## CARLISLE BELIEVES

### Result of Kentucky Election Speaks for Itself.

### COLONEL SAM GAINS SPEAKS

Bradley a Good Man but Would Have Fallen Short but for Hardin and Blackburn's Mistakes.

Chicago, Nov. 7.—The Daily News Washington special says:

Secretary Canine returned from Kentucky this morning. He promptly gave orders to his acting secretary to say to newspaper correspondents that he declined to be interviewed on the result in Kentucky. Mr. Carlisle believes the result speaks for itself, and carries a political moral with it. Colonel Sam Gaudaur, chief of mail in the treasury department, who went home to vote and returned with the secretary, said: "Colonel Bradley is a good man. I was clerk of the court of appeals of Kentucky for many years and Colonel Bradley practiced before the court. His ability and popularity have not been overestimated. But with these points in his favor he would have been 5,000 votes short of election had Hardin and Blackburn not chosen to overdo the expressed will of the Democratic party.

"Kentucky Democrats were with free silver and made their position clear in the platform, and when Hardin and Blackburn went into the campaign and deliberately had a revolt against the party platform, they met the defeat they deserved. Prominent Democrats told me that they had been compelled to get rid of Blackburn and Hardin, and that those irritating features were promptly brushed aside by Democrats. If Hardin and Blackburn had acquiesced in the platform and simply omitted the silver issue from their spheres both would have been elected."

### ANOTHER CHANCE.

That the Corbett-Pharmacia Mill Will Come Off.

Dallas, Tex., Nov. 7.—After the bill in the public sentiment for a few days matters have taken a fresh start. Said Sam Stuart tonight:

"I leave for El Paso in the morning, and think the place and time for Corbett's return to fight will be found and fixed between now and Sunday. I am making this move individually."

### AMBASSADOR BAYARD.

Protection Styled as "State Socialism."

Edinburg, Nov. 7.—United States Ambassador Hon. Thomas E. Bayard, delivered the inaugural address this evening to the Philosophical Society. It was entitled "Individual Liberty, the germ of national progress and permanency."

The paper read by Mr. Bayard was a scholarly and patriotic address in which the institutions of the United States were glorified. The most striking passages were those in which he denounced socialism and protection. During his remarks he said:

"In my country I have witnessed the insatiable growth of that form of state socialism styled 'protection,' which I believe has done more to foster class legislation and create inequality of fortune, corrupt public life, banish men of independent means and character from public councils, than any public concern and place politics upon the low level of mercenary scramble than any other single cause."

### PROM UTAH.

Excitement Dying Out—Exact Figures Not Yet In.

Salt Lake, Nov. 7.—Political excitement is dying out and normal conditions again prevail. Little interest was taken in the result today, the result having been so far determined that there is no question, except for some minor offices.

In the Third Judicial District, including Salt Lake City, the Democrats elected two of the five judges, with chances about even on the third. Vanocot (Dean) for superintendent of schools in Salt Lake County was elected by 100 majority. Three supreme court judges on the Republican ticket received the same plurality as the governor.

The vote, so far as a county, returned have been received from the legislative ticket. Nothing more definite will be known as to the state until the final count. There is no law saying when the official canvass shall be made.

### OHIO RETURNS.

Columbus, Nov. 7.—The Republican state committee tonight figures the Republican plurality for governor at 85,767. The Democrats carried 56 of the 95 counties in the state.

### DECLARES FOR MCKINLEY.

Lexington, Nov. 7.—The Leader, the Republican paper in Kentucky, always a stalwart supporter of Governor McKinley for the presidency, today declared for McKinley for president and Governor-elect Bradley for vice-president.

### WHAT ENGLAND SAYS.

London, Nov. 7.—The Globe this afternoon, commenting upon the recent elections in the United States, says: "The support of the Democratic party is likely to arise before the presidential year which will bring the Democrats back to power, so far as our relations with the United States are concerned, the issue is of exceedingly little importance."

## TEXAS REGATTA FINISHED.

### Gaudaur Still the Champion—English Win the Four Oared.

Austin, Tex., Nov. 7.—Jake Gaudaur is still the champion of the aquatic world. The contest was over a mile and a half course and the trophies were the championship Richard K. Fox challenge cup and a purse of \$100.

The starters were Bubar and Haines, of England, and Jake Gaudaur and Raas, Rogers, of America. Before the quarter flag was reached on the upper course Haines quit the race and Bubar also dropped out ten boat lengths below the mile and a half flag, leaving Gaudaur and Rogers to finish the race. Gaudaur won with a five boat length lead, and came down the course under an easy 31 stroke and won the race in 29:59.

The great four-oared race followed the single scull. This race was over a mile and a half course with a turn, three miles, for the championship of the world and a purse of \$150.

The starters were Bubar, Barry, Haines and Wingate, for England, and Tomer, Rogers, Charley and Jake Gaudaur for America. The English crew won by three lengths. Time, 17:29. The winning of this race by the English crew records them all of the important laurels at this regatta. This concludes the regatta.

### WY LOSE ALABAMA.

Democrats Will Probably Drop the Free Silver Question.

Birmingham, Ala., Nov. 7.—A conference will be held here tomorrow night between Senators Morgan and Push and the free silver members of the Alabama congressional delegation to determine whether or not they will continue the prosecution of the free silver campaign inaugurated inside the Democratic party in this state. Leading Democrats are seriously considering the advisability of stopping all discussion inside the party of the currency and turning their attention to routing the Democratic party for the coming contest. It is feared that further agitation of silver inside the party might bring on a pronounced split and the loss of the state to the Democrats.

