a beautiful clock; second prize, a silk umbrella. N. B .- Until the evening

reputation his saloon has had since be as-sumed charge years ago. Only the best wines, liquors and clears sold at the bar, a musical concert by the best talent in the city, under the leadership of Profes-sor Schwabe, the well known planist, given nightly. Call around and bring your friends with you.

excitement in real estate is going to be across the Bay R. L. Boyle & Company are selling more lots in Astoria Addition to Warrenton than all other Real estate men put tegether are selling in Astoria.

As soon as he can make arrangements As soon as the can make arrangements with Professor Beggs, Mr. Wise will an-neunce the date of his masquerate ball to his customers, also what presents he will give to the best sustained ladies and gents' characters: in the meantime his special Reduction Sale still goes on.

Although the rain came down in tor-Although the rain came down in tor-rents yesteriary afternoon it did not hinder R. L. Hoyla from walking to Tongue Point and selling a lot in Astoria Addition to Warrenton, When we get a few more such rustlers here in the real estate business Astoria will beom.

Go to Elmory, Sanborn's office and see not interfere, the coping and fencing will their new and handsome twine testing machine. Take along some of the twines be in place this evening. And thus closes another great im-provement in the city that is destined "as good as Marshall's." in your pocket, and teat them. Then see how much more Marshall's will stand. It's money in your pocket and fish in your pet to find out.

to become the greatest harbor on the coast, and one of the finest in the world. With the completion of the railroad it is thought the present superfluous canac The operetta to be given for the benefit of the Rescue Club, "The "airles" (Seca-pade," under the direction of the lades ity will not long be alle. An era of pros-perity is upon 0% and\_already business men speak of the great improvement in

of the institution, promises to be a grand success. The children of the club will take the pairs. This organization, of which Dr. Estres is president, is a means men speak of the great improvement in business. Prominent marchants state that business on January 1 was 50 per cent better than on that date, 1386. The city park proposition is meeting with expressions of approval from all sourcess and it is confidently expected by the citizens of Astoria that this muth-desired place of percention will be one of this of much education for the children, and its benefit should be largely attended.

A telegram to Rev. J. J. Walter from place of recreation will be one of this Mr. F. F. DeVo, of Pekin, Ill., announces that himself and family started for As-toria on January 16. Mr. DeVo's family city's passessions before the end of th are leading society people of Pokin and will make a fine addition to Astoria. Mr Walter seems to be doing his pert tow-ard Astoria's boom. He says he can secure many more equally desirable peo-One of the Kickers" Favors the Site at

ple if accommodations can be found for them when they arrive.

Permit me to jain in the call for a park for Astoria, or two of them for that mat-Jas. O'Connell, of Fourd & Stokes, had a contriversy with a black dog the other day, and it was a question which was the fittest to survive-James tells the the fittest to survive-James tells the story. A sack that did not contain sau-siage, was lowered overheard, but in making its descent an intervening pile took charge of the bundle, and a step indder and an able-bodied man ways seeker can get two magnificent views. I'p the Columbia is a strotch of nearly fifty miles. The view is unobstructed and then, necessary to forward it on its journey to the sea. beyond that, the eternal snow-capped

beyond that, the electral show-capped crest of Mi Si. Helcos, over 100 miles away, would be in plan view. while to the westward the view is undistructed clear out onto the bosom of the grand old Pacific in the foreground would be Astoria, Warrenton, Flavel and the cities that are as yet only on the map of the trail settle agent. Most so-called "salmon twines" are osl-ored with acids. The acids rot the fibre and render the material useless. In the office of Elmore, Sanborn & Co. is an object lesson that ought to be examined by all fishermen. It is the whole of the ma-terial used in the manufacture of Mar-
