Can You Tell Why?

Says a man to me yesterday, when showing me a suit that he said he "was faked in buying elsewhere and paying more than they can be bought for at regular prices," especially when he had bought suits of me that gave entire satisfaction, and he liked my "style of doing business, strictly one price and throwing in nothing," while selling Men's or Boy's Clothing, Furnishing Goods, Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Mackintoshes, Etc.

They Lack Life
There are twines sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twine as a wooden image does to the human being—they lack strength—life—evenness—and lasting qualities. Don't fool yourself into the belief that other twines besides Marshall's will do "just as well." They won't. They cannot.

MARYLAND, OUR MARYLAND

New York, Ohio, Iowa and Massachusetts Give Phenomenal Majorities

—Mississippi Flourishes the Wreck Alone.

New York, Nov. 5.—New York state has been carried by the Republicans by a plurality ranging from 49,000 to 15,000 compared with 24,684 for the head of the ticket two years ago. Palmer (Rep.) for secretary of state, has carried the state above the Hartman, and based upon returns from 176 election districts out of a total of 238, he carries more than one-half of the outside election districts by a plurality of 100,000. King (Dem.) has carried New York and Kings county by a plurality of 50,000, giving the head of the Republican ticket a safe plurality of 40,000 in the state at large. The legislature remains as before under the direction of the Republicans. The World today says editorially: "The Republican victory in this city yesterday was provoked by the pig headed following of the president of the police board. But for the exasperating effect of Mr. Roosevelt's uncalculated for, unjust, harsh and oppressive execution of the Sunday excise law, the union of the anti-Tammany forces would have won an easy and triumphant victory as they did last year. The predicted reaction has come. Tammany recovers in the first election after its tremendous overthrow. This result is discouraging. It impinges the capacity of the people for self-government."

Boston, Nov. 5.—The question in Massachusetts from the first was one of a majority, since the Democratic leaders were confident of the re-election of Governor Greenleaf. Governor Greenleaf and the entire Republican ticket as endorsed by a plurality practically the same as that of 1894. The legislative department of the government is also solidly Republican. It is expected that the Republican party in the state, it having suffered in no way from the supposed defection—indicated by the A. P. movement. Philadelphia, Nov. 5.—Returns up to midnight indicate that Benjamin J. Heywood, Republican, has been elected state treasurer by about 18,000 plurality. A Republican gain over 1894, which was also an year of, about 15,000. This state also elects seven judges of the new superior court. Philadelphia, Nov. 5.—Returns in Indiana in this city yesterday indicate that the Republican ticket has carried the state by a large majority. The election of Governor Greenleaf and the entire Republican ticket as endorsed by a plurality practically the same as that of 1894. The legislative department of the government is also solidly Republican. It is expected that the Republican party in the state, it having suffered in no way from the supposed defection—indicated by the A. P. movement.

THE BULLETINS.
The following bulletins given in the order in which they were received at the Astorian office last night will be read with interest, on account of the progress of the count and the predictions from various sources.

NEW YORK.

New York, Nov. 5.—Voting is proceeding quietly in this city. Indications are that the vote will be close in the state. There is much speculation.

The World says Tammany has elected 11 out of 12 senators and 11 out of 25 representatives.

For secretary of state, 25 election districts out of 132 in the city give Palmer King (Rep.) 18,413; and King (Dem.) 15,567.

In the state election 27 districts out of 320 election districts outside of New York and Kings county, give King 35,760, and Palmer 40,250.

Six hundred and seventy districts out of 3200 outside of New York and Kings county give King 57,888, and Palmer 50,159.

Eleven thousand and twenty-five districts out of 132 in the city give Palmer King 18,413 and King 15,567 for secretary of state.

The election of Amos J. Cummings, Dem., to congress from the 10th district is conceded by the Republicans. Last year this district went Republican by a small majority.

A morning paper has this bulletin posted at 7:30: "At Democratic headquarters in this city it is claimed by 40,000 majority, while Tammany claims it by 40,000."

At 6:04 o'clock Commissioner Roosevelt said at police headquarters: "I admit that the Democratic county ticket is successful."

The Press (Rep.) says: "The Tammany local ticket will have 30,000 majority. The Morning Advertiser estimates the Republican majority in the state will be 75,000."

John C. Sheehan concedes New York state to the Republicans.

A World bulletin says that both branches of the New York legislature will be heavily Republican.

The Mail and Express says: "The Republican state ticket will have 40,000 majority."

For secretary of state, thirty of the New York districts complete, give Palmer King (Rep.) 97,538 and King (Dem.) 138,948.

MARYLAND.

Baltimore, Nov. 5.—The heaviest vote ever polled in Maryland is being cast, accompanied by occasional acts of disorder. The Evening News predicts that this city will give the Republican ticket 10,000 majority. Hunt (Dem.) is more than holding the oven in the outside counties.

Six precincts out of 128 in Baltimore give Hunt 194, and Lowndes 123. This is a Republican gain over 1892 of 52.

THAT COMBINE

In Spite of Senator Chandler Agreement Reached.

TRUNK LINES WILL ACT AS ONE

Opposed to Any Operations Clashing With the Law, but Must Have Protection for Themselves.

