EXCLUSIVE TELEGRAPHIC PRESS REPORT.

VOL. XLIV.

ASTORIA, OREGON, THURSDAY MORNING, NOVEMBER 7, 1895.

NO. 252.

Can You Tell Why?

Says a man to me yesterday, when showing me a suit that he said he "was faked in buying elsewhere and paying more than they can be bought for at regular prices." especially when he had bought suits of me that gave entire satisfaction, and he liked my "style of doing business, strictly one price and throwing in nothing," while selling Men's or Boy's Clothing, Furnishing Goods, Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Mackintoshes, Etc.

I. L. OSGOOD,

The One Price Clothier, Hatter and Furnisher.

606 and 608 COMMERCIAL STREET, ASTORIA, OR.

ASTORIA PUBLIC LIBRARY!

They Lack Life

There are twines sold to fishermen on the Columbia river that stand in the same relationship to Marshall's Twine as a wooden image does to the human being—they lack strength—life—evenness—and lasting qualities. Don't fool yourself into the belief that other twines besides Marshall's will do "just as well." They won't. They cannot.

Everybody was there, that is to say, every Republican who could get there, and as Astoria has more Republicans today than she ever had before, the hall was filled. The meeting was the result of the call signed by the presidents of all the Republican Clubs for the purpose of considering the nomination of delegates to be voted for by the party today. All the organizations were well represented, and most of the prominent business men of the city were present.

Mr. John Hahn was unanimously elected chairman of the meeting, and he lost no time in getting down to business. The Republican party of Astoria, he said, constituted about four-fifths of the citizens, and their property certainly exceeded four-fifths of the total valuation. This being the case he was anxious to know why the Republicans handed solely together, and working for the ultimate good of the city, weren't three-fifths more of a Citizens' Party than any little clique of Democrats and scattering politicians who might be called themselves by that name. As nobody attempted to solve this simple arithmetical problem, the chairman went on to remark that after taking four-fifths from five-fifths, what was left wasn't worth the trouble of counting anyhow, a sentiment of which the meeting proceeded to show its hearty approval by several rounds of applause. Mr. Hahn then explained the object of the meeting—the selection of delegates to nominate a good clean, honest Republican ticket for the coming municipal campaign. He expressed the hope that whatever was decided at the meeting fit to take up the duties and had no doubt that, were this course adopted, the choice would fall on men in every way worthy of the trust.

The residents of the three wards were then segregated to enable them to make a choice of their own candidates, and the deliberations didn't last longer than half an hour. A large number of gentlemen were nominated in all the wards, but owing to the excellent method employed it took a very short time to arrive at the result. The following delegates were selected to compose the ticket to be voted on today:

- FIRST WARD.**
WILLIAM H. HOBBSON.
W. CLINTON.
H. B. FERGUSON.
HARRY WHERIDY.
A. C. FISHER.
ALBERT DUNBAR.

Judge Gray, immediately after the announcement of the result, moved that every Republican present ratify the nominations by raising his fist.

