## EVERYBODY WANTS REGATTA

Business Men Double Their Subscriptions and New Names Added.

### THE LADIES TO TAKE HOLD

As the California Carnivals Were Made Successful, So Will Astoria's Regatta Be a Leading Feature of the State.

The business men of the city are enthusiastic in regard to the movement for a regatta. Many who last year did not contribute for this purpose, have indicated a willingness to do so now. The special committee have been assured by a large number who subscribed last year, that they will give the same amounts this time, and in many cases subscribers have doubled their gifts in order to make sure of having the entertainment. P. A. Stokes, Griffin & Reed, S. Danziger, and many others yesterday afternoon advised the committee that they would not only do as much as they had done for the previous season, but that they would use all of their influence to help the project along.

Many business men yesterday expressed a desire that the old committee should again take hold of the matter vigorously, and that they should secure the services of the ladies of the city. For weeks past the San Francisco papers have been full of accounts of the various fetes and carnivals held at different points in the state. In all of these events the ladies figured very prominently and were largely instrumental in the success of the different affairs. It can certainly be stated that financial matters are in no better shape in California than in Oregon. Yet you cannot find a city where one of these carnivals has been held but what will say that it was benefited very largely by the event. The ladies of Astoria will assist the committee in the regatta matter and Astoria will have a regatta, regardless of hard times. She needs it for every reason, and the arguments are so plain in favor of the proposition that a blind man could read them while running.

The committees will call upon the property owners as well as the business men for contributions, and they think that all will respond cheerfully, because what helps the town generally and the largest portion of its business men, helps every one else in the community. The transportation companies and the people on the west side of the bay will come in handsomely. Others cannot do less in proportion.

It is proposed to hold a fair during regatta week at which will be exhibited products of the farmers of Clatsop county. There will be a poultry show, exhibits of fish, butter, fruits, grain etc. One grand carnival, Doneybrook Fair, regatta and firemen's tournament combined to celebrate the year in which the battleship Oregon was commissioned and the Astoria railroad secured.

### THE FOOTBALL SEASON.

Interesting Games Arranged for the Year 1896.

The first meeting of the newly formed Oregon-Washington Association Football League, held in Iwaco last Monday evening, was attended by delegates from seven clubs in the two states. Forty-six games are to be played during the season, and the Smith's Point grounds in this city, the Long Beach grounds, and the South Bend grounds are to be used an equal number of times. The opening game of the league will be played at Long Beach on the 12th inst., between South Bend and Iwaco, two of the strongest teams in the league, and this will be followed in quick succession by several other scheduled games, in many of which Astoria will take part. The following officials of the league for the year were elected at the meeting: President—J. Murray, of Iwaco. Vice President—J. G. Cameron, of Portland. Secretary—H. J. Hubler, of South Bend. Treasurer—Frank M. Gunn, of Astoria. Club representatives on the governing board—A. F. C.—The treasurer, and J. R. Rathorn. Iwaco F. C.—The president and J. Wilson. South Bend F. C.—The secretary and A. J. Ferrundini. Chinook F. C.—R. Hulme, and D. Thomas. Wallacott Rangers—H. McNab and R. Becker. Oregon City—J. A. Black, A. Thornton.

This F. C., of Portland—the vice-president and A. Watson. Astoria High School—F. Dement and J. Abercrombie.

The team winning the championship will be presented with a magnificent silver cup, and each individual member of the successful eleven will receive a massive gold medal. The runners up (second team on the list) will get eleven silver medals. All the old A. F. C. hands are getting into training again to help the local boys win the cup.

## IT IS EXCITING IN CHICAGO

### THE CANADA THISTLE.

The County Court Petitioned to Take Steps to Remove the Weed.

Judge Gray, of the county court, has within the past few days received various petitions and communications requesting some action on the part of the county court to eradicate the Canada thistle, which is rapidly becoming a nuisance in Clatsop. The court will consider the question at its session next Monday. The following are extracts from the notes of the Oregon legislature on this subject, approved Feb. 25th, 1895:

Sec. 1.—That it shall be the duty of the supervisors of the several counties in this state, in addition to the duties hitherto prescribed by law, to cause the destruction, in the matter which to the said supervisor shall seem the most effective, of the weed known as the Canada thistle, where such weed shall be found growing upon the public highways and county roads of this state.

Sec. 2.—It shall be the duty of all municipal corporations and county authorities in this state to provide for the extermination of said Canada thistle, within the limits of such corporation, or within the vacant lands of such county, and any city, town or corporation within this state neglecting or refusing to comply with the provisions of this section, shall be liable to a forfeiture to the state of a sum not less than \$50, nor more than \$100, to be recovered by suit in the name of the state in any court of competent jurisdiction.

