Editor Astorian: Will you kindly give me space in your paper to say that I have not gone to Roseland, nor any other place away from Astoria, nor do I have any present intention of doing so. So many people every day have asked me when I returned from Roseland, or when I am going, or express surprise at seeing me, that I take this method of apprising everybody that I am right here in Astoria, "at the old stand," rooms 5 and 6 Pythian building, and that I expect to stay here; that I am open for business—wide open, and you don't want to forget it.

A prizefight will take place at Stella March 13. The principals are giants and will scrap for blood, as there have been several differences between them. Neither man knows as much about scientific boxing as a boy does about astronomy, but as to fighting—well, the promoter finds it difficult to secure a referee.

The many friends of Captain J. E. Corkhill, of the Crown of India, bade him farewell yesterday and wished him a prosperous voyage and a quick return to Astoria, with the hope that he might be the first to take a cargo of wheat from Astoria after the completion of the railroad this fall, even if the sea wall was not fully constructed. Who has not had trouble with flour? Every housewife at times has had different success with bread, and the fault was not always with the way the sponge was made. Many mills are careless with the material they use, thus producing flour of different strength, but all under the same brand. The Webfoot Commission House has secured the sole agency for this city for the Calla Lily flour, which they guarantee to be superior to any flour on the market for family use. This flour is made in the best wheat producing part of the Willamette valley, in one of the cleanest of mills, and by one of the best millers in the state; a man who has made milling his life work. The flour is sold as reasonable as sails to windward, and the quality is sold on the strongest guarantee, and having once used this brand, you will always want it.

TO CURE A COLD IN ONE DAY. Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. For sale by Chas. Rogers, Druggist.

It is understood that the captain of the Texas has offered to settle the Cuban question by gradually destroying the island with a series of collisions.

We live in a country of which the principal scourge is stomach trouble. It is more wide-spread than any other disease, and very nearly, more dangerous.

Something that makes it dangerous is that it is so little understood. If it were better understood, it would be more feared, more easily cured, less universal than it is now.

So, those who wish to be cured, take Shaker Digestive Cordial, because it goes to the root of the trouble as no other medicine does. The pure, harmless, curative herbs and plants of which it is composed, are what render it so certain, and, at the same time, so gentle a cure.

It helps and strengthens the stomach, purifies and tones up the system. Sold by druggists, price 10 cents to \$1.00 per bottle.

DANGERS OF GRIP.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for a gripe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent size for sale by Estes-Cann Drug Co.

Persons who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and if taken as soon as the first indication of the disease appears, it will prevent the attack. For sale by Estes-Cann Drug Co.
