FREEDOM IN THE TRUTH.

John vill., 22.

"The truth shall make you tree". that is one of the greatest announcements of a universal principle which even Jesus Christ ever made.

But the Jews began to ask of him "How can one be a disciple of your truth and yet be free? Is not that discipleship only another name for bondage? We are free already. We are in bondage to no man. Why then should we enter into the servitude of obedience to your truth?" And to this Jesus seems to answer: "That depends upon what it is to be free. It is a question of your definition of liberty. You seem to believe that to be free one must have no authority or leadership or master. But I say unto you that there is no such liberty.
