## MEETING OF THE CITY COUNCIL

Adjourned Session Held Yesterday Was an Interesting One.

### THE YOUNG'S BAY STREET

Ordinance Passed for the Improvement of Seventh Street to the Young's Bay Shore—Bills Passed and Petitions Filed.

At 2 o'clock yesterday afternoon the adjourned meeting of the city council was held, Mayor Taylor presiding, with all members present except Mr. H. C. Thompson, who is absent on a vacation.

The principal subject under discussion was the ordinance providing for the building of the streets over the hill to Young's Bay, the route being from Grand avenue on 4th street to Harrison and Niagara avenue, Niagara avenue from 8th to 7th, and on 7th street from Niagara to Young's Bay. The ordinance by unanimous vote, came up for passage by suspension of the rules on third reading. Councilman Welch opposed the movement at this time, because of the present general depression in business consequent upon the approaching election, but expressed himself as favorable to the improvement when times were ripe. Councilman McGregor spoke in favor of the ordinance because it was asked for by the property owners, who had agreed to pay all of the expenses except the street crossings, and because he thought that they should be granted their request and not opposed on account of the small expense to the city of the street crossings. Councilman Bergman supported the ordinance and stated that in his opinion the question of the outcome of the election cut no figure—nor should the small expense of crossings have any weight with the council in granting the petition. When the vote was called on the third reading the ordinance was passed. This is the improvement so long desired and earnestly worked for by the citizens and property holders along the line of the proposed road. It was not originally planned as a street connection with the new Lewis and Clarke county road and ferry, but in the opinion of many, could be made to connect with the city approach to the ferry by a road leading along the beach. In an interview with Judge Gray, however, it appears that this road would not answer the purpose of a connection for the Young's River ferry, but stands upon its own merits as a much-needed city improvement. The city landing of the ferry is at the head of Young's Bay and can be easily reached on an easy grade by the road leading out of the city via 14th street, the old cemetery, 15th street, and past the water works. All that is required by the city to make the connection with the ferry is to build about a quarter of a mile of road near Clinton's place, down to the beach, and this the county court hopes the city will soon authorize to be done. Ordinances were also passed establishing grades at intersections of 11th street and Irving and Jerome avenues.

An ordinance appropriating \$95 for the Astoria Asphalt and Roofing Co. was read the first and second times. The following bills, approved by the various committees, were passed. Astoria Box Company, \$25.47; Sol Oppenheimer, \$6.15; C. J. Trenchard, assistance, \$6.50.

On motion of Mr. Welch the report of the committee made at the last meeting approving the granting of a license for three months and twenty-two days to S. Friedman, the auctioneer, and which was not approved, was reconsidered and the report as originally made, passed by the council. Considerable argument was made over the matter, some being of the opinion that two wrongs could not make a right, and others taking the ground that the granting of a similar extension of license to Martin Olsen did a direct injustice to his only competitor, Mr. Friedman, and that the latter should be given the same privilege and that here the matter should end for all time. On the roll call the report was adopted, and the extended license granted.

The city attorney was instructed to defend certain suits brought against the city for the taxes on street assessments of property sold for 1891 taxes. The city engineer was instructed to make an estimate of the probable cost and report the same to the city council of the improvement of Bond street from 45th street to the claim line between Adair's and Alderbrook, and the claim line between Alderbrook and Van Dusen's. The claim of F. S. Damant for the value of a horse loaned to the city and which was killed, the bill being for \$125, was ordered filed. The petition of property owners for the improvement of 9th street between Franklin and Grand avenues, was referred to the committee on public property. The petition of W. W. Parker for a tax deed for \$14.55 taxes on property sold for street improvement, was referred to the committee on ways and means.

## DAY OF PRAYER IS ASKED FOR

Evangelist Moody Says the Nation is in the Throes of a Great Conflict.