Hon. C. W. Fulton, in seconding the motion, said: "I would like to add to this resolution the injunction that every Republican present get out and work for the election of these delegates who have been nominated here tonight and who for the men whom they will nominate for city offices next month. This is a time for Republicans to band together and be glad. We have everything to encourage us, and nothing to discourage us. All we are asked to do is to vote, and it is our duty to do so. We want our party to be the foremost in city, state and national affairs. The people of the United States are not after this change without a reason. They see the necessity for putting Republicans in power and Republican principles on guard, once more and keeping them there. There is no question but that our next president is going to be a rock-ribbed Republican, and don't you forget it." (loud applause.) "I want to see the Republicans of Astoria and Clatsop county get together. I want to see them drop all party factional differences, and beyond all, I want to see the young men of our party come forward and infuse new life into our local party interests. Clatsop is beyond all question a Republican county. Astoria is an overwhelmingly Republican city. There is no reason why every office that exists there should not be filled by Republicans. And why not? If our party principles are worth fighting for, are worth upholding, then those principles are worth putting into practical effect. There are people who pretend to hold up their hands against party politics in city government. Those people have a wrong conception of things. Pure party politics, urged on and carried to the front by men with a fixed and determined policy of honest government, is something that this city and every city stands in need of today. The time has come when we should awaken to the knowledge that our combined strength can carry us to any victory we have a desire to win. No combination, no tickery, or false representation can stand against us. Let us carry Republican principles to the front; let us have party disputes, and let every citizen here to-night without a dissenting voice get out and work for the success of his brother, or his friend, or his relation, but of his party. We are going to do it, too. We are going to ratify the nominations of the convention, no matter who gets there. Let our main thought be to allow Republicans to get there, and let our representatives be fit and worthy to bear the banner to victory. We are going to do this at the coming election, and we are going to give Astoria the best government she ever had." (Cheers.)

The motion was carried by acclamation without a dissenting voice, and the meeting then adjourned.

READY FOR THE RACE

Republican Rally Last Night a Grand Success.

ALL WAS HARMONY

The List of Delegates is a Splendid Selection of Some of the Party's Best Material.

The Republican Citizens of Astoria got together last night in the court house and talked over the situation. Incidentally they held a love feast and did a whole lot of solid business.

Everybody was there, that is to say, every Republican who could get there, and as Astoria has more Republicans today than she ever had before, the hall was filled. The meeting was the result of the call signed by the presidents of all the Republican Clubs for the purpose of considering the nomination of delegates to be voted for by the party today. THE THREE DEEDS

Which Started the Ball to Rolling Yesterday.

R. L. Boyle & Co. Effect Important Transfers of Real Estate Which Bear on Future Business.

That matters have taken a turn in Astoria for the better, and decidedly on the lines of a sharp advance in values of real estate, resultant from a rapidly increased growth in business and population, is evidenced by the several large real estate deals made yesterday.

R. L. Boyle & Co., the active real estate agents of Astoria, late yesterday evening, closed the papers in three large transactions which will have a considerable bearing on the immediate future of the city.

The first transaction was the sale to J. O. HANTHORN of Lots 5 and 10, in Block 58, just across the street from Herman Wise's store on Bond street. The consideration paid was \$19,000. In conversation with Mr. Hantorn last night he confirmed the statement of the purchase made by him and in answer to the question as to what he intended to do with the property, he stated that it was more than likely that by spring time brick and mortar would largely be in evidence on that block. In fact it is safe to say that a handsome brick block will soon be under construction in the center of the city.

D. K. WARREN purchased Lot 10, in Block 58, on Commercial street near Cooper's store for \$7,000. A splendid building will be commenced at once by D. K. Warren, which when completed will be occupied by Ross, Higgins & Co., the advertising prospect. This is one of the most progressive houses in the city—in fact on the coast—and it goes without saying that when they open their new building it will be second to none.

Lot 4, in Block 10, now occupied by Chas. Wirkkala as a saloon, was sold to August Erickson, the Portland saloon man. Within thirty days Mr. Erickson will begin the erection of a first class 22x35 foot three-story business block on this well known corner. The ground floor will be occupied by himself as a concert hall and refined resort. It will be known as the Halbbraun Concert Hall, and will face on the corner of Astor and 7th streets. The floor of the main hall will be marble tile and the entire building will be finished in hard wood, finely carved.

Mr. Erickson says that no money will be spared to make this one of the finest palaces in the Northwest and when completed will cost about \$14,000. The upper floor will be finished as a hall to be used by the various societies as an assembly room.

Mr. Erickson's architect was here a day or two ago and is now drawing the plans for the building. The construction will be done by Astoria mechanics and all lumber and material, so far as possible, will be purchased in Astoria. It will take about three months to complete the building.

