THE SUMMER SCHOOL PROGRAM

Full Resume of the Events to Take Place During the Coming Session. MANY TEACHERS ARE BOOKED. Quarters Enlarged and the Course of Instruction Promises to Be Particularly Interesting—The Arts and Sciences.

The catalogue of the summer school, to be opened for its session of this year July 21, at Gearhart Park, contains many matters of interest. A very strong corps of teachers and lecturers is advertised, among whom are a number of new courses. Prof. Washburn will give a very valuable course in biology, and for a thorough study of both sea and land life the school has as good a location as there is. A station ought to be built on one of the creeks at Gearhart to prosecute and illustrate such study.

Prof. Friedel will be there and give a course in electricity, and a public lecture upon the Roentgen photography, in which there has been so much interest during the last winter. Prof. Friedel was the first on this coast, outside of Berkeley, Cal., to photograph the bones of a man's hand.

The following is a resume of the course as advertised: President C. H. Chapman, University of Oregon, Eugene. The Extension Class in English Literature of the University of Oregon will hold a reunion at Gearhart during the session of the school. President C. H. Chapman will deliver a course of lectures and conduct a certain number of recitations. He will supervise the reading of Shakespeare's Tempest and Tennyson's Princess and In Memoriam. All students interested should bring copies of these works.

Art—Miss Ellen C. Turner, Portland, Oregon. Drawing—Preparation of teachers for public school work in form study, drawing and color and clay moulding. Primary and grammar courses. Painting—Lessons in oil, water color and china decoration and outdoor sketching.

Physical Education—J. R. Wetherbee, director of Physical Education, University of Oregon, Eugene. There will be daily exercises in this department and one public lecture on the topic "Physical Training and Brain Fever," by Mr. Wetherbee. There will also be a series of talks to the class on School Hygiene and Methods of Teaching Physical Exercises.

THE OLD GUARD AND MCKINLEY

Enthusiastic Greeting by 500 Veterans to the Major at His Canton Home. COUNTRY'S HONOR ASSAILED. Financial Dishonor the Threatened Danger and All Good Men Will Obliterate Fanny Lees and Uphold American Honor.

Canton, July 16.—Five hundred old veterans, comrades of the war, called on Major McKinley this afternoon. They came from Cleveland on a special train and they called to congratulate him as "comrades," and not as Republicans or Democrats, as their spokesman said. Addresses were made by Commander Hugh Buckley and others. Major McKinley responded in part as follows: "Fellow citizens: I respond to your call with special gratification. Nothing gives me greater pleasure than to meet at my home my comrades in the civil war. The ties of fraternity and friendship grow stronger and dearer as the years recede, and the old guard, one by one, is called home.

There has been no time since they laid down their arms when we had greater need for patriotic men than now and the response to the crisis of the hour will now come from all sections of our common country. (Great applause.) We have reached a point in our history when all men who love their country must unite to defeat by their ballots the forces which now assail the country's honor. The struggle which is upon us, involving the national good faith and honor, will not last their united and earnest services until those who are routed against the public faith shall be routed and dispersed. Financial dishonor is the threatened danger now, and good men will obliterate the lines of party in a united effort to uphold American honor."

BRYAN IN MISSOURI. Receives an Ovation in Kansas City Which Should Turn His Head. Kansas City, July 16.—Ten thousand people stood packed in the thoroughfares in front of the Coates House and howled themselves into a perfect frenzy of delight and enthusiasm over William J. Bryan, the Democratic presidential nominee, tonight. The cheering began at least an hour before the candidate was advertised to appear, and it was kept up with an occasional lull, until the distinguished silver advocate appeared on the balcony of the hotel. Then the vast throng broke out with redoubled energy and gave him an ovation that was not unlike that which he received after his famous speech at the Chicago convention.

A. O. U. W. ELECTION. Portland, July 16.—The most important business of the A. O. U. W. grand lodge session today was the election of grand lodge officers for the ensuing year. It resulted as follows: E. Worlin, of Industry Lodge No. 8, Portland, Grand Master; S. A. McFadden of Protection, No. 2, Salem, Grand Foreman; D. C. Herren, of Temple, No. 3, The Dalles, Grand Overseer; Newton Clark, of Riverside, No. 5, Hood River, re-elected Grand Recorder; R. L. Durham, of Hope, No. 1, Portland, re-elected Grand Receiver; William Armstrong, of Valley, No. 18, Salem, Grand Trustee; D. C. Herren, Grand Instructor. This last office is a new one in this jurisdiction. It was created by a vote of the grand lodge, and is similar to that of grand organizer in some other jurisdictions.

MINNESOTA SILVERITES. Minneapolis, July 16.—The silver men are jubilant today at the success of the state convention called by national Committeeman James Griffin, of the American Silver Organizations, to name three delegates to the St. Louis convention, July 22. The great majority of those attending are Republicans, but this is not deprecated by the silverites, as they expect favorable action to their cause from both Democrats and Populists when they meet in their state conventions later on. The convention adopted resolutions commending Bryan as president and presenting John Lind to the people of Minnesota as candidate for governor.

