GOLD DISCOVERED ON CANNON BEACH

A. J. Cloutrie Finds the Yellow Metal
in a Creek on Bell's Ranch.

EXCITEMENT OVER THE FIND

The Deposit Thought to Be a Rich One
—Lucky Prospectors Will Com-
mence Mining at Once.

Gold has been found at Cannon
Beach.

Men are at work and the yellow metal
is being washed out of the sand and
gravel.

Yesterday A. J. Cloutrie arrived from
Cannon Beach and stopped in Astoria
for a few hours, before taking the
night boat for Portland. He was here
long enough to tell a story and show
enough glittering evidence to bear out
his truthfulness, that fairly set his lis-
teners wild with joy and surprise.

Mr. Cloutrie has discovered gold at
Cannon Beach, and exhibited to a num-
ber of persons a pouch containing a
large tablespoonful of gold dust and
nuggets. This was washed from the
sand and gravel at a point where a
small stream empties onto the beach
a few yards from City Engineer Bell's
house, and on the land owned by that
gentleman.

Several days ago Henry Tohl, of Ne-
halien, arrived in the city from Neha-
lien via Cannon Beach, and meeting
Mr. Bell, told him that some one had
posted a mineral claim notice on his
gatepost. Mr. Bell took the whole
story as a joke, but when Mr. Cloutrie
appeared upon the scene yesterday and
not only confirmed the story, but frank-
ly acknowledged that he is the guilty
party, and showed his pouch of gold
as evidence of the truth of his story,
Mr. Bell could not help looking at the
matter in a more serious light.

Mr. Cloutrie's story is practically as
follows: Accompanied by an old miner
and prospector of long experience, he
was walking up the beach looking here
and there about the patches of black
sand, when he came across the small
creek near Mr. Bell's house. Here the
miner found evidences of gold and was
not long in washing out quite a respect-
able showing. That the gold is not
from the ocean, but from somewhere
back in the creek, is evidenced by the
small nuggets found. They examined
the mouth of another creek a mile fur-
ther down the coast, but could find
no traces of gold, so returned to their
first discovery. With what rude appli-
ances they had at their command they
washed the gravel until fully convinced
that they had struck a rich deposit,
and forthwith Mr. Cloutrie posted a
notice on a convenient post to the ef-
fect that he claimed that part of Mr.
Bell's ranch by right of having dis-
covered valuable minerals thereon. It
was then decided that Mr. Cloutrie
should proceed at once to Portland and
purchase a complete placer outfit.

About a mile back of Cannon beach
there is an abrupt and high backbone
of mountains, and old miners who have
visited that section say that indica-
tions of mineral deposits can be traced
in several places. Probably somewhere
up this creek where Mr. Cloutrie made
his gold discovery a valuable ledge
lies awaiting the prospector's pick. If
so it will not slumber long undiscovered,
for already numerous parties are wad-
ing the creek, and crawling through
thick underbrush making a careful
search for the mother lode.

Mr. Cloutrie and his partner are
highly elated over the new find, and
say that with what they have in sight
they can take out with a pan from five
to ten dollars a day for months to
come. The deposit is beyond reach
of the highest tides, so they feel safe
from any encroachment of the ocean.

Will Cannon Beach prove the new
El Dorado?

AN EXCELLENT ENTERTAINMENT
Taylor Sisters and Local Talent at
Fisher's Last Night.

The attendance at Fisher's last night
was rather small, but the entertain-
ment was one of the best ever given by
local talent. The program was excel-
lent and very well rendered.

The performance opened with a farce,
"Oh, What an Angel!" by Mr. Al
Firth. Miss Ida Anderson, a charming
young lady, took the leading part. Her
acting was graceful and she was a
warm favorite with the audience. Miss
Pay Lieberman also took part and
made a decided hit. The others in the
cast were Messrs. Al Firth, J. R. Buf-
fington, C. Simpson and H. B. Vidalin.

Misses Eva and Edna Taylor, the two
talented Portland young ladies, were
the favorites of the evening. Their
song and dance specialties were cleverly
executed. Mr. W. L. Hayward, in a
club swinging specialty with lectrical
effects, performed some marvelous feats
and was loudly encouraged.

Mr. Al Firth sang the song he has
made famous, "Across the Bridge."
Responding to a hearty encore, he ren-
dered "Woman Is What Man Makes
Her." Mr. Will Belcher, the well-
known tenor, sang "Au Revoir" and
"Heart Bowed Down." He was in ex-

STORMY DEBATE IN THE SENATE

Cuban Question Displaces the Appro-
priation Bills in Upper House.

HOUSE READY TO ADJOURN

Representative Sulzer Introduces Bill
to Declare War With Spain—
Sanguilly Is Pardoned.

