## New Astoria...

Is located at the terminus of the Astoria and Columbia River Railroad, at the mouth of the Columbia River.

It fronts on the deep water of the Columbia River Harbor, and being perfectly protected from wind and seas, affords the very best docks for ships on this bay; therefore, it is the exact spot for the seaport of the great Northwest.

These facts were recognized by the Astoria & Columbia River Railroad Co. when

**New Astoria Was Selected as the Starting Point for their Railroad and the Location for the Terminals.**

New Astoria is platted upon a plane high enough for perfect drainage, and well protected by a high ridge behind it.

Its streets and avenues are wide, and, in fact, it is laid out on modern plans.

Extensive street improvements are now under way.

An office has been opened by the proprietors one door east of the Crosby hardware store. Call to be shown the merits of this property, and invest.

### AROUND TOWN.

Who would lose, though full of pain, this intellectual being. Those thoughts that wander through eternity. To perish, rather, swallowed up and lost in the wide womb of uncreated night, devoid of sense and motion.

—John Milton.

Dr. W. I. Howard, Homoeopathist, 556 Commercial street.

There was little or no business in the county courthouse yesterday.

Business with the merchants yesterday was reported as very good.

Just received, a choice stock of fine teas, coffees and spices, at Ford & Stokes Co.

Best ice cream in town, cheap. Parlors for ladies. Astoria Creamery, 455 Duane street.

Cream from the celebrated Mikado cream separator, fresh every day, at Ford & Stokes Co.

An extension is being built to the book cases for the big tax rolls in the county clerk's office.

Bailey's Complexion Brushes remove freckles, tan and blackheads. Sold by Charles Rogers, Druggist.

Regatta collections are still coming in and there is every assurance that sufficient funds will be raised.

Captain Charles Richardson, of the Columbia, wears the most unique campaign button yet seen in Astoria.

All that the Tiptonville people know now is that there is a big run of fish and everybody is busy taking care of it.

Go to the Spa for your candies and ice cream. The only first-class place in town. Crushed fruits always on hand.

Ice cream by the bushel at C. B. Smith's. Ice cream soda a specialty. Private parlors for ladies. 453 Commercial street.

Mrs. Carrie Ray, medium. Readings daily, 50 cents. Test circle Tuesday and Sunday nights, 10 cents. 440 Bond street, Room 2.

The street cars yesterday did a rushing business. All wanted to ride on the trolley car, and the conductors had their hands full in the afternoon.

The warship Philadelphia which left out yesterday afternoon for Port Angeles, is rumored, left behind a number of sailors who were visiting on shore.

A large consignment of new dump cars, picks, shovels and other tools, with a lot of horses, were unloaded at Ranier yesterday for the railroad contractors.

The funeral yesterday afternoon of the late James McEwan was largely attended. The services were conducted by the Rev. Mr. Short, and the interment made at Greenwood.

Be sure to attend the Epworth League social tonight at the residence of Mrs. Bussey, corner 6th and Grand avenue. Take along your friends and have a good time while patronizing a good object.

Municipal Judge Nelson was the winner last night of the blyde at Ford & Stokes raffle. The lucky number was 22A. The judge immediately disposed of his wheel to Walter Stokes at a good profit.

Yesterday afternoon at the can factory Harry Wheeler had one of his fingers almost cut off by the machinery. The wound was a painful one, but the little fellow is doing very well and bravely stood the dressing of it.

C. B. Smith, the confectioner, carries the only complete stock of French and American candies in the city. Prices from 10c to \$3.00 per pound. All mail orders receive prompt attention. Fresh candies manufactured every day. 433 Commercial street.

Fish, fish, fish everywhere, was the cry heard on all sides yesterday. Either it's too hot or too cold, too watery or too dry, there are no fish or too many fish. All should be thankful, however, that there is so good a run with which to wind up the fishing season.

A big fire was noticed yesterday afternoon on the mountain side near Crooked Creek. Evidently somebody was burning over a large tract of land. To say nothing of the moral aspect of such affairs, it seems a terrible waste of fuel which some day or other might keep many families warm during the long winter.

Captain Richardson, of the Columbia, will leave out this morning for another trip to Destruction Island. He will take with him Captain Fiske, of the United States engineering corps, who will inspect the repairs and improvements recently made at Destruction Island. The newest fad with the ladies, particularly the younger ones, is making collections of campaign badges. The independent girls take all kinds of buttons, Democratic, Republican, Populist, Prohibitionist, and Free Silver; but the girl who believes her father's politics to be just about right, will receive no badges except such as represent his ideas.

City Attorney Curtis, in removing his office from Ninth street, where his rooms were on the second floor, to his present location, retained his old sign, which read, "City Attorney, Upstairs." Now he is in a single story building. A man looking for him yesterday, reading the sign got a ladder and went up on the roof to look for the city law giver. It is safe to say he did not find him.

J. M. Hughes, Fay Gerald, H. Wagner and W. P. Swope, of Astoria, E. A. Evans, J. S. Sharp and L. H. Wagner, of the Chicago Portrait Company, and E. R. The strangers of the party have heard often of the superiority of the Oregon beaches, and they came down to investigate. The party go well prepared for an enjoyable time.

Mr. A. Wingate, who returned from Portland yesterday, stated to an Astorian representative that business in the metropolis is quite dull. He was informed by a friend of his that the banks of that city were refusing to loan money on the best of securities, and that they would probably continue to do so until after the November election. The attitude of Oregon politicians on the money question has frightened the money owners to a more or less extent throughout the state. This has had of course a depressing effect on all kinds of business enterprises. Mr. Wingate was of the opinion that Oregon has had enough free silver already.

### AT THE SUMMER RESORTS.

New attractions are daily presenting themselves at the beaches and the resources of these resorts are so extensive that no one form of amusement is given an opportunity to become monotonous.

The latest novelty at Gearhart is a large seal which was washed ashore about a mile above the hotel a day or two ago. It was discovered by a bathers who had become separated from the throng further below, and as soon as the announcement of its presence was made the crowd deserted their momentary pleasures for the new found curiosity.

A number of whales were plainly visible from the beach Tuesday and afforded an additional object of interest to those who were watching the lighthouse tender Manzanita discharging stores at the Tillamook lighthouse.

At Seaside a most enjoyable evening was spent on the beach, where music and an excellent display of pyrotechnics kept the merry crowd until the wee hours of the morning.
