The same old trouble about school books and extra paraphernalia for children has arisen within the last few days. Many complaints have been made about the extra blank books, paper pads, spelling books, scribbling paper, and other patented devices to swell the income of the eastern book-makers, and which are no better than the old state or ordinary pencil paper. It is thought that the time will come when the people will put a stop to these unnecessary extravaganzas.

COLORADO MINERS DENY THE CHARGE

Not for Bryan and Sewall Because the State Produces Silver.

IT IS THE REPUBLICAN PARTY Through Which Silver Can Gain Recognition, Says Senator Wolcott—Severe Arraignment of the Chicago Platform.

Victor, Col., Sept. 15.—One of the principal owners in one of the greatest gold producing mines in the Cripple Creek district made this statement today:

"On account of the continued statements of the Eastern press that Colorado is a silver producing state and for that reason is for Bryan and Sewall, the owners of the gold mines in this state, who produce annually more than \$20,000,000 of gold, are forming a close corporation for the purpose of demanding of the smelters that they receive payment for their product either in gold coin or gold bullion. In a few days the owners of gold mines will meet at Victor, Colorado, to perfect an organization and sign contracts. Fifteen mine owners, representing several of the biggest mines in Colorado, with an annual production of \$5,000,000, are heading the movement. Gold will be used in paying employees and will thus go into circulation instead of into the banks."

Colorado Springs, Col., Sept. 15.—The demonstration which was awarded Edward O. Wolcott, junior senator, upon his arrival in this city this afternoon, surpassed anything ever given any political speaker who ever visited this city. Thousands of people greeted the senator at the depot and paraded the streets for an hour and a half. At 5 o'clock the Coliseum, seating 4,000 people, was crowded. An overflow meeting of over 5,000 in the north part of the city was addressed by Mr. Wolcott at the conclusion of his Coliseum speech.

The opening words of the senator's speech were greeted by wild cheering which lasted ten minutes. His speech was a severe arraignment of the Chicago platform. He said he believed that the day of full recognition of silver was coming, but to be it must come through the Republican party.

THE TURN COATS.

New Haven, Conn., Sept. 15.—One of the greatest surprises on the eve of the Democratic state convention was the announcement made tonight that the gold standard committee of the Democratic state central committee, who had up to today been a majority in the committee, had unconditionally resigned in favor of the Bryan wing. The action of the state committee is considered a great victory for the free silver men. The gold standard men will make no fight in the convention.
