A well-known business man, yesterday,
having received a letter from Boston re-
garding the planting of certain bonds,
said that Astoria seemed to be the only
Pacific coast city in which Eastern cap-
italists had any confidence.

When you want a real life-like and
artistic photo, don't fail to call on Snod-
grass. The work he is turning out now
is ahead of anything ever made in As-
toria before.

Sheriff J. W. Hare evidently is serious-
ly thinking of becoming a judge. He was
observed, yesterday, carefully examining
bicycle stockings and other fancy bicyc-
ling apparatuses, and will, no doubt,
soon join the 400 on the avenue.

County Clerk Dunbar has a photograph
of the largest snake ever killed in Clatsop
county. The photo was taken by Mr.
C. E. Bunyon. To all appearances the
rattle is 18 feet in length and is a terri-
fying-looking monster. To tell the truth,
the snake is hardly 18 inches in length,
the camera having done the enlarging.
It lies along a fence built of small
sticks and its head lies on a tiny log.
The effect is remarkably deceiving.

Miss Nellie Bussey is preparing to
open a kindergarten school at her resi-
dence, 235 Grand avenue. Parents who
desire to obtain such instruction and
training for their children would do
well to consult Miss Bussey. Her terms
will be found entirely reasonable.

There has been a good deal of talk
about cold storage plants and what they
would do for Astoria. Few are aware
that Mr. John Kopp, in addition to the
cold storage rooms for his own use, built
a large room for the freezing and stor-
age of fresh fish that will take care of
several tons at a time, and that the ex-
cess of this room could be easily in-
creased if desired. The plant is one of
the finest on the Pacific coast and there
is now here everything that is needed for
shipping fresh fish to the Eastern mar-
kets. There is some talk on the part of
certain parties of going into the busi-
ness on an extensive scale.
