A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He doesn't care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula, or consumption, "That," he will tell you "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill. No hero's the first part of the proposition.

Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the breaking out of unsightly sores to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 25 per cent of all consumptive cases, also of all other lingering bronchitis, throat and lung diseases.

The florists' windows are gaining in beauty every day.

Chloro, Pa., "Herald." Richard Vessel reports One Minute Cough Cure the greatest success in medical science. He told us that it cured his whole family of terrible coughs and colds, after all other so-called cures had failed entirely. Mr. Vessel said it assisted his children through a very bad siege of measles. One Minute Cough Cure makes expectation very easy and rapid. Chas. Rogers, Drugist.

A very old necklace worn by one of the richest women in Philadelphia consists of a string of colored stones pierced in bead fashion.

A man may dress as well as his own good judgment and the assistance of an artistic tailor may elect. He may take his "tub," but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the whiteness of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation. The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They burn down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

The sign, "Cupping and Leeching," on a doctor's porch makes one feel as though our grandmother's day isn't so far back of our own, after all.

They are so small that the most sensitive persons take them, they are so effective that the most obstinate cases of constipation, headache and torpid liver yield to them. That is why Dr. Witt's Little Early Risers are known as the famous little pills. Chas. Rogers.

And now there are little mirrors in theater chairs and there can be no possible excuse for a woman keeping on a maddening bit of millinery.

It is surprising what a "wee bit of a thing" can accomplish. Sick headache, constipation, dyspepsia, sour stomach, dizziness, are quickly banished by Dr. Witt's Little Early Risers. Small pill. Safe pill. Best pill. Chas. Rogers.

The good ship Kenilworth, from New York, Captain J. G. Baker, commander, is discharging her cargo at pier 16, and over the ship floats the American flag, which the captain always keeps flying, a habit that might well be followed by the other American vessels in port. The Kenilworth is discharging the best of steel rails and the best of timbers, two products, until a very recent period, exclusively imported from Europe. These are now coming from the East and from present indications (the East will not only continue to supply this coast, but export both articles to an extent not dreamed of ten years ago. The ship is, as usual in excellent order, an alloy, as usual, the cargo is turning out to splendid condition.—San Francisco Commercial News.

Don't allow the lungs to be impaired by the continuous irritation of a cough. It is easier to prevent consumption than to cure it. One Minute Cough Cure taken early will ward off any fatal lung trouble. Chas. Rogers.

President Kruger is much too shrewd a man ever to have told his people that they could defeat the British in arms. But they could cost the British a deal of blood and treasure.

Many cases of "Grippe" have lately been cured by One Minute Cough Cure. This preparation seems especially adapted to the cure of this disease. It acts quickly, thus preventing serious complications and bad effects in which this disease often leaves the patient. Chas. Rogers.