### COLD WATER.

Was the Cause of the Detroit Explosion.

Detroit, Nov. 7.—The work of rescuing the bodies of the victims of Wednesday's explosion in the Journal building went on steadily all day and tonight. The list of missing about, correspondents with the dead bodies taken out.

Over thirty dead bodies have now been taken out and identified, but the number of the dead will approximate forty. To-day's developments demonstrate that the most serious care of the boilers was the cause of the accident. Official inspectors and competent engineers examined portions of the wrecked boilers today and pronounced the cause as low water, causing a super-heated condition of the flues, which was followed by a dangerous injection of cold water.

## TO STAND TOGETHER

### Chicago Railroads Will Stay With Mr. Hill.

So Far as Possible Will Help Defeat the Threatened Strike on Great Northern.

Chicago, Nov. 7.—All railroads having headquarters in Chicago have given positive assurances to President Hill, of the Great Northern, that as far as lies in their power they will co-operate with him in defeating the A. B. H. strike now threatened on the road. This support of the Great Northern is the outgrowth of a plan pursued by the general managers of Chicago when they were dealing with the strike of last year. Mr. Hill has engaged a detective agency to furnish him armed guards and has advised the Chicago railroad managers that his road would employ any railroad man out of work who have not committed an act of violence in Chicago or elsewhere against the roads during the strike of 1894.

### OLD ERIE.

In Again Sold Out to the Reorganizers.

Cleveland, Nov. 7.—An evening paper says: "In Ramapo, N. Y., a stupendous railway transaction was effected yesterday. The vast Erie system was sold to C. H. Carter, Louis A. Fitzgerald, and Anthony J. Thomas, the reorganization committee, for \$20,000,000 over and above the bonded indebtedness of the road. For many months the Erie has but managed to struggle along under a debt of nearly \$20,000,000. Reasonably loaded, it would be a money maker."

### THE MARKETS.

New York, Nov. 7.—Hope—Steady. Liverpool, Nov. 7.—Wheat—Spot, quiet; demand poor; No. 2 red winter, 65 1/2; No. 2 red spring and No. 1 hard Manitoba stocks exhausted; No. 1 California, 54 1/2; London, Nov. 7.—Rugs—Undispatched. Portland, Nov. 7.—Wheat—Valley, Sic; Walls, Walls, 5c.

## WOMAN SUFFRAGE

### Once More Fails to Carry in Massachusetts.

### NINETY PER CENT. DO NOT VOTE

The Cause Secured 107,000 Votes, but Municipal Suffrage for Women Defeated by 77,000.

New York, Nov. 7.—A special from Boston says:

The majority against municipal suffrage for women was 77,000. The suffragists, represented by Dr. Henry B. Blackwell, say they are much encouraged by this result, considering the small amount of money they could use and the short time for their work.

The "Yes" vote of 107,000 reveals to tens of thousands of new friends, they say, and they will begin at once the organization of new clubs to carry on the agitation and to secure municipal suffrage from legislators.

On the other hand, the managers of the man suffrage association are particularly pleased with the majority of 77,000. It is estimated that at least 15,000 votes were cast by women for suffrage. This would leave an adverse masculine majority of over 90,000, besides the demonstration that about 90 per cent of the women, taking the state through, do not care for a vote at all.

It is recalled that the prohibitory constitutional amendment was defeated in 1882 by 40,000 and the effect has been to prevent further agitation on that line.

### ANOTHER CAMP.

Railroad Work Being Pushed Rapidly.

The work of construction on the railroad east of Tongue Point is being pushed forward rapidly, and Contractor Cory is determined to do all that can be done this winter.

Yesterday morning at 9:30 the steamer O. K. took a large amount of camp outfit, tools and supplies to Burnside Point, together with about 30 men, who established another camp of workmen on another section under the construction of the Outer arm will be added to this camp in the near future and will be engaged all winter on heavy rock work.

Mr. Corey yesterday brought down from the Lewis and Clark, on the steamer Rich, tons of the old tools, harness and outfit formerly used on the Nehalem road and piled them up in the rear of his office in the Welch block. Whatever can be made fit for use in the new work will be utilized. Much of it is practically useless from long exposure.

### BUILDING NOTES.

Another Lot of Deeds Were Filed Yesterday for Record.

In yesterday's mention of the new deals just made the statement should have said that the lot purchased by D. K. Warren was situated on Bond street, adjoining Ross, Higgins & Co.

It is recalled that Charles Wickala will erect a building for himself on the corner of 7th and Bond street.

August Erickson yesterday wired his agents, R. L. Doyle & Co., to dispose of all the houses on the lot he recently purchased on 7th and Astor streets, and have the same removed before December 1st, preparatory to the erection of the building.

### THE WAR CRY.

Give Astoria a Good Lift in Business.

The last issue of that most creditable paper published weekly in New York, by the Salvation Army people, gives Astoria a good lift in business and will no doubt influence many people favorably towards "the city by the sea."

The article referred to was written by Captain James Weston, the leader of the forces in Astoria and describes in a comprehensive manner her large fishing industries and various manufactures, giving complete statistics of production and contains four splendid views. One picture is of the city looking east toward Tongue Point, another is a sea view, a third the army hall, and the fourth the custom house.

Astorian also certainly indebted to Capt. Weston for his good services.

### BUYERS AND SELLERS.

The following transfers of real estate were filed for record in the county recorder's office yesterday:

J. O. Hanthorn and wife to August Erickson, undivided one-half of lot 4, block 11, McClure's addition, 7.00
