MOTHERS, Do You Know that Paregorie, Sateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do Von Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotles without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed? Do Vou Know that Castoria is a purely vegetable preparation, and that a list of

its ingredients is published with every bottle? Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher.

That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined? DO YOU Know that the Patent Office Department of the United States, and of

other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense? Do You Know that one of the reasons for granting this government protection

was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 35

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts,