### CHRISTIANS OF THE LAND

Requested to Celebrate October 5th as a Fast and Day of Confession that Almighty God Will Alleviate the Sufferings and Restrain Evil.

Chicago, Sept. 21.—At a mass-meeting called by D. L. Moody today in the Young Men's Christian Association auditorium, composed of ministers, laymen and christian people, the following resolution was adopted:

"We believe our nation is in the throes of a great conflict, portending the most serious consequences, unless there be a merciful interposition of the divine hand. We believe this to be true independently of any settlement of the presidential contest one way or another. On the one hand, that mysterious factor known as 'public confidence' is declining, as is illustrated by the depression both in financial and industrial circles, while on the other, political class and even sectional feeling is running unusually high and likely to become intenser as the day of election draws near.

"We therefore affectionately invite and earnestly urge our christian fellow citizens throughout the land, irrespective of denominational or political affiliations, to join with us in observing Thursday, October 5, as a day of fasting, confession and prayer to Almighty God that he will alleviate the sufferings and restrain evil among us. We would respectfully recommend that in addition to the gatherings held in the usual places of worship on that day, union meetings be arranged for in the afternoon or evening where all may come together to unite their hearts and voices in what we are persuaded is a common cause."

## THE DAY MAY COME IN THE UNITED STATES WHEN A MULTITUDE OF PEOPLE, OPPRESSED BY HARD TIMES, WILL BE CALLED UPON TO CHOOSE RULERS.

On one side will stand a statesman preaching patience, respect for vested rights, and strict observance of the public faith. On the other side will stand a demagogue, ranting about the tyranny of usurers and capitalists. Let us hope that if such a season of adversity ever comes, the American nation will not act like people who would in a year of scarcity devour all the seed corn, and thus make the next year a year, not of scarcity, but of absolute want.—Macaulay's great essay on the American Commonwealth, published in the year 1856.

## AN OVATION.

Given to Oregon's Senators and Representatives by the People.

Newport, Or., Sept. 21.—The clamor today in honor of the efficient services of the Hon. J. H. Mitchell, Hon. Geo. W. McBride and Hon. Ringer Hermann and Hon. W. R. Ellis, was attended by fully 800 people. Large delegations from Albany and Corvallis arrived at 11:20. The river steamers came crowded and the bay people vied with the others in making the day an ovation to the Oregon delegation. Letters of regret were received from Gov. Lord, Secretary Kincaid, Hon. Geo. W. McBride, Hon. T. H. Tongue, and a dispatch from Ringer Hermann, each conveying sincere regrets at their inability to be present on account of previously arranged campaign dates. Senator Mitchell returned thanks for his absent colleagues.

## A PARDON FOR BEARDSLEY.

Harrisburg, Pa., Sept. 21.—Gov. Haastings has signed a recommendation for the pardon of John E. Beardsley, the ex-city treasurer of Philadelphia, who in 1881 was sentenced to fifteen years for embezzling nearly a million dollars of city and state money.

Cotton is moving freely at New Orleans.

## THE RESULTS OF ANARCHY

Many Lives Lost by the Dastardly Deeds of the Leadville Strikers.

### ALL SYMPATHY IS DESTROYED

The Action of the Strikers Yesterday Turned Public Opinion Against Them—Troops Called Out—Uneasy Feeling.

Special to the Astorian.  
Leadville, Col., Sept. 21.—The work of dynamite and buckshot is in evidence at the city morgue, where five bodies lie, one riddled with bullets, while doing his duty, two horribly mangled by dynamite, which they were using to destroy life and property, and the others full of leaden pellets received while they were fighting in the shadows to destroy the lives of men who were earning bread by honest toil. An addition to the death list was made at 6 o'clock this evening by the discovery of the body of Michael Daugherty on the ground near the Emmet mine, where he fell while attacking the rioters who went to the Emmet mine after they had set fire to the Coronado.