Washington, February 25.—The sen-
ate was so torn-sweet today by pas-
sionate debate that the day was one
of the most memorable in the annals
of the upper branch of congress. Cuba
was the theme, and seemed to stir all
the pent up emotions of months. It
brought about a complete displacement
of the appropriation bills, threatening
their failure, and the advancement of
the Cuban question to the very front
of the senate business. It disclosed,
also, that the resolution demanding
of Spain the immediate and uncon-
ditional release of Julio Sanguilly, hav-
ing on a test vote secured the right
of way, will be resisted by a protracted
debate.

CIVIL APPROPRIATIONS.
Washington, February 25.—The sun-
day civil appropriation bill was reported
to the senate today by the committee
on appropriations. It carried a net in-
crease of \$1,162,983, making a total of
\$51,827,727. Of the increase, \$449,000 was
added on account of public buildings,
and \$188,899 for light houses, fog sig-
nals and buoys. Large decreases were
made for rivers and harbors. The sec-
retary of war is required to make esti-
mates for river and harbor improve-
ments to be carried in the book of es-
timates.

IN THE HOUSE.
Washington, February 25.—The house
is evidently drifting toward final
adjournment with an easy conscience.
All appropriation bills have been sent
to the senate. Final action was had
on both the agricultural and army
bills today, and a bill was passed to
clothe the postoffice inspectors with
the powers of United States marshals
in the matter of making arrests. Quite
unexpectedly, late in the afternoon, the
banking and currency committee
brought forward a bill to authorize
National banks to take our circula-
tion to the par value of bonds de-
posited. This bill was bitterly opposed by
Walker, chairman of the committee
from which it emanated, and there
was a lively debate, but the bill was
passed, 144 to 46.

A resolution was adopted requesting
the president to transmit to the house
all correspondence on file at the state
department relative to the imprison-
ment of Americans in Cuba.

TEACHERS' INSTITUTE.
Interesting Sessions Held Yesterday
by City Teachers.

One of the most interesting conven-
tions of the city teachers' opened yester-
day morning in the high school. The
work being done by these instructors
of the young is not generally appre-
ciated as it should be, nor do the people
at large pay as much attention to
school matters as they perhaps should.

At the morning session, after organi-
zation, the reports of school work dur-
ing the past year were read and in-
structory remarks were made by
State Superintendent Irwin, President
Chapman and President Campbell.
In the afternoon the exercises were
opened by a recitation by Miss Kate
Shelley. Miss Eunice De Yo read an
essay on literature in the public
schools; Miss M. Bayles read an essay
on music and art in the public schools
and Prof. Thornton led a discussion on
drawing which was participated in by
Messrs. Wright, Chapman, Miller,
Campbell and Irwin.

In the evening the exercises were
held in the Methodist church, which
was crowded, the following being the
program:

Instrumental Solo—Miss Edith Conn.
Prayer—Rev. Mr. Trumbull.
Address—Rev. J. J. Walter.
Vocal Solo—Miss Reta Hobson.
Lecture—Pres. P. L. Campbell.
Vocal Solo—Mrs. B. Van Dusen, Mrs.
C. J. Trenchard.

The address at the morning session
by State Superintendent Irwin, on the
relation between the state and the
schools and the duty of the teacher,
and the lecture by Mr. Campbell in
the evening on the co-ordination of the
grammar, high schools, universities
and colleges, and duty of the state
to the children, and the necessity for
technical education of teachers, were
full of interest to all who heard them.

HIGH PRICED STOCK.
Boston, Mass., February 25.—The
stock of the Calumet and Hecla Mining
Company broke all records today when
the sale of ten shares was made at \$370
per share. This is the highest price on
record for Calumet and Hecla, as well
as the highest price ever paid for any
regularly listed stock on the board.

RUSSIA ACTS.
St. Petersburg, February 25.—Russia,
through the Russian minister at Ath-
ens, M. Konou, has called upon Greece
to withdraw all her troops and fleet
within three days.

MR. MITCHELL HAS LEFT THE FIELD

He Returned to Portland Yesterday
and Harmony Prevails in Salem.

LEGISLATION NOW PROBABLE

Little Doubt That Organization Will
Be Effected With Good Working
Quorum in Both Houses.

Special to the Astorian.
Salem, Or., February 25.—Senator
Mitchell left Salem for Portland today.
The house had morning and afternoon
sessions, and twenty-seven members re-
sponded to roll call. Three absentees
—Krusse, Lee and Riddle—were account-
ed for. Immediately after the morning
session a conference was held and
the situation was thoroughly canvassed.
It was agreed that reorganization was
not only possible, but probable, and
much enthusiasm prevailed. Individual
members of the Benson house have
given positive assurance that they will
return. If the opposition went at
matters in earnest and in evident good
faith. These promises have been so
numerous that members of the house
expressed themselves as entirely con-
fident of success. It is the purpose mere-
ly to invite absentees to join in an
endorsement to secure remedial legisla-
tion.

