CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregorie, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and nost remedics for children are composed of optum or morphise?

Do You Know that oplum and morphine are stopefying narcetic poisons?

Do You Know that in most countries drugglets are not permitted to sell narcotles

Do You Know that you should not permit any medicine to be given your child maless you or your physician know of what it is composed?

Do You Know that Castoria is a purely regetable preparation, and that a list of Ba logredients is published with every bottle?

Do You Know that Casteria is the prescription of the famous Dr. samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do Von Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word 44 Cantoria " and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 25

Do You Know that when possessed of this perfect preparation, your children may he kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts,

Marine Matters, Here, There and Everywhere.

The schooner Mary E. Russ left up

The steamer Asloun, which will arriv down the river today, will lead \$5,000 feet of lumber at this port for the Orient. The Classep Mills will make the ship-

Matters were very quiet along the water front yesterday. The only movement was the arrival of the pilot schooner Jessie, which has been outside for about two weeks. She is lying in the stream opposite the O. R. and N. Wharf.

The Oriental steamer Asioun is on her way down the river. The vessel carries 5000 tons of flour for Yokohama and Hongkong. Among the passengers on the steamer is Mr. E. R. Adams, who goes steamer is Mr. E. R. Adams, who goes to Yokohama as the representative of vessel and cure of all female complaints, and the representative of the steamer is Mr. E. R. Adams, who goes to be peculiarly adapted to the representative of the steamer of all female complaints, and the representative of the steamer of t to Yokohama as the representative of the O.R. and N. Co. in that city. Mr. Adams is accompanied by his wife, and they will remain in Japan for an indefi-

outilts and other incidental mining supplies can be obtained in Tacoma and shipped to Alaska as cheaply as they can be purchased upon arrival there. Reveral process stores are now advertising Alaskan supplies, and one or two manufacturing firms are making a specialty of Alaskan sieds, tents, water-proof sleeping bags, etc. A Yukon range set up in the window of a grocery store on C sireet, with a waterproof sleeping on C sireet, with a waterproof sleeping poet."

Chas Rogers true stores they are reported to the short-set of the on C sireet, with a waterproof sleeping bag hanging hear it, were objects of conday. The Alaskan Transportation Company, having offices in the Fife block, bas a typical Alaskan tent set up in its bought at the lowest police. In which are found are found in the paper, together with the choicest show Royal Baking Powder be bought at the lowest police. of miners prospecting in Alaska.

The O. R. & N. Co. is preparing to place a boat in service on the Clear-water river, and it is expected that the water river, and it is expected that the first trip will be made about April 1. One trip was made up the river last May, as an experiment, to ascertain how far the river was navigable. The boat succeeded in reaching a point near Green's ferry, about 75 miles above Lewiston, without encountering any obstacle to ravigation. Last fall Captain Equalman made a trip down the river in a small boat from Kamia, about 40 miles above Green's ferry, to Lewiston, taking soundings on the way, and reported findgrain, etc., produced in the country along the Clearwater, which will make business for a boat running on that stream.-

The fate of the Pacific Mail Company's steamer City of Rio de Janeiro is still in doubt. The Merchant's Exchange was besieged all of yesterday by anxious inquirers, but the same answer had to be given to all-"No news." Agent Center is still confident that the vessel above water and that she will be heard from in due time. He argues that she may have been blown out of her course in a storm and is now making er way to Hongkong under a small team pressure and sall. After the acci-ent to the City of Peking yards were inced on the foremast of the Rio so hat she has now considerably more sail than she had three years aog. If engines have broken down she will be able to make fair time under and if the Doric does not pick her he will probably eventually be heard Lieutenant Schwerin, on behalf from Lieutenant Schwerin, on behalf of the Mail company, says the steamer was well found and thoroughly seaworthy. It was only a couple of years ago that new machiners, was put in and the interior of the vessel made as good as new. In regard to her being tender, he says there is no truth in the assertion and insists that the vessel was as stanch a one as ever salled through the Goden Gate. If no news is received today the chances are that the Mail Company will send out the big tug Fearless te look for send out the big tug Fearless to look for the missing steamer.-Call.

The number of people who have left Puget sound for Alaska this season is variously estimated, says the Tacoma Ledger. The rush began about February I. Since the middle of January the steamship City of Topeka has taken Ro miners to Juneau and Silva from Tomiliters to Juneau and Sitka from Ta-coma, Seattle and Port Townsend. In the same time the steamer Willapa has probably taken about 400. Private ves-sets have taken in the neighborhood of sels have taken in the neighborhood of 100 more, making in all about 1,200 persons who have left the Sound for Alaska this year. A steamship man yesterday estimated that 700 of these were destined for the Yukon gold fields, the others being bound for Cook's Inlet, Juneau and Sitka. "Very few of those who have gone this season," says Agent Carlton, of the Pacific Coast Steamship Company, yesterday, "have ever been in Alaska before. Most of the travel has been made up of parties of three or four each, not more than one in each party having ever been in Alaska." One difficulty of emigration to Cock's inlet is the having ever been in Alaska." One diffi-culty of emigration to Cock's inlet is the measer means so far afforded by trans-portation companies to get there. This has probably prevented a great number from going to that region. It was an-nounced yesterday that the steamer To-peka, sailing from here March 18, would connect at Sitka with the steamer Ber-tha, sailing from that place March 28 for Portage bay, on Prince William's sound. The Bertha has cabin accommo-dations for 30 persons and steerage for 150. Miners going by this route must

THE COUGH WHICH LINGERS

because of a run-down condition of the system. and is not affected by ordinary cough medicines, will yield readily to

Scotts Emulsion

because it gives strength to the weakened body and enables it to throw off disease. A SKELETON IN THE CLOSET

How often do we hear of this in domes life at this day. But what is my. appealing than the living helly made repulsive with skin and amajo diseases, suit-rheum, tetter, eczema, and scrofulous sores and swellings. Dr. Plerce's Golden Medical Discavery is the positive curs for all of these discasse. If taken in time, it also cures lung-scrofula, commonly also cures lung-scrofula, comm known as Polmonary Consumption.

Dr. R. V. Pierce: Dear Sir--When abou Dr. R. V. Pierce: Dear Sir-When about three years old, I was taken with mumps, also had fever; finally I had that dreaded disease, scrofula. The most eminent phisicians in this section treated me to no avail, I had running scrofulous sores on left side of neck and face. I was small and weakly when eight or nine years old, and in fact was nearly a skeleton. Hix bottles of Dr. Pierce's Golden Medical Discovery wrought maryelous changes, Alof Dr. Pierce's Golden Medical Discov-stry wrought marvelous changes. Al-though the sores were bealed in eight menths, I did not quit taking it until I was sure it had been entirely routed from my system. The only signs left of the dreadful disease are the scars which ever remind me of how near death's door I was until rescued by the "Discovery." I am now eighteen years old and weigh 148 pounds, and have not been sick in five years. Yours respectfully.
