RAILROADS AND JUSTICE.

placing upon the statute books one of trailines between St. Paul and Chicago, the most famous legislative enactments or the general comfort of traveling over of modern times; nor had he the slight, this popular line. For particulars call est idea that the effect of that not would on the nearest ticket agent or address be in the main just the reverse of what or Geo. S. Batty, General Agent, 246 was promised for it; neither did he fore- Stark street, Portland, Or. see that he was preparing the way for a renowned decision of the supreme court declaring that the simple ascelation to- des start from the side seam, leaving gether of railroads by means of an agree- a plain panel in front there is something ment to maintain the legal taris rates very Parisian in the effect. provided for by the act of 1887 would be construed as a "trust," detrimental to Burton House, Burton, W. V., and

was to break up existing railroad pools formed numberless "rate associations" in took up the bicycle, an effort to keep revenues above expen-Every railroad agent soon duced to overreach it. The law was Estes-Conn Drug Co. framed to meet the demands of the granger constituents of Cullom, who had just been defeated in their efforts to float the anything crazy greenback scheme. It made no orovision for its enforcement, but was outwardly observed by all the roads, resulting however, in disaster to the corpora-

and discriminations under the old pool- mation and local treatment is generally ing system, and that rullroads - variably as useless as it is common. Dr. Pierce's charged "all the traffic would bear," yet it must be admitted that rallroads have their rights, as well as the dear public- less he prescribes it. It is a prescription the largest business in the world today, of Dr. R. V. Pierce, who for 30 years has upon it hinges all branches of com- been chief consulting physician of the merce. That the public may be equitably and reasonably well served the roads must make some profit. This can only of malling only, and get his great book, be attained by a pooling of issues un- The People's Common Sense Medical Ad der some port of legal protection. The law as it stands today is a monstrosity. And now, just as the roads, after ten years' hard work, had evolved some kind of protection for themselves through rate associations, comes the decision of the supreme court in the trans-Missouri rate association case, declaring that such associations are violations of the anti-trus net, and must, forsooth, cease. At once like a lot of frightened sheep, the usually cool-headed railroad managers lose Ora nerve and abolish existing asosciations Soon realizing their folly, and the fact that rates cannot be out without their orders, and that the law can be tested as to its constitutionality, they gather up the reins of their scattered senses and agree to wait. Again, down in Tennes see, the government announces its intention of testing the anti-trust law and its application to the Joint Traffic Associa-

on. Once more will there be anxiety ntil a decision is reached.

More than ten years ago, during the endency of the interstate commerce bill in congress, E. P. Ripley, then general reight agent of the Chicago, Burlington and Quincy railroad, now president or the Atchison, predicted all of the evils which have since resulted from the measurement lines of railway is the only solution
