### GOLD AND SILVER.

An Astoria Merchant Suggests a Remedy.

Astoria, Oregon, January 10, 1906. The Honoradble Nelson Dingley, Jr., Chairman Committee on Ways and Means, Washington, D. C.—
Dear Sir: It is becoming evident that the senate will reject your bonn bill as passed through the house and in lieu of it I would suggest the following: Issue 180,000,000 worth of hotes in exchange of about six of the best gold mines in America and about the same number of silver mines; keep a large number of men steadily employed in these mines at good wages and store the product in the United States mints ready for any call from whatever quarter; such a bill ought to receive the unanimeus support of gold and silver men because no bond holder and silver men because no bond holder would want the coin, when they know that there was an almost unlimited amount available; the silver mine owners would cease clamoring for free sliver if Uncle Sam bought their nines and labor would be employed, because there would be plenty of coin available for all manu be plenty of celn available for all manufacturing enterprises; as it is all is uncertainty, and I find myself compelled to sacrince all of my men's suits at \$5.00 when most of them should bring from \$15 to \$20 a piece; it is the same, with our furnishing goods, children's clothing rukker mackintoshes, hats, trunks, and everything. A high tariff may have its beneficial features from your point of view, but what we want now is a settlement of the financial question.

THIS IS a serious question for you to consider, because this is a dangerous time of the year. Wintry weather is a severe strain on the system, and alarming results are very

apt to follow a sudden cold or chill.

ARE YOU experiencing any symptoms which show there is a weak spot in your system? Do you feel weak and shivery in these cold winter days? Do you have pains in the back, headaches, stomach troubles, dizziness, loss of appetite? Are you a sufferer from constipation, biliousness, restlessness, and many other miserable feelings caused by de-

rangements of the liver and kidneys? IF YOU are feeling like this, and realize that your system lacks tone and strength, remember that you cannot expect to get well without the aid of a reliable remedy. Something is needed to arouse nature by stimulating the great organs of the body-arousing the circulation and renewing the vital powers. For this purpose nothing has ever equaled Warner's Safe Cure, the great restorer and healthgiver. Its effects are immediate and lasting. It speedily puts the liver and kidneys in good order, purifies and enriches the blood, and drives out every dangerous germ of disease that lurks in the system. There is nothing like it for building up the strength and regulating the digestive organs. It is not an experiment, but a standard remeds, indersed by the world's greatest physicians. No other remedy has ever received such an enormous number of testimonials from people whom it has made strong and well.