ILLINOIS.

Chicago, Nov. 5.—The Republicans have carried the elections by pluralities of about 30,000 on the entire ticket. Ball, Republican, for judge of the superior court, has defeated Morrison, Democrat, by 20,000. The Republicans have elected five of the trustees of the \$30,000,000 drainage canal, and a successor to United States Senator Gibson.

The city goes Republican by a majority of from 4,000 to 8,000 and both branches of the legislature will probably be Republican for the first time in many years. In fact, there is not a leg left for the Democratic party to stand upon, though this has long been considered one of the safest Democratic states in the Union.

OHIO.

Cincinnati, Nov. 5.—One hundred and ninety-five precincts outside of Cincinnati have been carried by the Republicans. The same precincts in 1892 gave McKinley 5,200 and Neal 21,227.

Columbus, Nov. 5.—Chairman Kurtz claims Ohio for himself by 30,000. The Democratic claim that Campbell will carry the state outside of Cincinnati. There are no indications from there. The Republicans claim the state by a large majority and Cincinnati by 5,000.

At 8 o'clock Chairman Kurtz, of the Republican committee, claims that the plurality is equal to that for McKinley in 1892, but the Democratic committee says that the Republican plurality will not be half that of two years ago, although they do not claim the election of Campbell, or a majority of the legislature. They say they have won a victory if the Republican plurality is reduced to its normal size of 30,000.

Since 10 o'clock the Republican state committee claims the plurality for Campbell will exceed that of 30,000 for McKinley in 1892. There are some at headquarters who say the Democrats may show a Republican plurality almost equal to that of last year—17,000—the high-water mark. At the Democratic headquarters the opinion is that the Republicans will make a decisive majority, in the legislature as well as a large plurality on the state ticket. The Republican committee says that this result is due to the same cause as in 1892 and 1894—opposition to President Cleveland's administration and the regular party.

The same financial plank, the silver question was not an issue in the campaign. The tariff was the only national issue between the parties. The Populists cast about 40,000 votes; the Prohibition party about 20,000, and the Socialists about 2,000. Neither the third, fourth, or fifth parties, nor the A. P. A. affect the result. The contest was between the Republicans and Democrats on the tariff and state issues.

IOWA.

Des Moines, Nov. 5.—Thirty-five precincts in Iowa give Drake (Rep.) 35,812; and Babb (Dem.) 21,812. The Republican gain of 87 over 1893.

Fifty precincts in Iowa give Drake 50,312; and Babb 29,282.

Reports from various parts of the state indicate a very tight vote. The Democratic state committee says: "We claim the state in very close and believe Babb will be elected."

The Republican gains over two years ago give Drake, Republican, for governor, a plurality of over 30,000 if the present returns are correct. The Populists will make large gains all over the state, making their total vote 50,000, the largest ever polled in the state. The Populists have a very special loss; the losses to the Populists being almost uniformly with the Democrats.

Des Moines, Nov. 5.—The Democrats concede the election of Drake for governor by 40,000.

At midnight the Republicans claim the state by 40,000. The Populists have 216 out of 150 members of the legislature, leaving the re-election of Senator Allison.

KENTUCKY.

Louisville, Nov. 5.—Never before has there been such interest in an election. The vote is heavy. The Republicans are hopeful. The Democrats concede nothing. There has been a very feeling all day between the A. P. A. and Catholics in the fourth ward. A pitched battle occurred between the elements. Twenty shots were exchanged. Jacob Emhart, an A. P. A. man, was seriously wounded.

There is a death of news at the headquarters of the Democrats and Republicans. The Republican state committee was favorably impressed with the returns from the interior. He said a continuation of these reports would indicate the election of Hardin, Democrat.

Lexington, Nov. 5.—The Evening Post (Dem.) says that the state is in doubt. The official vote for governor of New Jersey by Governor, 1,223 plurality.

Up to a late hour the election is in doubt, though the returns favor the Democrats.

NEW JERSEY.

New York, Nov. 5.—The Tribune says the Republicans will carry New Jersey by 20,000 majority.

The New York Press says: "Grippe, the Republican candidate for governor of New Jersey, has carried Essex county by 1,000."

Trenton, N. J., Nov. 5.—The contest is being fought on party lines. The Republicans claim the state by 10,000, and the Democrats claim it by from 1,000 to 5,000. At midnight both parties claim the state but returns are favorable to the Republicans. The chairman of the Mayor county Democratic club concedes the state to the Republicans by from 10,000 to 15,000. The legislature is surely Republican.

The official vote for governor of New Jersey by Governor, 1,223 plurality; 7,000; Getzys plurality, 20,822.

MISSISSIPPI.

Jackson, Miss., Nov. 5.—The campaign just closed was on the free silver question as against the gold standard and the admission of a new territory for the free silverites. The Democratic majority will be an estimated 10,000.

NEBRASKA.

Omaha, Nov. 5.—At 11:30 returns have begun to come in slowly from the state. The leading feature of the returns is the difference between the vote for Maloney, the administration Democratic candidate for the supreme court, and Phelps, the silver Democrat, showing enormous gains