THE NEWS FROM CARSON.
Carson, Nev., February 25.—A tele-
gram from New York late this after-
noon announcing the death of Mrs.
Julian, Fitzsimmons' mother-in-law,
cast a shadow of gloom over the train-
ing quarters at Cook's ranch. Fitzsim-
mons did no work in consequence.
Over at Corbett's quarters there was
activity all day long. The arrival of
George Green, who is to fight Myster-
ious Billy Smith on March 15, was one
of the incidents of the day.

DANGEROUS LUNATIC.
Medical Lake, Wash., February 25.—
Thos. Devine, the most desperate in-
sane criminal ever consigned to the
state hospital, made his second escape
last night and is still at large. As
Devine was handcuffed and is without
hat or coat, it would seem that his
recapture is certain. He is a giant in
physique, and weighs about 195 pounds.
His homicidal tendencies render him a
very dangerous lunatic to be at large.

ROBBERS IN SEATTLE.
Seattle, February 25.—Burglars seem
to have taken possession of the city,
for each night during the past week
at least one or two places of business
have been entered and robbed. Last
night there were two burglaries. The
jewelry store of S. Benninghausen,
First avenue and Washington streets,
was looted, and the Pacific Tailoring
Co.'s store on Third avenue was also
robbed.

PREPARING FOR WAR.
Constantinople, February 25.—War
preparations are actively proceeding in
Turkey. Quantities of Mauser rifles and
ammunitions of war have been dis-
patched from here to Salonik and Ad-
rianople, the consignments to the lat-
ter place being for the Muselmans
on the Bulgarian frontier. Similar mea-
sures are being taken on the Serbian
frontier.

KILLED BY THE CARS.
Chicago, February 25.—An electric car
on the 103d street line was caught be-
tween two trains going in opposite
directions on the Chicago and Eastern
Illinois road this afternoon. The car
carried four passengers, besides the
conductor and motorman, and three out
of the six were killed outright. The
others are seriously injured.

BRIBED TO VOTE.
Boise, Idaho, February 25.—Represen-
tative H. S. Jones has made affida-
vit setting forth that he was bribed
to vote for Henry Helford for United
States senator. It is said that affida-
vits of a similar nature have been made
by two other members.

BRIGHAM'S PLUM.
Washington, D. C., February 25.—It
is stated tonight that J. H. Brigham,
of Delta, Ohio, master of the National
Grange, has been offered and has ac-
cepted the office of assistant secretary
of agriculture to succeed C. W. Danby,
of Tennessee.

THE LE ROI DIVIDEND.
Spokane, February 25.—Another twenty-
five thousand dollars dividend was
declared by the trustees of the Le Roi
mines today. This makes a total of
\$325,000 paid in dividends by this prop-
erty.

NOT FOR UTAH.
Salt Lake, February 25.—Representa-
tive Kenners' bill, introduced in the
legislature several days ago to legalize
prize fighting, was defeated today.

THE MARKETS.
New York, February 25.—Hops—
Steady.
London, February 25.—Hops—Un-
changed.
Liverpool, February 25.—Wheat—Spot
quiet, demand poor; No. 2 red spring
6s 3/4d; No. 1 California, 6s 6d.
Portland, February 25.—Wheat—Un-
changed.

Wait for the "Husby," the best
bicycle on earth for the least money,
\$49 and \$59. F. L. Parker, agent.

SPANISH TO INVESTIGATE.
Death of Dr. Ruiz Will Be Looked Into
—Gomez on the March.

Havana, February 25.—It is under-
stood that Spanish government has de-
cided to order a strict inquiry into the
death of Dr. Ruiz.

No confirmation has been received of
the report of the death of the presi-
dent of the Cuban republic, Salvador
Cisneros Betancourt, marquis of Santa
Lucia, who is said to have expired
from sickness and old age combined.
The whereabouts of Maximo Gomez
is not made public, if it is known to
the Spanish officials, but private dis-
patches from Santa Clara say that nu-
merous bands of insurgents, some say
numbering 5,000 men, have been seen
passing over the railroad line between
Cienfuegos on the south coast and San-
ta Clara, going by forced marches in
the direction of the province of Ma-
tanzas, destroying the railroad lines
and culverts as they pushed forward.

ONLY TO SANGUILLY.
Havana, February 25.—A correspond-
ent of the Associated Press is informed
that Secretary Olney cabled Sanguilly
advising him to withdraw his appeal
and accept the pardon, conditional upon
his leaving Cuba and engaging to have
nothing to do hereafter with
