Is Your Throat Weak?

Your throat is weak. Any unusual exposure or quick change in temperature causes roughness and uneasiness. Sometimes you have a feeling of tightness as if some foreign body were there. You can treat it with troches and washes, but you don't reach the seat of the trouble. Throat weakness is a symptom of more general disturbance, Scott's Emulsion of Codliver Oil does cure weak throats by nourishing and strengthening the system. Book about it sent free.