WEDDING IN HIGH LIFE

Special to the Astorian.
New York, Nov. 6.—The Duke of Marlborough and Miss Constance Vanderbilt were married today at St. Thomas church.

KENTUCKY VICTORY

Is Complete and Col. Bradley Urged for the Presidency.

UTAH IS SAFE THROUGHOUT

Algeld Says "It is Bad Form for a Corpse to Talk Back While a Wake is in Progress."

Louisville, Nov. 6.—The Republican claims and Democratic concessions show tonight that not only has Kentucky elected the full Republican state ticket, but that the complexion of the legislature insures a Republican successor to Senator Blackburn. State Auditor Norman, the Democratic campaign chairman, in a statement to the Commercial, said that Blackburn's defeat was assured.

"The Republicans with the help of the Populists, will control the legislature," he said, "and Blackburn is sure to be defeated. Kentucky is now a Republican state. The people wanted a change and they took it, the Republicans being aided by the Populists and the A. P. A. No Democrat could have carried Kentucky at this election, not even Carlisle.

Col. W. O. Bradley, who yesterday carried Kentucky for the Republicans in the gubernatorial election, will be the choice of his state for the presidency, and his friends claim that he will have the support of the Southern Republicans. It is significant that the friends of Governor Morton, as well as the political champions of Governor McKinley, have all been in constant correspondence with the friends of Col. Bradley, and have urged them to push his claims for the second place on the ticket. Col. Bradley has heretofore refused to discuss the matter, but tonight, it is announced by Walter Forster, secretary of Col. Bradley's campaign committee, and managing editor of the Commercial, the Republican organ of the state, that Col. Bradley's claims for national recognition will be urged at the national convention.

The friends of Governor Morton are urging the Bradley people to support a New York man on the ground that the geographical positions of New York and Kentucky would render Governor Morton's nomination for president almost definitely in favor of Bradley's nomination for vice-president. On the other hand the McKinley men are arguing that McKinley and Bradley would make the strongest ticket that could be put up because of the personal magnetism of the men and the prestige they enjoy of having won many gallant victories.

LAKE NAVIGATION

Will Remain Open This Season Longer Than Usual.

The Exceptional Fine Weather Will Affect Shippers a Continuance of Cheap Freight Rates.

It will be interesting to shippers to note the following from an Eastern paper in regard to lake navigation which will affect transcontinental freight.

Lake navigation will continue until December 1, or thereafter. In fact, it would not be a great surprise to see some lines pay the heavy premiums on marine insurance after the season closes, since the demand of traffic is so great and general rates so high. Such a steady stream of vessels pass through the government locks at the "Ho" that a channel is likely to be kept open till an unusually late date. Yesterday the freight officials of the Great Northern distributed the following circular agent this subject, which implies that the last steamer from Duluth, as on other lines, will leave about November 30.

We are advised that the Northern Steamship Company will discontinue receiving coal and lake shipments at New York and Philadelphia at close of business on Saturday, November 10, 1895.

Rail and lake shipments at Boston and New England points at close of business on Saturday, November 9.

Rail and lake shipments at Pittsburg, Cincinnati and Mahoning Valley points at close of business on Saturday, November 14.

It is now expected that the last sailings from Buffalo will be on Saturday, November 23, and from Cleveland November 25. All freight must be in Buffalo and ready for delivery to steamships of company not later than Friday, November 22, and in Cleveland Saturday, November 23.

RESULTS OF THE FIGHT

Stabbed at an Election Brawl in New York.

New York, Nov. 6.—John E. McGoldrick, clerk of the supreme court and secretary of Tammany Hall, is lying in a dangerous state at his home, the result of a stab wound received in an election wrangle yesterday. Although the affair is said to have occurred at 4 o'clock yesterday afternoon, no report was made of it and the first intimation of it was had when Williams Dowling, a bartender, was arraigned in the Jefferson market police court today charged with having stabbed McGoldrick. The patrolman who had Dowling in charge would say little about the case and even tried to belittle it to the magistrate.