Sec. 3.—That it shall be the duty of the several district attorneys of this state, to prosecute all suits brought under the provisions of Section 7, within their respective counties, and such attorneys shall be entitled to a fee of \$25 for every judgment rendered in favor of the state in such suits, and shall be entitled to a fee of \$10 for every suit brought under the provisions of this act when judgment is rendered against the state.

### GENTLEMEN'S FASHIONS.

The prevailing fashion in men's suits seems to be the soft, dressy worsteds in black, blue, grey and chocolate color, although black, blue and brown chevrons are still very popular. Some of the younger men and a few older ones still cling to checks and figures in lighter shades. There is no particular change as to cut. The round or square collar, double breasted or track suits are equally well liked.

But the best part of it all is that Herman Wise offers an assortment of over 500 of such stylish garments for \$11.50 a suit.

### ATTENTION, O. D. H. S.

All members of the order of "Sons of Hermann" are requested to meet at 9 o'clock a. m., July 4th, for the purpose of taking part in the Fourth of July parade.

### OREGON CRIMINAL CAUGHT.

Seattle, July 2.—Sheriff Plummer, of Dallas, Oregon, arrived in this city yesterday with requisition papers and Harry and Bert Simmons, father and son, accused of burglary, who broke jail at that place several weeks ago. Deputy Sheriff Morgan, of this county, located the men at Snoqualmie and they were arrested there today. They will be taken back to Oregon tomorrow.

### McKINLEY'S FATE SETTLED.

Minneapolis, July 2.—The silver Republicans of this state today issued a manifesto announcing that they can no longer stand by the party on account of its single gold standard platform. Bimetallism is pointed out as a fundamental principle of Republicanism and the dire results feared from a monometallic financial basis are delineated upon.

## MANY HEADS ARE BROKEN

The Strikers in Cleveland, Ohio, Run Against the Policemen's Clubs.

### MILITIA CALLED BY MAYOR

Union Men Attempt to Lynch Young Man Who Defended Himself, and Were Held at Bay by the Bayonets of the Soldiers.

Cleveland, July 2.—The strike at the Brown Hoisting Company's works has reached a critical point. When the non-union men left the works at 5 o'clock this afternoon there was rioting.

Two hundred and fifty police emerged from the gates guarding 500 workmen. The strikers set up a yell and ran, soon overtaking the marching column, hooting and yelling. The police used their clubs on the strikers with such effect that some of their heads were soon swollen masses of cuts. One man's ankle was broken. The police charged the crowd. Frank Cooper, a machinist, a workman from work, and not a striker, was caught in the crowd and severely clubbed on the head. The strikers were dispersed by the onslaught of the police and the non-union men were sent home.

Meanwhile a tragedy had taken place at the Brown works. Albert Saunders, a young student of the Case School of Applied Science, has been working for the Brown Company during vacation for the practical knowledge it would give him. He did not leave with the non-union men under police guard, but mounted his bicycle and sought to reach home alone. As he turned up Hamilton street a knot of strikers saw him and shouted to him to stop. He did not obey and they began to throw stones and bricks at him. A brick struck him on the head and knocked him off the wheel, and he claims that after he was down they continued to stone him. Rising to his knees he drew his revolver and fired. The ball missed his assailants and buried itself in the breast of William Rettger, one of the strikers who was walking through an alley with several companions. Rettger was sent to the hospital, where he died in a few minutes.

Young Saunders was hurried into the office of the Bishop Babcock Company. In a wonderfully short space of time a furious mob packed the streets and surged against the front of the office, demanding that Saunders be given up to it. Some one brought a rope and the cry to lynch him was raised.

It is the general opinion that the woman has become a devotee of religious devotion and brooding over her sister's wrongs.

### NEWSPAPER TO THE WALL.

New York, July 2.—Upon the application of Samuel Untermyer, as counsel for the officers, creditors and stockholders of the New York Recorder, Justice Andrews today appointed George W. Turner receiver of its property. Untermyer, when asked as to the reason for the receivership, said:

"The appointment of a receiver is the result of a friendly understanding between all interests. The receivership is a part of a general plan for reorganization and is not due to any diversity of interest of the parties."

The bonded debt of the company is \$200,000. The unsecured debts amount to \$345,000, and its machinery and accounts are estimated at about \$15,000.

The petitioner was Mr. Patterson, treasurer of the company, who says the good will of the paper is its principal asset.

