Movements of Vessets at Home and Elsewhere.

NOTICE TO MARINERS.

Nan Francisco Entrance, California. Office of United States Lighthouse Inmpactor, Twelfth District, San Francisco, Cal. May 19, 1896.—Notice is hereby given that on or about June 5, 1896, a first-class can busy, to which is attached a bell busy, painted red and black heri-zonial stripes, will be placed as an aid to invigition to mark Mile Rocks, en-trance to San Francisco bay, California. Due notice will be given of the exact location of this buoy. By order of the lighthouse board.

PRANK COUNTIE.
Commander, U. S. N., Inspector.

A three-masted schooner, name unterday, lumber laden.

The schooner Enterprise arrived yesterday from San Francisco, in ballast. She will load lumber at Skamekawa fir

The steamer Arcata arrived from San Francisco via Coos Bay yesterday, and, after a stop of a few hours, proceeded

Francisco, with the following freight from Fortland: 7500 ash lumber, 1350 sacks wheat, 31 packages paper, 2300 sacks potatoes, 25 miscellaneous freight.

but no public notice has as yet been

The British ship Ballochmyle, Captain Fait, arrived down the river and sailed yesterday for Antofogasta, Chile, or Vaiparaiso. She has 1,120,000 feet of lumber the value of which is 15,000. The Bal-lockmyle's trip to Astoria was a very rough one, and, as will be remembered, she arrived under a jury rig. It is to be hoped that Captain Tait will have a more pleasant trip down the coast. a more pleasant trip down the coast.

A rival to the famous derelict Fannie Voiston, which drifted about the Atlantic for many years, has been found by the naval hydrographic office, in the lumber-laiden Boston schooner Alma Cum-mings, which was abandoned and set on Pebruary II, 1895, off the Capes of Delaware. In the following four the Delaware. In the following four months half a dozen reports were received of her drift with the Gulf stream in the steamer tracks of the Grand Banks, and then nothing more was heard of her until about a month ago, when the captain of the British steamer Ormston passed a hulk burned to the water's edge and covered with barnacles, but still capable of identification, in mid-ocean, between the Canary Islands and West Indies. She seems to be following the track of the Wolston in the huge circular current, which repeatedly brought that celebrated menace to havigation back to the Atlantic coast after 5,000-mile voyages in the direction of the hand of a watch.-Coast Seamen's Jour-

The grandest ovation ever tendered a bridat couple that started on its honey-moon tour from this city was given Mitchel M. O'Hara and his young wife, who were married in Tacoma last evening and left this morning on the Flyer for a visit to the British Columbia and lower Sound cities. Mr. O'Hara is jan-itor at the local Sound sheds, and when he started aboard the Flyer today with he started aboard the Flyer today with his charming young bride, every employe in the Ocean sheds and the warehouses and steamship, offices in the vicinity came out to fid the happy couple bon came out to fild the happy couple ben voyage in a way peculiar to themselves. The function was not without its novelty. The leader of the party, familiarly termed Pete, stepped to the front of the crowd, and after making a graceful bow and a salsam in the true Oriental style, he reached deep in his blue Jeans and pulling out a handful of rice imported by the last steamer from Chinamads several mysterious signs with his ported by the last steams; made several mysterious signs with his head and hands and then scattered the little white grains over the new man and wife just as they landed on the steamer deck. Those who stood behind Pete mimicked him as closely as possible, and as Mr. O'Hara and his choice turned at the first shower the crowd fiterally buried the decks in rice. Mr. O'Hara bowed his acknowledgments, while the bride blushacknowledgments, while the bride higher ed like a bed of pink carnations. As the Flyer drew away from the dock and circled gracefully into her course the friends on the wharf blew horns, beat fog triangles and bammered an old botter in the sheds until the boat was out of hearing distance.—Tacoma News.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

HAS THREE EYES.

Child Born at Portland, Or., With a Third Eye-Is Not a Deformity.

