nis, golf and cycling, have aided in enlarging waists. The popularity of the shirt waists, loose waists and the reign of immense sleeves have drawn off the attention from the waist as the one point

Yesterday morning, so it is reported, a large sealion was thrown up on the beach in the rear of the Astor house and the event caused considerable ex-citement in that part of town. Some people like caviare and some not. It tastes as though it had been left over night in a dish of lamp oil by mis-take. This delicious delicacy has hereto-It is stated that the fish market of McCormack & Humphrey is the only one in the city using city water. Probably the high rates of rental have deterred fore been imported into this country, but there are lots of sturgeon in the Columbia river and down south, and the labor commissioner of North Carolina labor commissioner of North Carolina says that more than one hundred boats and more than two hundred fishermen are engaged in the business of catching them in that territory, while about one hundred carloads are shipped annually from the Columbia river. The United States has gone so far as to ship caviare to Germany and Russia, and good caviare to Germany and Russia, and good caviare to the states has gone to the real old lamp oil. The records of the Columbia Harbor Land Company show the sale yesterday of Lots 7 and 8 in Block 1 Warrenton to a homeseeker who will immediately commence the erection of a residence A rumor was current yesterday even-ing that M J. Kinney's cannery would open on the first of May, and that five cents would be paid for itsh. Up to a late hour last night the rumor could not

of beauty.

tare it is too, of the real old lamp off sort. We are a great people, and we know it. Mr. D. J. Ingalls, who was in the city, attending the Republican county convention, on Thesday, told an Asterian reporter of the very narrow escape he has lately had from death. When in Portland some time ago, Mr. Ingals purchased an engine and soller from a party named lirackett, the latter guaranteeing that the boller was in good condition, and that it had been subjected to a 12-pound cold water test. Mr. Ingals used the boller at his dairy on the Lewis and Clarks. At the Dalginy from Works a machinist took the boller to pieces and found that every tube therein was full of holes. Rust had eaten the was full of holes. Rust fad eaten the tubes until they were almost as thin as paper. How the boiler ever withstood the thirty-pound steam pressure which it was subjected to Mr. Ingalls does not home. was full of holes. Rust had eaten the know. During a recent illness Mr Ingalis boys operated the oughe and the wonder is the little fellows were not killed. The boller is befor re-tubed. Mr. Ingalls says be will bring suit against Bruckett for selling him the defective
