REMEDIES ECZEMA Our little baby of two months was badly

afflicted with Eczema. It began when she was three weeks old, and in spite of all our skill and that of two good physicians, she continued to grow worse. Her head, arms, neck, and limbs, and, in fact, nearly every joint in her body, were raw and bleeding when scinded to try Cuticuma REHEDIES. The child being so small and delicate, we began with CUTICURA (cintment), and CUTI-CURA SOAP, according to directions, and after CURA SOAP, according to directions, and after the first application we could see a change. When we had used the remedies one week she was very much letter, seene of the sores had healed entirely and had ceased to spread. After using them for less than a month, the child was free from scales and blemishes, and to-day has as lovely skin and hair as any child. She was shown at the Granke Fair when four and a half months old, and took the premium of a silver cup, as the pretiest baby, over sixteen others. We recommend CUTICURA REMEDIES to all our friends, and cannot praise them too highly. not praise them too highly.
