PILGRIMS TO HOLY HILL.

Large Crowd Continues to Visit the Wisconsin Shrine.

Hartford, Wis., May 26.—Sixty Chicago people with over 2000 others made the pilgrimage to Holy Hill. A large delegation left Beaver Dam, Fond du Lac and Oconomowoc and were at once conveyed to the shrine. A delegation from Milwaukee numbered 100. It was headed by ex-Senator Krueger who has made the pilgrimage for the last nine years. The distance up the summit of the hill is 1860 feet and during the whole morning and afternoon hundreds could be seen in recurrent altitudes along the path, praying and supplicating to the blessed virgin. The services in the church lasted three hours, hundreds came to the alter and flowers and other mementos were left at the different stations. The stations are being remodeled and a new grotto is in course of construction. The expense of the monument is being defrayed by a Chicago man who has been spiritually and physically benefited by visits to the hill. The grotto is a representation of the original grotto of Our Lady of Lourdes in Spain. The grotto will be dedicated sometime next month, probably on June 17th, when the next feast occurs known as the feast of the Sacred Heart of Jesus.

THE AIRSHIP CRAZE

It has Now Invaded the Pima Indian Reservation.

Phoenix, Ariz., May 26.—The airship craze has invaded the Pima Indian reservation. After six powwows which lasted many days the young men of the tribe set to work last week under direction of the chief medicine men to construct an aerial navigation ship from a model found in an illustrated weekly paper that reaches the reservation. Work has progressed to a point where the thing has assumed definite shape. The airship is a canoe-shaped affair and the propeller is a huge revolving wheel very much like that which appears in the illustration of most of the standard airships.

Charles Barnett, who arrived yesterday from the reservation says the Indians will surely attempt to launch the contrivance from the highest perpendicular bluff on the Pima reservation. There has been no difficulty in securing a crew of volunteers to man the ship.

GOING INTO BEET SUGAR.

Foreign Capitalists to Start Big Factories in Wisconsin.

Milwaukee, May 26.—According to Kari G. Corn, until recently manager of the beet sugar factory at Menominee Falls, a company of foreign capitalists has been formed which will enter upon the manufacture of beet sugar on a gigantic scale in this and other states. He claims that all of the men whom he has succeeded in interesting in the matter are men who have had a wide experience in the business in Europe. He said:

"The main office of the company will be at Chicago, and branch offices will be established in every beet-growing state in the Union."

VIGILANTS IN MONTANA.

Give Robbers and Hobos Twenty-four Hours in Which to Leave.

Butte, Mont., May 26.—Wm. Kroeger and his brother, Henry Kroeger, were attacked by robbers while on their way home late last night. They refused to throw up their hands and the robbers began to shoot. William Kroeger was shot twice and fatally wounded. The robbers escaped.

This murder, which is the climax to several robberies committed lately, has aroused the old vigilant spirit in the people, and as a preliminary to the organization, a notice was published this evening warning murderers, highwaymen and hobos to leave this region and leave it quick. They are given 24 hours.

THE FLAEL RECITAL.

Great Pleasure Enjoyed by a Large and Appreciative Audience.

The music loving people, no less than the musicians of Astoria, were granted a rare pleasure in listening to the recital of the Misses Flavel. An appreciative audience eagerly awaited the first number on a generous and admirable program, and were instantly charmed by the execution of the selection from the oratorio of Samson, in which Miss Katie Flavel's pure and true soprano was heard for the first time since her return from Paris. From the first note to the last one could but be impressed with the feeling that she has pursued her study with the ardor of a lover and the zeal of a professional. In oratorio, opera and ballad Miss Katie sang to the hearts of her audience. Where each number is exceptionally fine in rendering and execution, preference is difficult, but "Down on the Sands" deserves special mention for expression.

As an accompanist Miss Nellie Flavel is unexcelled; as an artist she surpasses many professionals. Her accuracy, skill and unassuming mastery of every detail of execution proclaimed the genius that some one has called the infinite ability to take pains, while her interpretation of Chopin and Rubenstein reveal the soul of the true musician. When listening to her exquisite rendering of Berceus, by Grieg, one felt:

"There is sweet music here that softer falls."

Then petals from blown roses on the grass.

Or night dews on still waters between walls.

Or shadowy granite, in a gleaming pass;

Music that gentiles on the spirit lies

Than tired eyelids upon tired eyes."

It may be confidently asserted as an expression of the sentiment of the entire audience that the most sincere thanks are due to the Misses Flavel for their very kindly spirit of helpfulness in adding this favor to those already extended to the Presbyterian church.

THE OBJECTION NOT GOOD.

There are people who have objections to advertising matter in the columns of a newspaper. The ground of objection is that they do not want to read advertisements. Now this objection is not good, for oftentimes these advertisements convey valuable information. For instance, how else would the traveling public learn of the excellent dining car service of the Wisconsin Central line between St. Paul and Chicago, or the general comfort of traveling over this popular line. For particulars call on the nearest ticket agent or address J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Batty, General Agent, 24 Stark street, Portland, Or.

WHITE COLLAR LINE

WANTED—A REPUTATION.

If the name Occident is ever again mentioned, it must be applied to the hotel of the glorious West. There was once a bowling team of that name, but it's all over now. Defeat by the gentlemen was bad enough, but to be beaten by a ladies' team is simply unbearable—so it's off.

Last night the Occidents played

against the ladies' team, the latter captained by Mrs. Belding. The Occidents seemed to think they could defeat the ladies, and allowed them a handicap of 60 each game. But the ladies did not need it. The following scores were made in the first game:

Mrs. Stine 22, Mrs. Herman Prael 28,

Mrs. Troyer 22, Mrs. Chutter 18, Mrs. Kendall 25, Mrs. Gunn 25, Mrs. Timson 37, Mrs. Normile 25, Miss Mason 23, Miss Gilbert 24, Total 253.

F. M. Gunn, M. M. Pickens 25, A. Bartholomew 27, W. W. Bligh 24,

George Cherry 21, E. G. Rogers 14, J. D. McGowan 29, F. P. Kendall 16, Jas. Finlayson 22, Horace Thing 28, Total 222.

In the next game the ladies did not bowl so well, but made very fair scores. Their total was 203, while that of the gentlemen was 251.

With the handicap of 60, the ladies easily won. Over 100 ladies and gentlemen saw the game and the ladies were congratulated upon their victory. A menu prepared for the occasion by the vanquished team is quite unique, but lack of space prevents its publication this morning.

Mr. F. M. Gunn says his team will

pay a liberal reward to the finder of the reputation lost by it at the alleys.