COMPROLLER ECKELS TALKS

Believes That the Nominees of Chicago Convention Should Be Defeated. HE FAVORS ANOTHER TICKET. A Four Month's Campaign on Educational Lines With Democratic Speakers and Papers Attacking Chicago Platform.

Washington, July 16.—J. H. Eckels, comptroller of the currency, said today: "I believe the nominees of the Chicago convention ought to be defeated, because of the principles enunciated in the platform upon which they stand and which they unqualifiedly endorse. These principles, if crystallized into law, would in my mind inevitably work irreparable loss to every class of citizens and cause conditions of distress on every hand. They are not in accord with either the history, teachings or traditions of the Democratic party and therefore cannot demand the support of Democrats. The point of interest with Democrats who reject the action of the convention ought to be the largest and most effective majority that can be secured against the ticket named. My own view is that the naming of candidates of high character and the framing of a platform sound in every particular would aid to this end. It would afford opportunity, which otherwise would be wanting, to discuss this question before Democratic audiences by Democratic speakers. A four month's canvass carried out upon educational lines with the Democratic speakers and papers attacking the Chicago platform, would lose to the candidates standing upon it many thousand votes which otherwise might, through a lack of knowledge or indifference vote for them. It will not cause any Democrat who is determined to vote for the Republican nominees, the better in the end for the usefulness of the party."

JEALOUSY AND ACID. Three Women in Trouble Over a Recreant Husband. Butte, July 16.—Mrs. Rose Heimboch, wife of Ed. Heimboch, of Meaderville, became jealous of the attentions her husband paid Mrs. Thomas Snelling. In company with her sister, Mrs. Hopkins, she went to the Snelling home today and calling Mrs. Snelling into the parlor, Mrs. Heimboch threw a pint of sulphuric acid on her. Mrs. Snelling is terribly burned and will die. Mrs. Heimboch and her sister are under arrest. The latter is a raving maniac in the county jail, and is expected to die also.

STAVIER MATCHED. Portland, July 16.—John F. Stavier, the bicyclist, was today matched against the well known pacer Chehalis (2:37 1/2), for \$500 a side, flying start. The race will take place July 25 on the Irvington track. Stavier holds the Northwest record for a mile, of 2:56. The race will be run two in three heats and Stavier will be paced by H. F. Terrell and H. B. Freeman.

NEW O. R. AND N. CO. Portland, July 16.—The O. R. and N. Company filed articles of incorporation today preparatory to a re-organization of the old company. The capital stock of the new company is \$35,000,000. E. McNeill, Henry Felling and W. W. Cotton are the incorporators.

BUSINESS REVIVING. New York, July 16.—The total land sales of the Northern Pacific during the fiscal year just closed amounted to \$1,641,551. This is an increase of nearly \$1,000,000 over the land sales of the previous year and is cited as evidence of a revival of business and settlement in the Northwest.

THE OLD GUARD AND MCKINLEY

Mr. McKinley to make a trip through the West, or at least to deliver some speeches in that section of the country. Some of the Western committeemen are strongly in favor of having the campaign opened in Omaha, or Lincoln, Neb. SHOTS NEAR HAVANA. Government Outposts Attacked by the Rebels, but Without any Effective Results.

Havana, July 16.—Rebel bands hovering in the districts just beyond Guanabacoa are more active. They have fired upon various government posts in the outskirts of the city, the Spanish garrisons in the Santa Maria and other forts in the suburbs responding with desultory firing. For half an hour there was great excitement. The insurgents finally retreated, carrying their wounded with them. The attacking parties displayed such poor marksmanship that they neither killed nor wounded any member of the garrisons in the outposts defending the city. From Pinar del Rio General Bernal officially reports having sustained, near Mayeyes de Remates, for two and one-half hours, a combat with various insurgent bands, entrenched in strong positions in the vicinity. In view of their tenacious resistance against repeated Spanish charges, Bernal personally led the last and successful attack, the artillery co-operating with good effect. The rebel camps at Basney and Blanco were taken by storm and a great quantity of munitions captured. Bernal had only 600 men. He calculates the strength of the insurgents at upwards of 1500, commanded by Ramon Lazo. It is reported that the latter was seriously wounded in the fight. The Spanish loss is given at eleven, between killed and wounded. The rebels, in their flight, left thirty-one dead on the field. The peasant families in the vicinity say they also carried away many wounded.

MADRID RECEIVES A REPORT OF MACEO'S DEATH. Madrid, July 16.—A dispatch to the impartial from Havana says it is officially stated that Jose Maceo, the rebel leader, and brother of Antonio Maceo, the second in command of the rebel forces, was killed in a recent fight in the province of Santiago de Cuba. The anniversary of the birth of the Queen Regent will occur on July 26. In honor of the day, Captain General Weyer will release all prisoners who have been arrested on suspicion of complicity in the rebellion. Clemency will also be extended to other prisoners. The rebel leader, Tapanes, was shot today at Sagua.

BRYAN AT SEDALIA. Kansas City, July 16.—By far the largest crowd that Bryan has yet addressed since he left Chicago was that which gathered at Sedalia, Mo. At least 8,000 people were gathered in the thoroughfares leading to the depot. PORTLAND EXPOSITION. Portland, July 16.—It was decided today to hold an industrial exposition in this city, beginning September 13.
