Indio

THE CASE OF THE COLORADO DESERT

A New Health Resort

BELOW THE LEVEL OF THE SEA

Absolutely Dry and Pure Tropical Climate

Pronounced by Physicians the most Favorable in America for Sufferers from

Lung Diseases and Rheumatism

Many Remarkable Cures

The objections urged against Indio in the past by the large numbers who otherwise would have fain availed themselves of its wonderful climatic advantages, on account of lack of suitable accommodations, The Southern Pacific Company has taken pleasure in announcing that several

Commodious and Comfortable Cottages

have just been erected at Indio and that will be found to appertain at reasonable rates. They are furnished with modern conveniences, supplied with pure artesian water, and so situated as to give occupants all the advantages to be derived from a more or less protracted residence in this delightful climate.

(From the San Francisco Argonaut.)

In the heart of the great desert of the Colorado, which the Southern Pacific road traverses from E. to W., is situated Indio, which, in our opinion, is the metropolis of the place. We refer to it from personal investigation, that we cordially believe there is no spot on this planet so favorable.

J. C. Stewart, M. D., writes: "In point of the air and the eternal sunshine, for one with weakly and irritable lungs, I have accomplished as much that there remains but little for me to do. As to its possibilities as a health resort, there is the most perfect equipoise, with a temperature at noon pleasant, a perfectly dry and for me an unknown factor, pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place where all others are losing trouble and a paradise for those lungs. Considering the number of sufferers who have been cured, I have no hesitancy in recommending this pearl of gems as the haven of the afflicted."