The news service of the Recorder is supplied by the United Press.

### McKINLEY'S MOVEMENTS.

Canton, July 2.—Gov. McKinley drove with his brother, Abner, to his aged mother's home this morning to bid her goodbye. Mrs. Nancy Allison McKinley leaves this afternoon with Mrs. Abner McKinley for Somerset, Pa., where Mr. and Mrs. Abner McKinley have a summer home. There was a constant stream of visitors to McKinley's home all the morning. The Christian Endeavor delegates of the state convention assembled here, predominated in numbers.

### STOPPED IN THE FIRST ROUND.

San Francisco, July 2.—The fight between Billy Smith and Billy Gallagher tonight was stopped by the police in the first round.

### THE MARKETS.

Liverpool, July 2.—Wheat, spot, quiet but steady; demand poor; No. 2 red winter, 5s 15d; No. 1 hard Manitoba, 4s 10½d; No. 1 California, 5s 2d.

## THE VOTE ESTIMATED.

Chicago, July 2.—It being understood that the territories are to be allowed six votes each, and that the District of Columbia is to have six votes also, the total number of votes in the convention is 918. Then 460 would be a majority, and 612 a two-thirds majority. Of these votes the silver men today claimed these states: Alabama, 22; Arkansas, 16; California, 18; Colorado, 8; Florida, 5; Georgia, 26; Idaho, 6; Illinois, 48; Indiana, 40; Iowa, 26; Kansas, 20; Kentucky, 26; Louisiana, 16; Maine, 5; Minnesota, 7; Mississippi, 18; Missouri, 24; Montana, 6; Nebraska, 16; Nevada, 6; North Carolina, 22; North Dakota, 6; Ohio, 28; Oregon, 8; South Carolina, 18; Tennessee, 24; Texas, 20; Utah, 6; Virginia, 24; Washington, 8; West Virginia, 12; Wyoming, 6; Alaska, 6; Arizona, 6; District of Columbia, 6; Indian Territory, 6; total 598.

The gold standard people are left, on this basis, with only these states: Connecticut, 12; Delaware, 6; Florida, 3; Maine, 7; Maryland, 16; Massachusetts, 30; Michigan, 28; Minnesota, 11; New Hampshire, 8; New Jersey, 20; New York, 72; Ohio, 8; Pennsylvania, 64; Rhode Is-

land, 8; South Dakota, 8; Vermont, 8; Wisconsin, 24; total 234.

In connection with these figures it will be noticed that the silver men lack but sixteen votes of having the necessary two-thirds to nominate, but they claim that eight votes counted for gold in Ohio would come to them after the temporary organization, while the Michigan votes are also expected.

It will be further noticed that Nebraska is figured in the silver column and this is because that while there is a contest, the silver men say they will see that the gold standard men are not seated. It is security in this preponderance of votes that makes the silver leaders confident of ultimate victory.

Decisions upon the abrogation of the two-thirds vote on nominations may be delayed until after the temporary and permanent organization and until the convention is ready to nominate. Then, unless the gold standard men will recognize the superiority of numbers and succumb to the inevitable, the silver men will force the issue and rescind the long standing rule.

The Alaska delegates are put down in the silver column but they are undoubtedly for gold.

### OREGON HEARD FROM.

Chicago, July 2.—L. P. Mullinix and John Welch, delegates from Oregon, have opened headquarters at the Palmer House and are booming Hon. Sylvester Penoyer as a compromise candidate. They are handing out cards with a picture of Penoyer on one side and his record on the other. The record shows that he has been always successful before the people of Oregon and while the state has always gone Republican, Penoyer as a Democratic candidate has always carried it.

### TRIED TO SHOOT HIM.

Sister of Lillian Ashley Wanted to Kill Baldwin.

Special to the Astorian.

San Francisco, July 2.—During the progress of Lillian Ashley's suit against E. J. Baldwin for \$75,000 for seduction, this morning, Emma Ashley, sister of Lillian, tried to shoot the millionaire defendant. She fired at Baldwin, but the bullet missed. The woman placed the revolver within two inches of Baldwin's head.

Miss Emma Ashley, speaking of her attempt to kill Baldwin, said: "It would not have been murder; it would have been retribution. I tried to kill that man because I believed it my duty before God to rid the world of the wretch who seduced by innocent sister and dragged her down to the lowest depths. I believed it to be God's will that he should die by my hand, but it was not to be and I accept his will. My act was inspired by what I conceived to be my duty to God and humanity."

It is the general opinion that the woman has become a devotee of religious devotion and brooding over her sister's wrongs.
