## THE GAME OF "MICAWBER"

Many People Waiting for Something  
to Turn Up Instead of Do-  
ing Business.

### REAL ESTATE MAN'S VIEWS

Let the Railroad Take Care of Itself: It is  
Making Good Progress—Other Mat-  
ters Need Attention—What  
of Commerce?

That there are "Micawbers" in Astoria, no one will doubt. They are waiting for something to "turn up." They might be doing business, but they are not. They might have confidence in the future of their city, but they have not. As a consequence of this state of affairs the development of the city of Astoria and the industries which might be inaugurated here are at a standstill. These sentiments were most forcibly expressed yesterday in conversation by a knot of gentlemen discussing the situation. There are many who are grumbling and growling because the railroad company has not yet seen fit to let the contract for the main line. One gentleman who is a well known real estate man, Mr. C. C. Van Riten, put matters very tersely. He said:

"For my part I say, let the railroad take care of itself. We know that it will be built within the limits of the contract time; we know that Mr. Hammond has all arrangements made to that end; we know that he is amply able to carry out every contract that he makes, on his own personal responsibility. What difference does it make who are his associates, or just what minute work will commence on the main line? It is a physical impossibility to complete the road this year, and it would have been impossible to put it in running order, even had construction commenced three months ago. Mr. Hammond and his associates know what they are doing, and it will be found, when all is known, that they have done the best and wisest thing, both for the railroad company and for the community at large. There are many delicate questions to be settled, and it is wisest to carefully consider every point and lay the foundation for a substantial superstructure. Work is rapidly progressing through the city; we will have the trains running between this side and the western peninsula in a few days, and when the time comes the whole line will be in operation, doubtless in good season for next year's wheat crop. What are we doing on our part to supplement the work of the railroad company and make it possible in the shortest space of time to develop to the fullest extent the resources of which this port is capable? Now is the time for every business man and every property owner to take such steps as will put him in a position unassailable in the future. If we do something for ourselves now and show Eastern capitalists, whom we expect to make investments here, and promote manufacturing enterprises, that we want something more than a mushroom growth and the mere opportunity of selling a few town lots at fancy prices, we will do more than we could by spending thousands in mere vapors about our advantages, towards establishing that solid business and supremacy in commerce which belongs to us and which is the one prime object of all right thinking men should work for.

"No, we are making a mistake, in not at once taking hold of the wheel and making some effort to bring about our own success. Never mind about depots and contracts. They will all come about in due course of time, and now is our time to make a good start for prosperity."

### COMMITTEE HAS RESIGNED.

Funds Cannot Be Raised for the Regatta  
and Firemen's Tournament.

At the meeting held last night in the athletic club rooms to consider the question of holding a regatta, there was a large attendance of the various committees in charge of affairs. The football committee, the regatta committee and the reception committee were fully presented. A full discussion of the matter was had from every point of view on business principles, and action was only taken after careful consideration of the who subject in all its bearings.

After canvassing the ground thoroughly the resignation of the regatta committee was accepted. This committee reported that they had carefully covered the whole territory and had thoroughly investigated the situation, under the present conditions of business, and in view of the fact that the firemen's tournament had already been arranged for about the same time, which event alone would require the outlay of more than a thousand dollars, it would be impossible to raise the additional sum necessary for the regatta. In lieu of holding a regatta it was decided to concentrate all efforts towards making a fitting reception for the

battleship Oregon when she shall arrive in Oregon waters to receive the silver service to be presented by the state. To that end President Kendall appointed the following committee to take charge of the affair: Collector C. H. Page, chairman; Mayor F. J. Taylor, President G. Wingate, of the Chamber of Commerce, Dr. M. M. Walker, and the Hon. C. W. Fulton. Dr. Walker will leave for Portland today, where he will confer with the Chamber of Commerce and reception committee of that city. Entertainments are to be given this week in Portland for the purpose of raising the balance of the necessary funds. The affair is one which interests the entire state, and it is only proper and becoming that the presentation should be made in Oregon waters. Astoria and Portland will work together harmoniously in this, as well as in other matters of the future, and no one can doubt the result.

