factures, also some very handsome cut glass bottles filled for holiday presents. In fact I carry everything generally found in a first-class drug store and at the lowest prices. I would like every one to call and examine these goods, whether you want to buy or not. We will take great pleasure in showing them.

Mayor Kinney, who is in communication with eastern cities, is commenting on the purchase of the rails for the Gebble road, which will be shipped around the Horn, says that when Mr. Hammond arrested, which he thinks will be soon after the holidays, that things will begin to hum and the ball will start to roll, but that prices of real estate will not be high, which some people expect, because all other prices are low. Wages are low and as it is the investments of wage earners which count, it cannot be expected that boom prices can be maintained. "We do not want a boom, but a steady growth on a legitimate business basis."

Another suicide. Russian Annie Took Carbolic Acid with Fatal Results. Just as the Astorian was going to press yesterday morning, word was received that Russian Annie, one of the characters at her place of abode, 69 Eighth street, it seems that she has attempted to take her life several times and this time she attempted to succeed. Like most of these cases there was a man mixed up in it, and at the time of the tragedy the woman was under the influence of liquor. She drank a large quantity of carbolic acid, purchased for the purpose, and despite the efforts of Drs. Strickler and Bennett she died about 9 o'clock yesterday morning.

The woman was about 35 years of age, and was formerly Mrs. John Lind, previous to her starting to support John Schultz. She was a native of Finland and had resided in Astoria for a number of years. Her life had been irretrievably ruined by her infatuation for Schultz and she realized it and it was too great a burden for her mind to carry and her repeated attempts to end her existence were finally successful. Coroner Pohl held an inquest yesterday afternoon and a jury returned a verdict of suicide by carbolic acid poisoning.

His husband, who is now living in Portland, where he conducts a clothing store. He has been notified of her death and will probably make arrangements for her interment.

NOVEMBER WEATHER. Mild Temperature and Moderate Rainfall—Oregon Herself Again.
