Winter is coming!

Indeed, some of our great scientific men assert that the approaching winter will be one of the severest on record.

The wister is always dangerous, although too many people forget this important fact. The mindest winter causes more deadles than the hottest summer. It has almost become a proverb that "cold weather kills." And why does it

Because so many people are in no con dition to pass through a severe winter. The complain of tired feelings, they suf-fer from billousness, pains near the heart, headaches, backaches, and seem to lack their customary energy. Cold weather, instead of bracing them up, only makes them feel languid, irritable, nervous and

We want to thank the people of Astoria for the courtesies they have shown us people who feel like this are running some very grave risks. The chances are that possibly 50 per cent of the people who suffer from the effects of approaching winter will never see its end unless they exercise the greatest care.

but there is a way to avoid these dangers. By building up the system, restoring healthy action to the liver and kkineys, freeing the blood from impurities and regaining renewed strength, the per is of winter can be safely encountered. To do this a suitable remedy must be taken, and there is nothing for the purpose that can be compared with Warner's Safe Cure, because its effects are immediate our control of the co who know from experience that it can al-ways be depended upon. If you are suf-fering from any of the symptoms that denote weakness you need to regain bealth, and Warner's Safe Cure will speedily help you to regain it.