### MOTHERLESS INSTITUTIONS.

(Harriet Taylor Upton.)

In most states in this union women cannot be appointed trustees of public institutions, because such trustees must be electors. There have been men who kept house for themselves or had only men servants in their bachelor quarters, and yet neither they, nor their friends ever thought of these houses or flats as homes; men have kept house but they never have made homes. Women are the home-makers and home-keepers. This characteristic of woman is just as important in the state as in the family. Men would think it a grave error if no one but women served on the board of trustees of soldiers' homes, if only women were physicians in, and superintendents of such homes. The writer smiles as she imagines what a furor would be created if all public institutions should suddenly be taken out of men's hands and put into women's. No woman would want such a thing to happen.

The writer believes that all public institutions, schools, libraries, lunatic asylums, soldiers' homes, etc., should have women trustees, directors, or whatever the term may be, for such officers, but she is a little more radical than many women. However, she cannot see how any woman can cease from making effort to have women trustees on boards of all public institutions, where women and children live, whether it is a lunatic asylum or a children's home. A most pitiable sight is a number of motherless children, whose father alone is trying to plan for their future. Yet just such a man who knows that some woman must help him out with his family cares, does not seem to think that the principle applies as well to the state.

In many states women have besieged legislatures until boards of visitors have been appointed. These boards, however, have neither responsibility nor authority. They visit the institution when they are expected and must report or make suggestions in writing to the trustees. The trustees need take no notice of such report. They occupy about such a position as a formal caller would to the motherless family above mentioned. Such a caller might be sympathetic and interested but her help would be of little value because of the relation she bore to the family. The writer doubts if a board of visitors does any good except to accustom men to seeing women about such institutions and to accustom women to serve on such boards.

### THE NEW MOON.

An old bachelor and a new woman were out promenading last night.

"Isn't this a lovely moonlight night, Miss Freshley?"

"Yes, and so romantic, Mr. Lovitt; see how the slim cloudy lines cross his majestic brow as though the man in the moon were angry at our being out so late."

"And do you notice, Miss Freshley, how strangely fantastic those small trees on Coxcomb Hill seem to encircle the moon's face, making it appear as though he had grown side-whiskers since his last appearance?"

"Ah, me, if Herman Wise could only see 'the grand moon,'" said the new woman; "I'm sure he would never go to sleep until he had put a poster on the moon advertising his special \$11.50 suit sale and the picnic he gives to his customers on the 25th of July."

### THE FOURTH AT OLNEY.

The celebration and picnic will be held in Kamm's grove, at Olney. Arrangements have been completed to assure a good time.

Steamer Mayflower will leave on the morning of the Fourth for Olney.

J. BUTT,  
A. NORMAND,  
B. DUNKIN,  
H. HARRISON,  
Committee of Arrangements.

## WILL TALLANT AND ASTORIA

Enthusiastic Clubmen and Athletes  
Sing the Great Runner's  
Praises.

### MULTNOMAH WINS EASILY

Californians Not in the Game at Any Stage  
—Olympics Will Have to Find Bet-  
ter Material—Astoria Par-  
tished the Winner.

The result of the athletic games in Portland yesterday was the source of unbounded enthusiasm on the part of local athletes yesterday, and large crowds swarmed continually around the Astorian's bulletin board. When the news came that Tallant had won the mile, the enthusiasm of the anxious watchers was only exceeded by the noise made in expressing it. But when the news of "Billy's" half-mile victory was received the crowds went wild.

Pitted as he was against such a man as Brown—a man to whom an easy victory was conceded in either the half or the mile—Tallant's performance was splendid; in fact, it was wonderful. The Olympics relied greatly on Brown and Edgren for the events in which they were entered, and having Portland men to compete against, Edgren did his work; but Brown caught a Tartar. Portland athletes conceded two seconds in his races, never dreaming he would show his heels to the Californian; but once again the Astorian has demonstrated his wonderful strength.

There is considerable satisfaction in the thought that the great city of Portland had to send to Astoria for a man to win two races. There is still more satisfaction in the fact that Tallant broke the Pacific coast record in the mile. He has made better time than 2:04 in the half, but was not compelled to yesterday. But the great Californian's scalp is dangling at Will's belt, and the city of Astoria is truly proud of her speedy son.

