The following verses are respectfully dedicated by the Astorian to the two remaining members of the great Citizens' party who do not seem to be anxious to raise even a body guard to form a decent funeral procession.

CO, it's safe to be a Daniel When the people are agreed That the very thing you argue for Is just the thing they need;

You may safely be a Daniel— You'll be always understood.

You may dare to be a Daniel When you're figured out the chance, And the people like the music And will join you in the dance;

But if anybody's knees begin To weaken in the play, Then lay aside the fiddle Till a favorable day.

It will do to be a Daniel When they have a Daniel's band, And the street is full of Danies And they're crowding on the stand;

And the drums beat up for Daniel And the horns blow off your hat— Go, a cat could be a Daniel, too, At such a time as that.

THE COUNTY CLERK'S REASONS.

A communication published in an evening paper on Tuesday night and signed by "A. Bergman," enclosed a letter which the writer states was refused publication in the Astorian.

The county clerk, in refusing permission to this man to examine the records of the county court, did so only after repeated and unsuccessful attempts to find out what he wanted with them.

Children Cry for Pitcher's Castoria. ECONOMY IN FUEL.

The Eureka Fuel Economist is a scientific preparation which augments the intensity of coal and wood heat in the proportion of two to one.

The Eureka Fuel Economist prevents the Eureka burner from burning any kind of gas which might destroy the breakable air; apartments and factories in which it is used are consequently more healthy and comfortable.

The Eureka Fuel Economist produces a heat more soft and more concentrated; when a normal heat is wanted, the ventilation must be partly stopped and, again, an economy in fuel is to be relied upon.

We guarantee that our preparation produces no injurious effect on the health, and does not affect in any way stoves, ranges, and grates, etc.

Large consumers can obtain the product, which we do not hesitate in terming "miraculous," at much more reduced prices.

Each package bears, with very explicit directions, our trade mark, representing four hands crossed together above a lion with this motto: "In union there is strength."

We receive too frequently applications for samples, and it is with regret that we are compelled to refuse the sending of the same.

OLD PEOPLE.

Old people who require medicine to regulate the bowels and kidneys will find the cure ready at hand. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative.

Editor MERRILL writes a statue of Ben Franklin to be erected in Chicago, and Editor KOBUSANT comes forward with the suggestion that the statue—presented to the city of Astoria, as the Chinese government is practically helpless to quell the insurrection, and it is by no means impossible that the latter may prove ultimately to be of greater extent than now appears.

"Old Friend" writes to us that "if Corbett had made a few Hot Springs in the direction of Fitzsimmons the latter would have felt justified in hurling a Little Rock at him."

We see no reason to change our opinion that professional pugilism is one of the most demoralizing things on earth.

The St. Paul Pioneer Press of last Friday says: "Turkey has no friends. Even Greece has spoken for her share of the spoils."

Turkey's goose is cooked in Greece, as it were.
