Absolutely Dry and Pure Tropical Climate

Pronounced by Physicians the most Favorable in America for sufferers from . . .

> Lung Diseases and Rheumatism

Many Remarkable Cures

The objections urged against Indio in the past by the large numbers who otherwise would have been glad to take advantage of its beneficial cilmate, has been a lack of suitable accommodation. The Southern Pacific Company takes pleasure in announcing that several

Commodious and Comfortable Cottages

have just been erected at Indio station, that will be rented to applicants at reasonable rates. They are furnished with modera conveniences, supplied with pure artesian water and so situated as to give occupants all the advantages to be derived from a more or less protracted residence in this delightful climate.

(From the San Francisco Argonaut.) "In the heart of the great desert of the Colorado—which the Southern Pacific traverses—there is an ossis called Indio, which, in our opinion, is the sanitarium of the earth. We believe, from personal investigation, that for certain individuals, there is no spot on this planet so favorable."

G. T. Stewart, M. D., writes: "The purity of the air, and the oternal sunshine, fill one with wonder and delight.

... Nature has accomplished so much that there remains but little for man to do. As to its possibilities as a health resort—here is the most perfect sunshine, with a temperature always pleasant, a perfectly dry sell, for rain is an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for lung troubles, and a paradise for rheumatics. Considering the number of sufferers who have been cured, I have no hestancy in recommending this genial oasis as the haven of the afflicted." G. T. Stewart, M. D., writes:
