"I admit that the adoption of free This is suppresion of the fact that "silver would cause a panic, but the all the countries now on the gold stancountry requires a drastic dose of dard tried to keep the metals at par medicine. Desperate diseases some "times require heroic remedies."---Mastor William Jennings Bryan.

"I hold the disturbance of the measure of value, the means of payment 'and exchange or any derangement of the currency to be one of the most Dry and Pure Tropical unpardonable of political faults. He who tampers with the currency robs labor of its bread. He panders, indeed, to greedy capital, which is keen-sighted, and may shift for itself; 'but he beggars labor, which is honest. unsuspecting, and too busy with the present to calculate for the future. The prosperity of the working classes 'lives, moves, and has its being in es-'tablished credit, and a steady me-'dium of payment. All sudden changes destroy it. Honest industry never comes in for any part of the spolls 'in that scramble which takes place when the currency of a country is 'disordered. Did violent fluctuations 'ever do good to him who depends on 'daily labor for his daily bread? Cer-'tainly never. All these things may 'gratify greediness for sudden gain, by 'the rashness of daring speculation; but they can bring nothing but in-"jury and distress to the homes of pa tient industry and honest labor. Who are they who profit by such a state "of things? They are not the many, "but the few. They are speculators, "brokers, dealers in money, and lenders of money at exorbitant interest. 'Small capitalists are crushed, their means dispersed in various parts of "the country, and, such a miserable policy having destroyed exchanges.

'they have no longer either money or 'credit. All classes of labor partake 'and must partake, in the same ca-'lamity."-Daniel Webster.
