(Continued from First Page.)

has actuated Mr. Hammond, because he

has conveyed most all of his land inter-

eats here. Again, a large amount of the subsidy which has been given him has been largely utilized and for that matter,

the most of it lies at the east end of town, and if he 'ad desired to promote his own interests and realize the larger profits on this land, he would have locat

"I have asked Mr. Hammond what he would do in the event of our not being

able to fix up this matter. He says that he cannot commit himself. He does not want to threaten anyone, or do anything of that kind; but that he will be obliged

to act according to the conditions ex-isting at the time he is ready to act. He expects to put a deput here, but if

only a small tract is available for the purpose, it will be but a small business done in Astoria. The business of this city is destined to be large. He is de-

strous of taking care of it right here. But on the other side of the hay where he has other large interests, there is

plenty of room where the business of

arge city can be transacted. If the Scow

Bay site is not selected I think there will be very little work done this sum-mer. But as to this, and other questions,

Mr. Hammond will not commit himself, unless this site is selected. He has the plans drawn for the deput, at that point,

and the track is well covered with fine improvements. Fourteen hundred feet is not a large tract of land for a large rail-road business. We might do here like they have done in San Francisco. There

is a passenger station in San Francisco proper. The heavy business is done or

proper. The heavy business is done of the other side of the bay, at Oakland

We can get along in a similar fashion here, but it would be impossible to do a large business on three or four blocks

of land. I am not talking from any

personal motive, as I have no property in the town, and have no bonds on any property. I see, however, that it will be

better for everyone in this community

to fix this matter at once. Mr. 'laim-mond never changes his mind when once he has reached a determination. He will

build the railroad within the given tin You need not have any fear of this. I am sorry that Mr. Welch has taken the extreme views that he has. Mr. Parker's

alternative may help to straighten the matter out. Myself, as well as Mr. Ham-mbond, have only the most friendly feel-

ings for Astoria, and he is determined to

do all he can for it. Everything that he has contemplated will be carried out.

There is much to look after for the

There is much to look after for the future in planning for great railroad enterprises which do not appear upon the surface. My experiences with the Northern Pacific in the building up of Tacoma, have taught me that The N P. acquired much land at Tacoma, and built a great city in a short time, while

at Seattle, having little property, they could do little in the way of improve-ments. While upon this subject, I am

specifically authorized by Mr. Hammond to say that the article in last night's Evening News, was wholly out-side of the facts. He has no interest in the bonds which Mr. Seeley secured on

Astoria Engine Company N. I, by its officers. John E. Gratke, president: Jas. Macomber, secretary: William Bock, treasurer; and W. A. Wenig, foreman, the developed yesterday that these county clerk's office yesterday.

It was surmised by the friends of that gentleman, that Mr. L. B. Seeley, with a party of friends, have not been spending a few days in Astoria for nothing. The fact developed yesterday that these county clerk's office yesterday. A tract of acreage near Warrenton at it was surmised by the friends of that bargain. R. L. Boyle & Co. gentleman, that Mr. L. B. Seeiey, with County clerk's office yesterday.

The concensus of opinion yesterday amongst all classes of business men was Brown, the president of the company. mpany had determined to start the "If you see a man with a particularly beaming countenance," said a well known, ing. Mr. Seeley admitted that they were considering the subject of building a ho-tel at once that would cost about thirty-five or forty thousand dollars, but said that their plans were not yet in definit shape, nor was it absolutely certain that the work would be undertaken this sca-son. He stated that they were not waiting upon the settlement of the depot matter, because that so far as they were concerned it really made little difference whether Asteria had a deput or not, ex-

cept that on general principles they were anxious to see the entire proposition advance as rapidly as possible. Once let a good start be made and it is more than probable that the enterprising managers of the White Collar Lin will not be in the rear of the procession when it comes to general improvements and the building up of this port. It will also be found true, no doubt, that the many friends and capitalists whom these gentlemen have entertained and shown about the city and harbor, in the months gone by, will be found among the investors in Astoria's future business, and manufacturing enterprises.

OPENING A SLUICE GATE

Relièves a dam of a superabundance Relièves a dam of a superabundance of water. The bowels are a kind of stage gate of the system, and verve to carry off superfluities which would otherwise flood and damage it. Constipation obstructs this avenue of escape. Hostetter's Bitters opens it and relieves the system. This it does gently and gradually, but completely, and does not, like a violent purgative, kripe, convulse and drench the bowels, and leave them weak and unit for efficient service afterwards. and unfit for efficient service afterwards. On the contrary, it invigorates and reg-On the contrary, it is that it relieves unites at the same time that it relieves unites and imparts them. It also strengthens and imparts activity to the stomach, liver and kidneys, counteracts a tendency to rheumatism and invigorates the nervous sys-tism. For the relief and prevention of chills and fever, billous remittant, dumb ague and ague cake, it has no peer among modern remedies. Persons con-valescing or suffering from the debility or infirmities of age find it highly tene-ficial.
