CASTORIA

for Infants and Children.

MOTHERS, Do You KNOW that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and

most remedies for children are composed of opium or morphine? Do You Know that oplum and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narectics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts,

> The remains of John Wallace, cock of night and was drowned, were recovered this morning, says the Tacoma Ledger. The body was found floating under the Cocan wharf. Wallace was about 50 veurs old and a native of Worcestershire, England. He spent much of his life in America. He had been with the Eaton Wall six months. The coroner decided to hold no investigation as to the cause f the death. It was sufficiently evident that the deceased met his death accidentally. The fact that the body was floating this morning is proof that the man must have been killed by the fall as a drowned men remains under the water at least nine days.

The Hogulam Washingtonian says of the new pilot boat being built there in the Washington pilots for use at the mouth of this river: "The new pilot schooner begins to look like a boot. But her unusual appearance is a matter of comment by all. She is formed especially for speed and short turning. It is said she is so round on the bottom as to be able almost to turn in her own length.
