Family of Hon. William R. Smith Made Well by Paine's Celery Compound.

to him who in the love of Nature holds communion with her visible forms, she speaks a various language."

No one has a deeper insight into nature's ways than the superintendent of the extensive botanical gardens of the United States at Washington. No one knows so well as he what precious opportunities come with the spring. But Mr. Smith, like most scientific persons, firmly believes that every one would be benefited by taking a spring remedy while the blood is readiest to be purified and invigorated.

Paine's celery compound is the only genuine spring remedy worthy of that name, in the opinion of Supt. Smith. He writes:

WASHINGTON, D. C., March 4, 1896. Gentlemen—The female members of my household are more than delighted with Paine's celery compound. I learn from other friends that its popularity is steadily growing. It aids digestion, and in view of the prevalence of dyspepsia, it is one of the benefactors of the age.

Very Respectfully,
Wm. R. Smith,
Supt. U. S. Botanic Garden.

MATTERS MARINE.

Movements of Vessels at Home and Elsewhere.

The British bark Fernbach finished discharging cement at Hunter's wharf yesterday morning and left up the river for Portland.

The five-masted schooner Louis arrived down from Skamokawa yesterday afternoon in tow of the steamer Okla-hama. The vessel has about 1,200 feet of lumber for Shanghai, China.

The steamship State sailed for San Francisco yesterday morning. Among the Astoria passengers were Mrs. M. A. Stevens, Miss Effie Huntington, Mrs. Grace Carleton, Mrs. J. W. Armstrong, Mrs. DeLane and M. D. Kant.

The four-masted British bark Principality arrived down from Portland yesterday. She has a cargo of grain for the United Kingdom. The Principality will take home the effects of the two men who were killed when the Glen-morag stranded.

Captain Moran, of the sailing schooner Kate and Ann, which arrived in Thos-ton, reports that on March 25, about 25 miles off Point Arena, he sighted what he supposed to be the mainmast of a two-masted schooner. The stick had been sawed off just above the saddle, and had evidently been in the water but a short time. The mainmast was set and the rigging was hanging to the timber. The wreckage evidently came from some vessel which, being struck by a squall and thrown upon her beam, was forced to cut away the mast. No schooner such as the mast might have come from has been reported lost, and in all probability the timber tells of the fate of another vessel which will never be heard from.

The United States cruiser Philadelphia, the flagship of the Pacific squadron, arrived in San Francisco Tuesday from San Diego. She stopped at Monterey for a few hours on her way up, and went to Mare Island for a cleaning. The Philadelphia's first orders were to go to Puget sound at the close of the Los Angeles fleet, but since then three of her officers were selected to act on the naval board of inspection to accompany the battleship Oregon on her trial trip, and that compelled her to stop here. Had it not been for this the flagship would have gone on to Port Orchard. It is thought now that the Oregon's trial trip will take place about the end of this week. Admiral Boardley, who is aboard the Philadelphia, is confined to his cabin with a severe attack of influenza.

The Pacific Mail steamer City of Para, which left San Francisco on the 18th of last month, with instructions to put into the port of Corinto on her return from Panama, notwithstanding the declaration of the Nicaraguan insurgents that they would open fire upon any foreign vessel which put in an appearance there, will not have to risk the chance of having a cannon ball sent through her hull, says the Examiner. Captain William L. Merry, who is the Nicaraguan consul at this port, received today a dispatch from the government he represents notifying him that the port of Corinto had been declared open once more, and that the Panama steamers could enter without fear of molestation. Several thousand tons of freight destined for Corinto accumulated at Panama as the result of the threats of the insurgents. A great deal of freight for Corinto was offered to the company at this port, but it was all refused. For the past four months none of the steamers have been permit-

ted to enter Corinto. The Pacific Mail gave orders to Captain Russell, of the City of Para, to gather up the Corinto freight lying at Panama and make a dash into Corinto and take the chance of being fired upon.

William Waffes, one of the best-known boatmen on the San Francisco water front, has a vigorous complaint to make against the United States government. Waffes was employed by one of the caterers on the cruiser Concord Tuesday to carry out to that vessel a quantity of fresh vegetables and other provisions. He placed a heavy load in his boat and made the trip out into the stream successfully. Upon arriving alongside the cruiser he made fast to her and was about to begin passing his cargo aboard, when a heavy meat can suddenly came tumbling out of one of the Concord's windows and landed squarely on his head. Waffes was partially stunned, and he cracked a hole in his head and smashed one of his rowlocks and one of his oars. Waffes went overboard and the cruiser came alongside. The sailors of the cruiser came to his rescue and dragged him out. The boatman, it appears, stopped just beneath the port through which the refuse from the cruiser's galley is dumped overboard. Waffes wanted the officers of the fighting vessel to pay for the damage done to his boat, but they referred him to the secretary of the navy.

COUNTY COURT PROCEEDINGS.

Official Report, Compiled by F. L. Dunbar, County Clerk.

Wednesday, May 6th, 1896, third day same present as yesterday.

Court met and was duly opened at 9:30 o'clock a. m.

On motion of Sidney Dell to remit penalty on tax purchases for years 1893, 1894, and 1895, and that he be referred to the laws of Oregon for 1893, page 28.

Now comes O. N. Denny, trustee, and represents that the assessment made of certain lots in Alderbrook, assessed to H. C. Stratton, trustee, are irregular, and invalid, and the Court having considered the matter, it is ordered, that upon payment to the clerk of \$332.20, for taxes for 1892, and of \$406.50 on account of taxes for 1893, a certificate of redemption be issued to said O. N. Denny, from the sale of 1893, and that the county judge and clerk execute a deed to said O. N. Denny, conveying all interest acquired by sale for 1892.

Ordered that court do now adjourn until tomorrow at 9:30 o'clock a. m.

Thursday, May 7th, 1896, fourth day, same present as yesterday.

Court met and was duly opened at 10 o'clock a. m.

In the matter of the ferry across Young's River; now at this time is a bid from Wm. Larsen to maintain a ferry for one year across Young's river, provided the court will provide approaches, and allow the use of ferry boat now used near Chadwell, the county court to allow for use of his steamboat Brisk, one hundred and fifty dollars per month, less such sum as may be collected as fares; ordered laid over for further consideration.

Now comes C. W. Shively and applies to the court to have the county taxes of 1894, paid by him on lots donated by him to the railway subsidy remitted; ordered that a warrant for \$61.00 be issued in favor of C. W. Shively.

In the matter of the taxes for 1895, assessed against the property donated as the railroad subsidy. This matter coming on for consideration and it appearing to the court that the city of Astoria and School Dist. No. 1, has authorized the county court to cancel and remit the taxes levied and assessed for said city and school district, against said property and that said property has been donated for the purpose of aiding the construction of a railroad which will be of public benefit to Clatsop county; it is ordered that all taxes excepting taxes due school districts other than District No. 1, assessed and charged against the real estate known as the railroad subsidy, upon the tax roll for 1895, be and the same are hereby remitted, vacated and set aside.

In the matter of tax sales to the county mortgages. For years prior to 1893, it appearing to the court that the tax sales of mortgages assessed prior to 1893 are irregular in many cases, and there is doubt whether said sales can be collected, and the court having heard the arguments of J. Q. A. Bowley, J. H. Smith, J. A. Eakin, C. R. Thomson and C. W. Fulton; it is ordered that upon payment to the clerk of 25% of the tax assessed against said mortgages he is authorized to issue a redemption certificate in settlement of said sales.

Ordered that court do now adjourn until tomorrow at 9:30 o'clock a. m.

Friday, May 8th, 1896, fifth day, same present as yesterday.

Court met and was duly opened at 10 o'clock a. m.

Communication from C. W. Loughery, chief of police, stating that he holds a warrant for the collection of license street assessment read; the court having examined the matter, and it appearing from Section 75, page 27, of the city charter, that the city is not authorized from street assessments; it is ordered that no action be taken herein.

Ordered that court do now adjourn sine die.

J. H. D. GRAY, Judge.
R. M. WOODEN, CHIEF CLERK.
CHURCH PETERSON, Comptroller.

Attorney F. L. DUNBAR, Clerk.

LETTER T.
And How It Indicates Character. According to a Frenchman.

Exchange.
A French graphologist has discovered that character can be read from the letter "T" alone. He claims that the vertical line represents the fatality of life, and the horizontal bar the influence of human will exercises upon this fatality.

In addition, he claims that the higher part of the vertical line—that projecting above the horizontal bar—just indicates the amount of idealism contained in the make-up of the writer, and that the inferior part of this line corresponds to the practical and material part of the man's character.

For instance, the optimist crosses his T's with a line that slopes upward from the earth to the sky, as it were. The poet often crosses his T's quite above the vertical line; in other words, in the sky. The pessimist crosses his T's with a downward sloping stroke. The line, which commences at the ideal portion of the letter, descends little by little until it is lost among the sad realities of earthly existence.

The practical man, it appears, always steers a middle course, and crosses his T's neither in the ideal nor in the material, but exactly midway between the two.

It's all the same, a slight cold, congested lungs, a severe cough—One Minute Cough Cure banishes them.

AN APOLOGY.

Our Boys and Girls.
A man who has a reputation for being very careless as to his toilet was elected town clerk in one of the small towns in this state some time ago, and the local paper thought it would be a good joke to announce that he would wash himself before he assumes the office of town clerk.

On reading the notice Mr. Makup was furious and demanded a retrial, which the paper accordingly made the following day, in this fashion:

"Mr. Makup requests us to deny that he will wash himself before he assumes the office of town clerk."

And still Mr. Makup was not pleased. How hard it is to satisfy some people!

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paragoric, Balaen's Drops, Godfrey's Cordial, many so-called soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Dr. H. Pitcher is on every wrapper.