Hoston Standard. Hoston Standard.

A child has been born with a third eye.

It is not to be regarded as a freak or a
deformed creature, but rather as exhibitdevelopment. It has long been known to physicians and men of science that a rudimentary third eye exists in every human head. The rudiment is known as the pineal gland. It is undoubtedly this gland which has developed into a third faily organized eye in the child. It is not uncommon for certain trifling physical features possessed by all members of a lower order of animals, and bers of a lower order of animals, and possibly by the human race at an earlier possibly by the human race at an earlier good looking woman to make a conductor do that—Indianapolis Journal. ing an extraordinary but not unnatural person of a lower order of animals, and possibly by the human race at an earlier stage of its development, to recur in men-and women at the present day. For instance, there is a little knob which ap-

mals which come nearest to man. They have, like us, the pineal gland. The functionating third, eye is only possessed by certain of the very lowest species of vertebrae animals.

The purents of the three-eyed buby are the purents of the three-eyed buby are the purents of the three-eyed buby are and Mrs. W. P. O'Neil, of Portland, Mr. O'Neill is a railroad man, and widely known and respected citizen.

a phenomenon of a very different order. The organ is not possessed by those and

The baby was born hearly a month ago. at Potsdam under the critical eye of the it was not at first understood what the kaiser, would fall to produce an effect strange development on its forehead was. like that by which the caar's legions, The child seemed in excellent health, and drawn from an empire of Asiatics and the doctor expressed the onlinon that it Europeans, can dazzle the onlooker. Be-was something which would pass away. But it persisted, and at the end of three sides the regiments which, in type and days the doctor, at the urgent request of the mother, made a more careful examination of the child's head. Mother and nurse could hardly believe that the when, centuries ago, they were first entrance. strange thing was what it appeared to rolled under the black and white banner be. This done, however, the doctor announced that the child undoubtedly possessed a third eye. As the days went on the latter including gorgeous husars the unusual organ could be seen more clearly. As the little one crowed and green, dashing lancers with pennons fly-clearly that the latter land in many colors—blue, red, green, dashing lancers with pennons fly-clearly that the little one crowed and green, dashing lancers with pennons fly-clearly the blinked in unison. The child is staves, heavy dragoons, guardamen cased atill in good health, and appears to see in corselets of shining steel, and then the historic Cossacks, wild and warlike of other two. The very its religious days. other two. The eye is situated midway aspect, bestriding their steeds like centerwhen the two others—that is to say, it is in a vertical line with the nose. It their vari-colored headresses seeming to is above the others. It appears through an aperture in the skull, immediately above the bony ridge with which the

forehead terminates.

The pineal gland, which is so developed sacks wheat, 3t packages paper, 230 In this Portland baby, is described by from the tribes of Central Asia. There sacks potatoes, 25 miscellaneous freight. Gray's Anatomy—a standard work—as a tx a reason apart from the desire of the She took on considerable freight at this small, reddish-gray vascular body, situ- authorities to make a great display for The liritish ship Yarana, which has been in the harbor for a long time, proceeded up to Portland yesterday. She has orders to discharge her ballast, it is thought the vessel has a grain cargo, but no public notice has as yet been of a small pea.

f a small pea. It is larger in the child than in the adult, and in the female than in the male. man She has not progressed so far as he in the scale of evolution. The pineal gland consists chiefly of gray matsidered to be the remains of the pineal breadth of the land, the foreign diplo-eys of some of the lower vertebrates. It appears as an eye in certain limited. tions will seem meager enough. In fact, Only in extinct reptiles of earlier geo-logical periods, however, is it believed to have been a useful sense organ. That the people by the booming of the guns the pineal gland has a function as it that will be fired from the Kremlin at exists today in the ordinary human brain the proper moment. The emperor and empress will reach

The possession of three good eyes would have certain advantages over our present condition. The extra eye would enable cow. This palace is close beside the us to give the others a rest, and, in these days of excessive pressure and work that would mean much. There have probably been several other babies the party proceeds, the czar and czarina with three eyes. In the museum of Hellevue hospital the head of one of held by twelve generals, specially se-

with ro unusual features.

