A view of the twenty-four big piles of steel rails in the railroad yards at Alder creek gives one the impression that at least a dozen vessels must have been engaged in transporting them around the Horn. How it was possible to stow this immense tonnage in two ships is a matter of great wonderment. There are still 1500 tons to be discharged from the Chelmsford and Fulwood.

The fascination of fishing was well illustrated Saturday when E. T. Barnes at Flavel, who was engaged in that occupation at the dock, and had an appointment with two men from Portland who were to do some work in the hotel, was so completely absorbed in his occupation that he let them pass him by and get away before he remembered his duty. If you want to forget your troubles, go fishing.

While lazily hanging over the rail of his ship at the Flavel dock Sunday afternoon, Captain Thompson, of the Chelmsford, noticed a jacknipe sitting on one of the chains of the Fulwood on the opposite side of the dock, some sixty yards away. The captain walked back into his cabin, took down one of his shot guns, loaded one barrel, came back on deck, and seeing the bird still in the same place, he up and fired, hitting it in the neck. The shot was a good one for a fat man.

Late Saturday night, while on his way home, Mr. Al. Leinenweber was held up by three men who attempted robbery. Near the Clatsop Mill he saw one of the men come across the street, and immediately he was followed by two others from the shadows near by. All of them made for him, but with great presence of mind Leinenweber threw his hands forward as though

about to shoot, and called for them to stop. This they did for a moment, and still holding them at bay, Leinenweber made his way back to the city, where he met Officer Thompson, and the two returned to the mill but could find no trace of the men. Later in the night it was reported that two suspicious characters were seen making through the woods from that vicinity.

If dull, spiritless and stupid; if your blood is thick and sluggish; if your appetite is capricious and uncertain. You need a Sarsaparilla. For best results take DeWitt's. It recommends itself. Chas. Rogers.

THE CIRCUIT COURT. In the circuit court yesterday, within a few hours in the morning session, a large amount of business was transacted.

Wm. Larson a juror, was excused from service for the balance of the term.

The state vs. John Jovich, D. Hannula, Lucas Franetovich, and Paul Hollapa, indicted for inciting riot at the Booth cannery, the defendants pleaded guilty to assault and battery, the plea was accepted by the district attorney, and the court fined each \$50.

The state vs. John Murray, Case No. 1, the defendant pleaded guilty to larceny, and was sentenced to one year in the penitentiary. Mr. John E. Young made a fine plea for the defendant before the court, and his well chosen words and splendid statement doubtless secured for the defendant the least penalty under the law. Cases 2 and 3 against the same defendant were dismissed.

State vs. Thomas Cooper, defendant pleaded guilty to larceny and was sentenced to one year in the penitentiary. The case was conducted by Mr. George W. Welch, whose efforts resulted in the least possible sentence for the defendant.