The performance of little Bert Kerrigan was the most wonderful of the day. Bert is only a "kid"—not yet 20 years of age; weighs 125 pounds and stands 5 feet 8 inches. Yet that little chunk of humanity won his three events. His high jump of 6 feet 2 inches was marvelous. Some time ago he jumped 5 feet, breaking the P. N. A. record, and the athletes of the state started at him in wonder. There must have been all kinds of enthusiasm let loose when little Bertie made that 6-foot-2 jump. He also won the running broad jump and the pole vault. In the broad jump he covered 20 feet 11 inches. Johnson, who was entered for this event, has cleared 21 feet 8 inches, it is said, but was in no condition yesterday. Still, that fact does not lessen little Bertie's honors. Bert has a large number of warm friends in this city who were overjoyed at his wonderful work.

### TIDAL WAVE AT HAWAII.

Swept Away Buildings, but No One Was Drowned.

San Francisco, June 27.—The steamer Gaelic arrived from Yokohama and Hongkong tonight, bringing the following news to the Associated Press:

Honolulu, June 26.—A tidal wave reached Honolulu on the 15th. The wave was quite severe on the island of Hawaii. At Kailua, on the Kona coast, the water rose to a height of 20 feet. At a small village on the coast the water rose to 40 feet. A number of dwellings along the shore were washed away, but no lives were lost. It is believed that the wave came from the northwest.

### NEW WORLD'S RECORD.

Murphy Makes One Hundred and Fifty Metres in Nine Hours.

Paris, June 27.—At Velodrome de Seine today, Murphy covered 150 metres in nine seconds, flying start, making a new world's record.

(One hundred and fifty metres is almost 165 yards.)

### SOUND MONEY ENDORSED.

Portland, June 27.—The Republicans held a large meeting at the Marquam Grand tonight to ratify the nomination of McKinley and Hobart, Judge Geo. H. Williams and others made short addresses. Resolutions were passed strongly endorsing the platform adopted at St. Louis.

Meanly is the leading tailor, and pays the highest cash price for fur skins.

## WILL DISRUPT THE PARTY

A Free Coinage Democratic Candidate  
at Chicago Will Cause  
Ruin.

### COMPROMISE IS IMPOSSIBLE

Sound Money Democrats Will Do All They  
Can to Save Their Party From Dis-  
honor, and the Nation  
From a Fiasco.

New York, June 27.—William C. Whitney today gave out the following informal interview:  
"What are the chances for sound money in Chicago?"  
"Unless the situation changes and our Southern and Western friends are disposed to reason with us, no chance whatever."  
"What do you hear from the South and West?"  
"Judging by letters I receive, there is no apparent disposition to discuss the matter at issue. I fear it has gone beyond that point."  
"Have you asked Senators Gorman and Bruce to attend the convention as a party duty?"  
"No; they have no reason to believe they could accomplish anything. None of us have."  
"If a free coinage candidate is nominated on a free coinage platform, what will be the result?"  
"Practically, it will disrupt the Democratic party. No power on earth can coerce or persuade sound money Democrats to forsake the fundamental principles of Democracy. They do not regard this question as either factional, sectional or political. The maintenance of the nation's credit is a matter of national honor."  
"Then you do not look for a compromise?"  
"Compromise is impossible. Debasement of the currency would be more than monstrous in effect. It would be an abandonment of principle. It would disgrace every citizen. It would be merely dishonest; it would be dishonorable; and you cannot compromise a question of honor."  
"What do you expect to do in Chicago?"  
"Do everything in our power to save the party and protect the country. The crisis which has come upon us is the most serious menace to national prosperity and the welfare of the people since 1840. This is a time when all men who love their country must stand together to avert, if possible, public disgrace and the wreck of hundreds of thousands of homes throughout the entire country."  
"You do not despair of success, then?"  
"No; we cannot tell how the attitude of Eastern Democrats will affect the determination of Southern and Western Democrats, who have not known until within the past week how strong the feeling here is. A vigorous expression of our position may cause hesitation, especially among the rank and file of the Democracy, who we cannot believe, want to drive all Eastern Democrats out of the party. I know some of the leaders assume that attitude, but I am not yet convinced that the people are behind them, and if not, they will make their wishes known and felt."