TWO MAIDENS.

I know a winsome little maid, So fair to see— Her face is like a dainty flower. So lovingly
She looks upon this world of ours,
And all who pass,

That sweet content makes beautiful My little lass.

I know another maiden well, She might be fair-Her cheek is like a rose leaf soft, Like gold her hair. But ah! her face is marred by frowns, Her eyes by tears, for none can please. I dread to think Of coming years.

Would you, dear, grow to beauty rare in thought and deed? Then learn the lesson these two teach To those who heed, And in your heart, as life begins, Give this truth place: 'Tis only lovely thoughts can make

A levely face. Gertrude Morton Cannon in St. Nicholas

Coronation of the Czar

cribes the Ceremony

Moscow, five days prior to the corona-tion, of the imperial pair. This event possesses certain features of grandeur which cannot be witnessed in our day in any royal progress in any other coun-try. It has something of the barbaric splendor which conjures up to the imagcient Rome, when the Consars were the In the escort of the emperor, as he

Russians as the national capital of their costumes could be approached by the military display of no other sovereign except, possibly, Queen Victoria. All the magnificence of even the German dental climes, there will be many corps ciad in the style prevailing at the time when, centuries ago, they were first en-rolled under the black and white banner form long lines of white and black nod-ding plumes and wearing their carridge belts like ornaments; while to complete the picturesqueness of the motley show follow the Kirghis cavalry, recruited from the tribes of Central Asia. There authorities to make a great display for the gathering of these organized Kirghis tribesmen at Moscow. Their appearance there forms an object lesson, which ance there forms an order timeson, which all who run may read, in the vastness of the empire whose constant extension to-ward the Orient has made them sub-jects and soldiers of the exar. Such an army all Russians probably feel could

belong only to such a country. The coronation ceremony will take place in the Cathedral of the Assump-tion, within the walls of the centuries The same is true of other obsolete and place in the Cathedral of the Assumption, within the walls of the centuried has a larger vermiform appendix than citadel, or fortress, known as the Kremitn. There are four cathedrals, none of them large, and all standing near each other. That of the Assumption, or the ter, and at its base is a small cavity. Unsemsky Bobor, holds but a few hun-which contains a transparent viscid fluid, in which are granules of phosphate and many attendants, besides the clergy and carbonate of time. It is commonly con- numerous nobles from all the length and

the cathedral from the Kremlin palace,

Hellevie hospital the head of one of them is preserved, but it is not nearly as pretty as the O'Neil baby.

There is nothing repulsive in the apparance of the child's face. On the contrary, many people would say that the unusual number of visual organs gave it an individuality and a charm which are lacking in many babies of the same age. It is Mrs. O'Neil's ninth baby. The others are healthy children, with requirements of the favored spectators who are to witness the ceremony take their seats, and the crown and coronation robes are brought in and deposited tion robes are brought in and deposited upon the tables. The ringing of the bell—the famous Ivan Veliky—soon announces the arrival of the car, who goes at once to the dais with his con-sort. When he stands fronting the al-tar he recites to the metropolitan (or bishop) of Moscow the creed of the Greek church, and the long role of im-pegial titles which are borne by the auto-crat of all the Russian are next repeated hy the metropolitan in regular order. The coronation robe of cloth of gold trimmed with ermine is then given to the carr, who puts it on, and just afterward, reverently bending his head, he listens to the benediction which the metropolitan solemnly utters. The critical moment has now arrived.

when the same crown that has rested on the brows of so many illustrious Romanoffs shall be placed upon the head of their latest successor. Byzantine in de-sign, the imperial diadem of Russia con-sists of two sections which symbolize resists of two sections which symbolize respectively the eastern and wesetrn empires. These sections are connected in the center by a great ruby, which, with five diamonds, form a cross. It is valued at no less a sum than \$1,000,000. The caar receives it from the metropolitan on a cushion, and, taking it in both bands from the metropolitan on a cushion, and, taking it in both bands from the metropolitan on a cushion, and, taking it in both bands. hands fixes it upon his head. The scep-ter and the globe—the other insignia of his imperial station—are given to him Louisville Courier-Journal.

