The Astorian guarantees to its subscribers the largest circulation of any newspaper published on the Columbia river.

The Weekly Astorian, the second oldest weekly in the state of Oregon, has, next to the Portland Oregonian, the largest weekly circulation in the state.

The managers of both telegraph offices in this city will inform any person taking the trouble to inquire, that the long article published in one of the afternoon papers yesterday, dated Chicago, October 28, marked "Special to the News," and purporting to be a comment on a "bulletin" issued by Mark Hanna, is a rank fabrication.

"They may see the free coinage of silver for the benefit of the silver bullion owner. Then, if this is true, the free coinage of gold is for the benefit of the gold bullion owner."

The above paragraph probably passes for very powerful "argument" among the sap-headed readers of the East Oregonian, but such ignorance is really inexcusable, even in a Populist.

It seems to be one of the essential features of Bryanism that wage-earners generally shall be regarded as the deadly enemies of their employers.

er has always been one of the most marked of his characteristics. Another characteristic that ought not to be lost sight of even by shallow politicians is his common sense, which is admitted far above the average of the intelligence of Europe.

CONFIDENCE NEEDED RATHER THAN MORE MONEY.

Mr. Bryan's main argument, and the one which appeals more than any other to the people, is that more money is needed in circulation to conduct the business of the country, and to raise the prices of property.

In reply to Mr. Higgins and in support of the resolution for the repeal of the act, Mr. John Claffin said: "Suppose we could increase the currency of the country 10 per cent, and suppose, by doing that, we should diminish the confidence and consequently the credit only 10 per cent."

Can Mr. Claffin's argument be successfully gained? If not, is it not clear that confidence in the business community is not only more necessary to conduct the exchanges of the country than an increase of currency, but that it is nine times more necessary?

The entire currency in circulation, according to the statement of the U. S. mint, issued on October 1st last, including bank notes, is \$1,582,000,000, which conducts, as is conceded, only 5 per cent of the exchanges of the country.

As Bryan closed his speech at Harper's Ferry the soul of old John Brown paused in its business of marching on and sat down to wonder whether it is worth while, after all, to make national history.—New York Mail and Express.

Tetter, eczema, and all similar skin troubles are cured by the use of Dr. Witt's Witch Hazel Salve. It soothes at once, and restores the tissues to their natural condition, and never falls to cure piles. Charles Rogers.

We suggest that Mr. Bryan, to avoid the shock after November 3, may ease up by talking to himself for a week.—New York Commercial-Advertiser.

MEN of all AGES. Quickly, Thoroughly, Forever Cured. Four out of five who suffer nervousness, mental worry, attacks of "the blues," are not paying the penalty of early excess. Victims, reclaim your manhood, regain your vigor. Don't despair. Send for book with explanation and proofs. Mailed (sealed) free.

"A very smooth article." Battle Ax PLUG. Don't compare "Battle Ax" with low grade tobaccos—compare "Battle Ax" with the best on the market, and you will find you get for 10 cents almost twice as much "Battle Ax" as you do of other high grade brands.

"Didn't know it was loaded" has explained the cause of many a serious hurt. Four years ago the people didn't know that free trade was loaded with business stagnation, loss of work and hard times in general.

CAUSES OF NERVOUSNESS. The maladies which above all others cause nervousness, are dyspepsia, biliousness and constipation. The great sympathetic nerve which connects the epigastric region with the brain, is always injuriously effected if the stomach and bowels are disordered.

The U. S. Gov't Reports show Royal Baking Powder superior to all others. One of Mr. Bryan's curious objections to the gold standard is that "the dollar will buy more and more all the time."

They are so little you hardly know you are taking them. They cause no griping, yet they act quickly and most thoroughly. Such are the famous Little Early Pills known as Dr. Witt's Little Early Pills.

CASTORIA. The Family Standard. It is an every wrapper. Do not believe in wanton cruelty under any circumstances. Mr. Bryan should see to it at once that the ropes of his parachute are in good working order.—Chicago Times-Herald.

CASTORIA. For Infants and Children. The best chemical compound for washing powder is "Soap Foam," as it will not "yellow the clothes" nor burn the hands.
