> the Burlington Route's New Short Line to the East and South was opened for business.

During these 18 months thousands of travelers have patronized it and by so doing have not only saved much valuable time but have gained new ideas of how a railroad should be run.

They have learned, among other things, that Burlington trains are always on time; that the Burlington's track is incomparably superior to any other in the West; that the phrase Comfort, Speed and Safety means something on the Burlington.

Most so-called "salmon twines" are colored with acids. The acids rot the fibre and render the material useless. In the office of Elmore, Sanborn & Co. is an object lesson that ought to be examined by all fishermen. It is the whole of the there and examine the color right through. You will see then why Marshall's is called the best in the world.