NEBRASKA

Omaha, Nov. 6.—The returns show the election of Norval (Rep.) by a safe plurality. The vote of the administration, or sound money wing, of the Democratic party, is four-fifths of the entire vote of the state, probably 55,000, and is a very surprising feature of the election.

The silver element of the Democratic party is urging that the entire machinery of the federal government in the state be used in securing votes for Mahony, a sound money candidate. Mahony's personal popularity contributed largely to his success.

The great fight in the party was for the

CLEVELAND'S VIEWS

Expresses Regret at Campbell's Defeat in Ohio.

Chicago, Nov. 6.—A Daily News Washington special says:

President Cleveland is charging none of the results of yesterday's election to his administration. On the contrary he is taking a quiet smile over certain features of the returns. Senator Gorman declares that President Cleveland's personal followers contributed to the success of Lovvies. The administration Democrats appear to be willing to assume the responsibility as another achievement for return. There seems to be no doubt that they expected and desired the defeat of the Gorman ticket. The president and every member of his cabinet took deep interest in the cause of Campbell, of Ohio, and express regret at his defeat. The helpless condition presented by the Kentucky Democracy is remarked as a rebuke to the free silver Democrats.

TO THE COURTS

Brooklyn, Nov. 6.—It now looks as if the majority contest would be transferred to the courts. Groat refuses to concede the election of Wurster, and regular campaign Democratic committee has retained counsel to look after Groat's interests.

KANSAS

Topika, Nov. 6.—The latest returns received today from all parts of Kansas show large gains for the Republicans. Many counties that have been Populist for four years elected all the Republican candidates. Judge Martin will be overwhelmingly elected chief justice of the supreme court.

DETROIT

Explosion of Boilers in Detroit Causes Many Deaths.

Evening Journal Building Scene of the Slaughter—Many People Missing Who are Supposed to be Among the Victims.

Detroit, Nov. 6.—A gaping rent nearly 40 feet wide from the top to the bottom of a five story business block; a dozen dead bodies recovered; a score of persons injured, and more than that number missing, with a certainty that many more bodies are beneath the ruins, such are the results of an explosion which started the city today and totally wrecked about a third of the building at the corner of Larned and Shady streets, occupied by the Evening Journal and several other tenants.

At 9 o'clock this morning the whole neighborhood was terrified by a fearful shock caused by the explosion of the boilers in the basement of the Journal building. Plate glass windows across the street and some of those farther away were shattered by the concussion and several persons were cut by falling glass. At the same instant the five floors and roof of that section of the building collapsed and fell to the basement, carrying with it at least fifty persons who had not the slightest warning of their danger. A cloud of dust which blinded the eyes of the amazed spectators of the horror was quickly succeeded by the smoke of the fire which started in the ruins.

The work of rescue was rushed to the utmost all day and tonight but little progress has been made as the work is necessarily slow. The dead thus far taken from the ruins are:

Lizzie Tapley, Henry Walsh, John J. Rieuter, George H. Soble, George Shaw, Willie Hayes, James Ross, Wm. Dunlap, Henry Lariviere, Carrie Bauer, an unknown boy's remains were found in the ruins, the features unrecognizable, supposed to be John Bowman. A number of the injured will die.

Some thirty tenants and employes in the building are still missing and there can be no doubt that most of these are under the debris, dead.

CASHIER ARRESTED

Tacoma, Nov. 6.—Cashier W. F. Peters, of the failed Columbia National Bank, was arrested this afternoon on a warrant sworn out by Bank Examiner Charles Cleary. It charges him with making a false entry in the individual deposit ledger on October 4, thereby crediting the city treasurer with a special deposit of \$10,000, when in fact, no such deposit was made. It is alleged that his object was to deceive the comptroller of the currency as to the bank's condition.
