. N. Riddell, Ph. D. had to say in regard to "Smiles and Tears."

The speaker, "are the channels through which man's joys and sorrows come." The various faculties that comprise the social feelings were each taken up in order and defined, and their uses and abuses aptly shown.

Parental love gives the basis of the training and governing of children. Many mistakes are made by good parents in the governing of their children. A common one is in obtaining obedience by appealing to the child's selfishness.

Love of home was another one of the social feelings dealt with. Never cease the will, simply direct and guide R. Again keep near to the child's heart, and sympathize. Admit your own mistakes. We need to be very careful of our words, as children are all good mimics and are patterning after us all the time.

They Lack Life

There are twines sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twine as a wooden image does to the human being—they lack strength—life—evenness—and lasting quality. Don't fool yourself into the belief that other twines besides Marshall's will do "just as well." They won't. They cannot.