This morning's work has destroyed the last vestige of sympathy for the strikers and this fact was evidenced at a largely attended meeting of representative citizens this afternoon. Their proceedings were secret but entirely harmonious and the measures decided upon, if stringent, will be beneficial to the highest degree. Two companies of state militia from Pueblo and Cripple Creek arrived at 4:30 this afternoon and are now on duty. General Brooks with several other companies, arrived tonight.

The damage at Coronado by the burning of the oil tanks, boiler house and machinery is now estimated at \$25,000, on which there is \$12,500 insurance.

Despite the presence of the troops and the unusual quietness of the streets, there is a very uneasy feeling prevalent among the more timorous class, who assert that there are 50 Winchester rifles in the hands of the strikers, whose repeated boasts as to the way they would do up the military are recalled with fresh alarm.

The majority of the citizens, however, think there will be no further trouble unless the managers begin importing miners.

## PENSION REPORT.

Rate of Mortality Among Pensioners Rapidly Increasing.

Washington, Sept. 21.—Dominick I. Murphy, commissioner of pensions, has made his annual report for the fiscal year ending June 30, 1896, to Secretary Francis. He says:  
"The net gain over the previous year was only 154, and it may be safely assumed that the roll forthwith will show a marked and steady diminution, unless Congress should enact more liberal provisions than are now upon the statute books. The rate of mortality among our pensioners, particularly among those who served during the war of the rebellion, is rapidly increasing, the number reported deceased during the year far exceeding that of any corresponding period in the history of the bureau. The whole number of pensioners on the roll June 30, 1896, was 976,678."

## AN "ATHLETIC EXHIBITION."

San Francisco, Sept. 21.—Thomas Sharkey and James J. Corbett are to fight ten rounds in this city for a purse of \$12,000. This afternoon the board of supervisors granted permission to the Eureka Athletic Club to give an athletic exhibition on Thanksgiving eve in this city. It is announced that the principles in the contest would be Sharkey and Corbett. The battle will be fought in Mechanics' Pavillion.

## RATES TO CANTON.

Chicago, Sept. 21.—The roads in the Western Passenger Association have decided to make a rate of one fare for the round trip from all points in the eastern territory of the association for parties going to Canton, Ohio.

## THE WEATHER TODAY.

Portland, Sept. 21.—For Oregon and Washington, fair weather, warmer in Eastern Oregon.

## A VETERAN'S SUICIDE.

Roseburg, Or., Sept. 21.—Morgan L. Peden, an Indian war veteran, 61 years of age, a native of Adams county, Illinois, committed suicide on the croquette grounds at the Oregon Soldiers' Home at noon today, by shooting himself through the heart with a revolver. He died instantly. No cause is known for the act.

## PENSION REPORT.

Rate of Mortality Among Pensioners Rapidly Increasing.

Washington, Sept. 21.—E. R. H. Green chairman of the state Republican committee of Texas, was in the city today on his way to New York, and had a brief conference with Chairman Babcock, of the Republican congressional campaign committee. He told Babcock that Texas was excellent fighting ground for the Republicans and expressed his own determination to press the contest to the end with the hope of winning. He says that fusion with the Populists and gold Democrats has been practically accomplished, and states that in portions of the state the Populists are talking of a ticket composed of McKinley and Watson electors.

## HELD WITHOUT BONDS.

Roseburg, Sept. 21.—Ned Sutherland, of Oakland, this county, who struck Henry Brusio, Saturday night, on the back of the head with a stick of wood, having a piece of iron in the end, fracturing the skull, was held to answer without bonds and placed in jail here this afternoon. Brusio remained unconscious until 6 o'clock tonight, when he died. Sutherland, Brusio and Geo. Noita were at the home of James Brown, in old town, Oakland, enjoying a 10 o'clock supper when trouble arose between Noita and Brusio as to whether or not Brown's baby should be given a drink of liquor. Brown objected and ordered the two out. Sutherland followed and struck Brusio from the back.
