Husband, Wife and Children Made Well by Paine's Celery Compound.

The pre-eminence of Paine's celery compound over all other remedies could not be better illustrated than in the case of the Turney family, of St. Anthony, Iowa.

There is positive danger in allowing the system to meet the perils of winter handicapped by rheumatism and neuritis, or any disease that comes from poor blood and bad nerves.

Indio THE OASIS OF THE COLORADO DESERT

A New Health Resort BELOW THE LEVEL OF THE SEA

Absolutely Dry and Pure Tropical Climate

Pronounced by Physicians the most Favorable in America for Sufferers from Lung Diseases and Rheumatism

Many Remarkable Cures

The objections urged against Indio in the past by the large numbers who otherwise would have been glad to take advantage of its beneficial climate, has been a lack of suitable accommodations. The Southern Pacific Company, takes pleasure in announcing that several

Commodious and Comfortable Cottages

have just been erected at Indio station, that will be rented to applicants at reasonable rates. They are furnished with modern conveniences, supplied with pure artesian water, and so situated as to give occupants all the advantages to be derived from a more or less protracted residence in this delightful climate.

(From the San Francisco Argonaut.) "In the heart of the great desert of the Colorado—which the Southern Pacific road traverses—there is an oasis called Indio, which, in our opinion, is the sanitarium of the earth. We believe, from personal investigation, that for certain invalids, there is no spot on this planet so favorable."

Dr. J. E. Potter writes: "The purity of the air, and the eternal sunshine, fill one with wonder and delight. Nature has accomplished so much that human remains but little for man to do. As to its possibilities as a health resort,—here is the most perfect sunshine, with a temperature always pleasant, a perfectly dry soil for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for lung troubles, and a paradise for rheumatism. Considering the number of sufferers who have been cured, I have no hesitancy in recommending this genial oasis as the haven of the afflicted."

INDIO Is 612 miles from SAN FRANCISCO and 130 miles from LOS ANGELES