### WON THE WRESTLING BOUT.

Portland, June 27.—H. Greenland, of the Multnomah Club, tonight won the wrestling match from Charles Krelling, of the Olympic Club. The match was Greco-Roman, and Greenland won two out of three falls.

### SPEEDY JUSTICE METED OUT.

Awful Murder at Fort Niobrara, Nebraska.

Omaha, June 27.—A special to the Bee from Valentine, Neb., says:

Fort Niobrara was the scene of a murder and the almost instant execution of the murderer, under military orders today. Just before the guard mount, Private Weaver, of Company C, who was sitting on the company porch waiting under arms to go on guard, suddenly drew his rifle and, after taking deliberate aim, shot and instantly killed First Sergeant Livingston, of Company D, who was passing along the roadway. When the sergeant dropped four men ran and picked him up, when Weaver fired four shots at them, forcing them to drop the sergeant and run for shelter.

Weaver then fired several more shots, aiming at anyone who happened to come within range of his rifle, but without effect. Then First Lieutenant Clark, of the 12th Infantry, who was in D Company's quarters, ordered Private Strine, Company D, a member of the guard, to shoot Weaver, which he did, the ball striking Weaver's rifle near the butt, shattering it, and afterward entering his body, from which he died within an hour.

The only provocation known for the act is that a few days ago Weaver became engaged in an altercation with Private McLeroy, of Company D, in which he followed McLeroy into Company D's barracks and was expelled therefrom by Sergeant Livingston. He swore vengeance on the sergeant at the time.

### AWFUL MURDER AT FORT NIORARA, NEBRASKA.

Omaha, June 27.—A special to the Bee from Valentine, Neb., says:

Fort Niobrara was the scene of a murder and the almost instant execution of the murderer, under military orders today. Just before the guard mount, Private Weaver, of Company C, who was sitting on the company porch waiting under arms to go on guard, suddenly drew his rifle and, after taking deliberate aim, shot and instantly killed First Sergeant Livingston, of Company D, who was passing along the roadway. When the sergeant dropped four men ran and picked him up, when Weaver fired four shots at them, forcing them to drop the sergeant and run for shelter.

### NEW WORLD'S RECORD.

Murphy Makes One Hundred and Fifty Metres in Nine Hours.

Paris, June 27.—At Velodrome de Seine today, Murphy covered 150 metres in nine seconds, flying start, making a new world's record.

(One hundred and fifty metres is almost 165 yards.)

### SOUND MONEY ENDORSED.

Portland, June 27.—The Republicans held a large meeting at the Marquam Grand tonight to ratify the nomination of McKinley and Hobart, Judge Geo. H. Williams and others made short addresses. Resolutions were passed strongly endorsing the platform adopted at St. Louis.

Meanly is the leading tailor, and pays the highest cash price for fur skins.

### MARKET REPORTS.

Liverpool, June 27.—Wheat, spot, quiet; demand, poor; No. 2 red winter, 58 1/2; No. 1 hard Manitoba, 48 1/2; No. 1 California, 38 1/2.

Hops—Easy; state, 1894 crop, 2 1/2@3 1/2; Pacific coast, 1894 crop, 2 1/2@4 1/2; 1895 crop, 3@7.

### TODAY'S WEATHER.

Portland, June 27.—For Washington and Oregon, fair weather, warmer, except stationary temperature on the coast.

### TO BETTER THE MAIL SERVICE.

As railroad service is to be instituted between Astoria and Seaside in a short time, it has been decided that mail service shall be established over the route, which has heretofore been a star route. Assistant Superintendent Valle, of the railway mail service, has gone to Astoria to make the necessary arrangements for the service. This will be a great accommodation to visitors at the seaside during the season, as it is probable it will put a stop to the complaints about poor mail service which have heretofore been so numerous from people staying at the beach—Oregonian.
