THE BIKE PARADE

Grand Turn-out by All of the Wheels in the City.

One of the Most Beautiful Events of Regatta Week—Miss Maud Stockton and O. Small Win.

Promptly at 7:30 last evening, the bicycle parade formed at the cyclery and wheeled through the city over the course laid down. After the regular line of march was finished, a number of the jolly wheelers circulated up and down the streets during the greater part of the evening.

The procession was headed by the tandem, which was very handsomely decorated, and one of the most conspicuous wheels in the procession. The ladies immediately followed the tandem, and the rest of the procession was made up of men and boys on wheels of every description most fantastically decorated. To say that the display was a brilliant one, and the most successful of the kind ever seen in the city, scarcely expresses the truth. To give a detailed description of each wheel would be impossible. Many of the designs were odd and many of them were most beautiful. Chinese lanterns, umbrellas, banners, of every size and description, made the swiftly passing procession one long streak of light, color and fantastic shapes. Cow bells, fire gongs, calliopes and other devices, furnished the necessary noise.

Mr. O. Small, of the can factory, was the winner of the gentlemen's prize, and Miss Maud Stockton carried off the lady's pennant. It is safe to say that at the next regatta the cyclists will be called upon to take a prominent part.

IN MEMORIAM.

The sad intelligence has just reached the city of the death of Charles E. Young, on the 8th inst., in Sterling, Colorado, where he went in search of health about six years since. Charlie was brought up in the vicinity of Astoria, on the John Day's, and his mother and brothers and sisters are residents of this county. He had a large circle of friends and acquaintances in this city who will deply mourn his untimely death. In the early years of his manhood Charlie was known as a brave, energetic and industrious young man whose life was above reproach. He settled down in Sterling, Colorado, about four years since. He married a most estimable young lady there who was a devoted and tender wife to him and for whom the sincere sympathy of this community is manifest in the hours of her profound sorrow.

Dr. Price's Cream Baking Powder Contains no Ammonia or Alum.

CHINESE AMBASSADOR.

Washington, August 19.—President Cleveland has officially indicated that Earl Li Hung Chang will be the guest of the nation during his forthcoming visit to this country, and General Ruggles, stationed at Governor's Island, has been designated to take charge of the details of the reception. The Chinese minister returned from New York today after seeing General Ruggles and ex-Secretary Foster. Thus far it is settled only that the president's reception of Li will occur in New York. As a result there is some doubt whether the Chinese ambassador will visit Washington at all.

The proposed visit of Earl Li to Boston has been abandoned, although the present plan is to extend the stay in New York because of the president's presence there, and shorten it elsewhere.

RIGHT AND LEFT

Paralyzing blows are being dealt at disease by the great tonic and regulator, Hostetter's Stomach Bitters. Fever and ague, general debility, rheumatism, nervous ailments, constipation, and dyspepsia, are among the maladies for which experience has proved it a specific. Its work is thorough, its effects are prompt. It is not, however, advertised to produce immediate cures, though it affords speedy relief, and will, if given a reasonable trial, such as any standard remedy deserves, root out the maladies to which it is adapted. In emergencies arising in families, it is particularly serviceable, and it is esteemed throughout the land as a medicine of comprehensive uses, wholesome vegetable composition, and unobjectionable flavor. It has risen to popularity by purely legitimate means, and only well substantiated facts are alleged in regard to it. Use it systematically.

STOCKHOLDERS' MEETING.

The annual meeting of the stockholders of the Odd Fellows' Land and Building Association will be held at Odd Fellows' Hall on Thursday, Aug. 27th, at 2 o'clock p. m.

By order of the president,
A. J. MEGLER, Secy.
