ARBITRATION AND THE CANAL.

made against the pending arbitration ling in Belgium." treaty with Great Britain the most serious is that " would imperil American that it would have none. For the trea- and consequent impure blood. ty submits to arbitration nothing "but definition of the temp. Great Britain the desired effect. sould claim no rights against the United States in regard to the latter's operations in Central America, any more than the United States could have force to this objection to the treaty.

aion to ownership of the Nicaraguan coast lands where the eastern terminus of the canal must be. The pretension hals in the year 1245. was barriers. But the United States, instead of boldly denying and resisting it, contented itself with asking Great Take laxative Bromo Quinine Tablets. canal through the land in question fails to cure. 25c. For sale by Chas. Great Britain refused, but offered to Rogers, Druggist. enter into a treaty for a joint protectorate over the canal. To this the United States weakly agreed, and the Warsaw, Ill., has built a private telnotorious Clayton-Bulwer treaty of 1850 ephone line connecting his office with was the result. Under that instrument the houses of all his country patients. the two governments agreed that nelther should have any "exclusive control ever the said ship manal," or "erect any fortifications commanding the . . or assume or exercise sud dominion over . . . any part of Central America; . . , or use any influence that either may possess with any state or government through whose territory the canal may pass for the purpose of acquiring or holding, directly or indirectly, for the citizens or subjects of the one, any rights or advanwhich shall not be offered

same terms to the citizens or

subjects of the other." Now, that called

upon Great Britain to abandon her un-

conable claims to the Nicaraguan coast hough as a matter of fact she did not do so. But it did worse than that for the United States. It prevented this country from constructing the canal on its own account. It subjected this country's dealings with a neighboring American republic to the supervision of a European power. And at the present day it is, morally, at least, a bar to American construction and control of the canal; it gives to Great Britain the when a man is slowly wasting away rights against this country which Mr. with nervous weakness, the mental Edmunds says she has not, and which forebodings are ten times worse than in justice she should not have; and it the most severe pain. have just been erected at Indio station, that will be rented to applicants at reasonable rates. They are furnished with modern conveniences, supplied with pure artesian water and so situated as to give occupants all the advantages to be fe-rived from a more or less protracted residence to this delightful climate.

(From the San Francisco Argonaut.) "In the heart of the great desert of the Colorado-which the Southern Pacific traverses there is an oasis called Indio, there is no spot on this planet so favor

G. T. Stewart, M. D., writes: "The purity of the air, and the eternal sun-shine, fill one with wonder and delight. Nature has accomplished so column article on free silver to an Iowa much that there remains but little for man to do. As to its possibilities as a health resort—here is the most perfect sunshine, with a temperature always attract attention?

Nature has accomplished so much that there remains but little for man to do. As to its possibilities as a health resort—here is the most perfect sunshine, with a temperature always attract attention? an unknown factor; pure oxygen, dense atmosphere and pure water. What more can be desired? It is the place, above all others, for lung troubles, and a para-dise for rheumatics. Considering the number of sufferers who have been cured, I have no hesitancy in recom-mending this genial casts as the haven of the afflicted."