The robust looking old farmer had for the first time traveled on a train with a dining car. He had read about the high prices for train meals, so when he sat down at the table he ordered some bread and butter and a cup of coffee. The waiter looked at him and whisted softly. After the robust farmer had concluded his slim repast a ticket for \$1\$ was handed to him.

"Great Scott! Do you charge a dollar was one of the eyes of an idol, and a was one of the eyes of an idol, and a was one of the eyes of an idol, and a was one of the eyes of an idol, and a was one of the eyes of an idol, and a was one of the eyes of an idol, and a was one of the eyes of an idol, and a complex to the common the common that the common the common that the cluded his slim repast a ticket for \$1\$ was handed to him.

"Great Scott! Do you charge a dollar for what little I cat?" he asked.

"Yes, sah; one dollah is de price of de meals, no mattah what you ordah."

"What did you charge that man there?" demanded the farmer, pointing to a man who was eating heartily.

"One dollah, sah."

"Well, bring me everything on the bill of fare," said the farmer as he sat down, tucked the nagkin under his chin and loosened the top button of his trousers.

A little III, then a little pii, The iii

gem to the Empress Catherine.

When the caar receives the globe and scepter he takes the latter in his right hand and the former in his left and scats himself upon the throne. The bells of Moscow forthwith ring out joyously and 101 cannot thunder simpltaneously from the batteries of the Kremlin. The tele-graph flashes the news of the coronation throughout the empire, and at St. Peters-burg they lower the white flags on the public buildings and hotst red ones in-stead. Then follows an interesting cere-

The caar and caarine have returned to the palace much in the same resition as that in which they came from it to the church, the coronation feast is held and Year in year out, the same glad volced loyal toasts are drunk by the brilliant company. Before and after the corona-tion the birthdays of the case and car-ina will be honored appropriately, and after the military review on June? the newly crowned emperor will leave for St. Petersburg. As for the illumina-tions, they will reveal in many colored fires the countless spires, towers and minarets of the ancient capital of the cuars, and all the resources of art, taste and invention will be drawn upon to invest the architectural beauties with the glamor of a fairy dream. As the city is built upon a series of hills, the opportunity for making the Illuminations bril liantly of making the lluminations brillantly effective is unusually favorable. Upon one evening a gorgeous display or freworks will occur, while the massed bands of the great number of regiments quartered in the city will play in concert the national anthem of Russia, "Boxe of the contract of the con Tsaria Khrania," and at the parts where The coronation of the cuar on the 25th of May will not only be a gorgeous ceremony in itself, but it will be preceded and followed by numerous magnificent pageants. Probably the most impressive of these is the formal entry into diskars opera, "Lafe for the Caar," will see the Grand theater—a most magnificent structure—before the emperor and empress, who will occupy in the principal tier. in any royal progress in any other coun-try: it has something of the tarbaric spiendor which conjures up to the imag-ination the triumphal processions of an-ever assembled beneath the roof of s playhouse. Lastly, the Kremlin ball, which will be participated in not only by persons of rark, but by many of humble station, who will journey from far and near, completes this record of the proceeds up the morning of May 21 from the Petrovsky palace, situated in the suburbs of Moscow, a city sacred to principal events in the long period rejoicings that are to mark the assump-tion of the crown and scepter of his em-pire by the young Czar Nicholas II.

Busy people have no time, and sensible people have no inclination to use a slow remedy. One Minute Cough Cure acts promptly and gives permanent benefits.

TO MAKE IT POPULAR.
