Chas. Rogers.

4 17/1

neeting the current expenses of the government. The books of the treasury are said to show that not only has the entire amount of United States notes in existence been redeemed in gold, but nearly \$125,000,000 in excess of that. In order to do this the government has been compelled to issue additional bonds to the amount of \$262,000,000, and this has been done without any specific .50 says the treasury shall maintain a gold Delivered by carrier, per month.... .45 remorve of \$100,000,000. The fact that over one-half of the proceeds of these bonds has gone indirectly to supply de ficiencies in the revenue, and that this state of affairs can be remedled by pro viding more revenue, does not alter the necessity for the retirement of this class of currency; for so long as it remains a part of the system there will entinue to be at times a risk of further bond issues to maintain the gold reserve. Of the so-called Sherman notes which were issued in payment of silver bullion purchased, to the amount of \$155,000,000; the treasury has redeemed over \$86,000,000. Notwithstanding this fact there are still outstanding, as a The Weekly Astorian, the second oldest perpetual menace to the treasury. Shernan notes to the value of \$121,000,000.

CORPORATE ABUSES.

Because the Republican party is in bronze."
