Go to Elmore, Sanborn's office and see their new and handsome twine testing machine. Take along some of the twine "as good as Marshall's." In your pocket, and test them. Then see how much more Marshall's will stand. It's money in your pocket and fish in your net to find out.

A prominent steamboat man says: "My family have used nearly every brand of Beef, Iron and Wine made, and are satisfied that the preparation made by the Elmore-Crain Drug Co. is the most palatable and nutritious of any they have ever used." If you are run down and need a tonic, you should use it.

For 25 cents you can secure an excellent well-served meal at the Bon Ton Restaurant, No. 511 Commercial street. They are also fully prepared to serve all kinds of fish, game and delicacies of the season, as well as oysters in every imaginable style at the lowest living prices. Come once and you will continue to come.

Most so-called "salmon twines" are colored with acids. The acids rot the fibers and render the material useless. In the office of Elmore, Sanborn & Co. is an object lesson that ought to be examined by all fishermen. It is Mr. Whipple, of the material used in the manufacture of Marshall's twine—from start to finish. Go there and examine the color right through. You will see that the twine of Marshall's is called the best in the world.

Charles Wirkkala's saloon on Seventh street, the well known and popular resort in the Bowery, will maintain its reputation. Mr. Wirkkala is an experienced man in his line of business and keeps on hand only the best grades of wines, liquors and cigars. Concert every evening furnishes amusement for visitors, and Professor Schwabe, the well known pianist, is making the music one of the features of the place. Call and bring your friends with you.

His many friends regret his departure, and wish him good fortune in his new home.

"A man thinks he is the lord of creation, and ought to be obeyed by every member of his family, because he furnishes the money with which to buy potatoes and beefsteak," said a well-known society lady yesterday. "The claim to supremacy rests, I think, on a very slender foundation. I have a notion that in most households the woman has harder work than the man, and works longer hours. Money, of course, is necessary, but cooking and house-cleaning and keeping the children and the governor himself in proper shape is a task which no man would wish to undertake. I suppose that if a woman were to attempt to do her husband's work she would make a botch of it, and I am sure that if a man were to attempt to do his wife's work he would ruin it, well, on the whole, and the man has the better end of the bargain."

The opening article in the March number of The Northwest Magazine is entitled "With the Northern Cheyennes" and was written by Lieut. Herman Hall of the United States Army. It contains graphic descriptions of the customs and characteristics of these celebrated Indians, and is illustrated fully and artistically by scenes from actual life. "Progress of Agriculture in the Province of Manitoba," by T. Cora Hind, is a paper of unusual merit and will receive close personal by all who are wont to look upon our own country as altogether unequalled in matters pertaining to private and public enterprise. The story of this number, "Three Phases of Life," is by Florence Kerr, a daughter of Hon. C. D. Kerr, judge of the Second Judicial District court of Minnesota. It contains close study of human nature and gives

THE DELEGATES WHO GOT THERE

The Results of Yesterday's Primaries Confirm the Mass Meeting Nominations.

STRAIGHT TICKETS SUCCEEDED

Elected by Heavy Majorities—Opposition Tickets Sailed Under-Layer Vote Followed To-day Than in Many Years Past—Great Interest Shown.

The primary elections yesterday of delegates to attend the county convention this week, resulted in a walk over for the nominees on the tickets nominated at the mass meeting Friday night.

There was an opposition ticket in the field at each of the polling places yesterday, but it cut little figure in the election. Mr. Robinson and his friends acknowledging defeat like gentlemen, voted the straight ticket, and took their medicine as bravely as comes good Republicans. It is anticipated that the convention to meet on the second, will be a lively and important gathering of the party. Seldom has so much interest been taken in county politics as is evidenced at the present time. Many elements are at work, and the final outcome cannot be foretold. In spite of all reports to the contrary, so assiduously circulated during the past few days, all the elements of the party are satisfied with the result of yesterday's primary election.

The delegates chosen in the various wards are given below, with the number of votes opposite each name:

First Ward—F. P. Kendall, 37; C. W. Fulton, 37; Frank Patton, 37; C. S. Fullerton, 37; Martin Johnson, 37; Frank Norberg, 37; H. S. Prall, 37; N. Clinton, 37; Alex. Gilbert, 37; J. A. Duffy, 37; C. H. Stockton, 37; P. J. Goodman, 37; Walter Rudolph, 37; F. Carver, 37; Duncan McLean, 37; Andrew Brinklage, 37; J. S. Carlson, 37; D. J. McVicker, 37; W. N. Smith, 37; Grant Trullinger, 37; Thos. Linnell, 37; A. B. Reed, 37; D. McTavish, 37; Andrew Hendrickson, 37; Jos. Suprenant, 37.

Second Ward—Chas. Larsen, 14; S. A. Koser, 14; Jas. W. Welch, 14; W. C. Chatter, 14; Aug. Nelson, 14; F. L. Parker, 14; G. Zigler, 14; Fred Wickman, 14; F. J. Taylor, 14; H. D. Thine, 14; J. J. O. Moen, 14; A. F. Krager, 14; John Fox, 14; Martin Ford, 14; C. A. Powell, 14.

Third Ward—Thos. Siverson, 36; Iver Anderson, 36; Geo. Nelson, 36; W. F. McGrogan, 36; W. H. Barker, 36; W. Painter, 36; Geo. Leland, 36; John Enberg, 36; C. Oliva, 36; E. Hauke, 36; Knud Peterson, 36.

Yesterday's vote was the largest cast for many years at a primary election in Astoria.

Pure blood means good health. DeWitt's Sarsaparilla purifies the blood, cures Eruptions, Eczema, Scrofula, and all diseases arising from impure blood. Chas. Rogers.

It was said last night by a prominent Democrat that the party in Clatsop county is in bad shape just now, having no paper to represent it. He said that the News, which was originally started as a Democratic paper, had turned Republican, and that the other papers had gone over to the Populists, leaving the Democrats out in the cold.

USEFUL AND HANDSOME.

The new Canadian Catalogue of American and Canadian Newspapers for 1896, issued by Messrs. Dauchy & Co., of 27 Park Place, New York, lies upon your table. This edition (which is the sixth) is fully up to the high standard set by editions of former years, and is all that could be desired in reports, news, paper, press work and binding; while in the conven-

ient and compact arrangement of its statistics and information we do not think it could be improved upon. This feature of a source for memoranda following the name of each paper makes it especially valuable to all advertisers, as it can be used as a complete record of all contracts or as an index to contract record books, etc. This is the only newspaper directory published which is so arranged. No advertiser who has once used it can get along without it, as it becomes indispensable when once put to the use for which it is intended. It is a work of great value to all who are interested in any way in the periodical publications of North America. It contains 710 pages, is bound in cloth, and the published price is \$5.

DeWitt's Sarsaparilla is prepared for cleansing the blood. It builds up and strengthens constitutions impaired by disease. Chas. Rogers.

OREGON POTATOTS

Webfoot State Spuds Gaining an Enviably Reputation.

Oregon is becoming famous the world over for her potatoes. A late number of the San Francisco Record says:

"The spuds of California potatoes are apparently almost exhausted. Occasionally there are some large shipments from the river districts, but during the last month the shipments have dwindled considerably. It is said more potatoes should be grown by the home producers, for as the Irish varieties can be raised in this state as in any other place. Most of the potatoes come from Oregon now. On the last trip of the steamer Queen from Portland 12,000 sacks were brought to this city. The Alice Blanchard brought 4,500 sacks, the Homer brought 1,500 and the State of California, due in a day or two, will have 800 sacks aboard. These figures simply show how many potatoes are brought to this city from Oregon within three days, and the shipments seem to be increasing, judging from the enormous piles on the wharves along the water front."

Burns are absolutely painless when DeWitt's Witch Hazel Salve is promptly applied. This statement is true. A perfect remedy for skin diseases, chapped hands and lips, and never fails to cure piles. Chas. Rogers.

JUST ARRIVED.

Second Installment of 1896 Wall Papers, and More to Come.

Parties who are desirous of securing the latest 1896 patterns and designs in wall paper should call on C. M. Cutbirth, who has just received his second installment from the East. A third is now on the way. Mr. Cutbirth claims he has the best selected stock in the city, and it will be sold at lower prices than prevail elsewhere. The stock occupied by Mr. Cutbirth is spacious and well lighted, giving the purchaser a fair chance to examine his goods. Bear in mind that this stock is all new and up to date. ABOARD SHIP.

Sea voyages are usually deemed promotive of health. So they are in most cases. But it may be doubted if the shaking up aboard ship will do most people of very frail constitution and weak nerves good. It is not prejudicial in its effects if not overdone or nullified by a medicinal safeguard.

Dr. DeWitt's Sarsaparilla is a safe, reliable, and non-toxic remedy for all ailments of the blood. It is a perfect cure for skin diseases, chapped hands and lips, and never fails to cure piles. Chas. Rogers.
