CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregurle, Saleman's Drops, Godfrey's Cordial, many so-called toothing styrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphise are stopefying narcotic polama?

Do You Essew that in most countries drugglats are not permitted to sell nercotles

Do You Know that you should not permit any medicine to be given your child

unless you or your physician know of what it is composed? Do You Know that Castoria is a purely vegetable preparation, and that a flat of

its ingredients is published with every bottle? Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher

That it has been in use for nearly thirty years, and that more Custoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of stries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense? Do Von Know that one of the reasons for granting this government protection

was because Castoria had been proven to be absolutely harmless ? Do You Know that 33 average doses of Castoria are furnished for 35

cests, or one cent a duse? Do You Know that when possessed of this perfect preparation, your children may

be kept well, and that you may have unbroken rest? Well, these things are worth knowing. They are facts,
