### STARVING CUBANS APPEAL TO US

Want to be Included in the Relief Measures for Americans.

### HORRORS WITNESSED DAILY

Mothers See Their Naked Children Starve—Cubans Cannot Openly Relieve Their Suffering Brethren.

New York, June 7.—A special to the Herald from Havana says:

A strenuous appeal on behalf of the starving and dying reconcentrados in Matanzas, who excited pity in the hearts of General Lee and Mr. Callahan, has been made to the people of the United States. Since the United States government has begun measures for the relief of its citizens in Matanzas, the desperate plight of the Cuban reconcentrados there has resulted in a petition, signed by a hundred of them, in which they beg in the name of common humanity that they may be included in the relief. The petition is headed: "An appeal to the United States." It is now on its way to Washington. The principal part follows:

"First and foremost, let it be said that in unhappy Cuba we can do nothing to help our suffering countrymen. The provisions that have hitherto in our city would be looked upon as trifles, if so doing, and as such we would be summarily dealt with. We must not look for them; we must be blind and deaf to their sufferings, and do nothing that can in any way interfere with Wagner's policy of extermination.

"We have to witness day after day scenes of horror which no language can describe, and yet no voice can be lifted to protest against them. To Spain we cannot appeal for succor. She is well acquainted with the present condition of affairs in Cuba and so far not a farthing has come to us from her and yet we have sent her our money freely whenever the Spanish people have been in want or distress.

"Upward of 10,000 of the victims of this savage system of warfare have been crowded into Matanzas without providing for their most natural wants; and after they had been compelled to abandon all they had in the world they are to be seen in crowds, from 4 o'clock in the day until late at night imploring charity.

"In any other country this state of affairs would have brought on disturbances and riot; yet our people, suffering as they are, have not done anything that could in any way disturb order. Can there be a better illustration of a peaceful disposition?

"Tender, loving mothers of America, to you in particular we appeal in our humane undertaking. Send us the mighty aid of your motherly co-operation; enlist in our crusade against crime and barbarity and the blessings of thousands will rise to Heaven as at your very doors there are mothers who love as dearly as you love, and who day after day see their little ones perish in the streets out of their hunger, and in most cases without a piece of rag to cover their nakedness.

"As for us, we cannot do our work openly. We have to beg for food for the hungry and clothing for the naked, concealing ourselves and our names as if we were doing something wrong and we therefore suggest that if any relief is to come it should be entrusted to the American consuls for distribution, and we would also suggest that the sending of help in the way of provisions and clothing has its inconveniences and might give the officials an opportunity to thwart the object in view.

"Very Respectfully,  
"ONE HUNDRED CITIZENS OF MATANZAS."

### PRINCE OF COREA

Arrives in America to Finish His Education in English.

San Francisco, June 7.—Prince Eui Who, who will probably succeed to the throne of Corea on the death of his father, the reigning king, arrived here yesterday on the steamer Coptic.

The young man, who is 20 years of age, has come to America to finish his education and is accompanied by two Coreans of noble birth, Pak Yong Kiu and Sin Sang Koo. The first named, who was charge

d'affaires of the Korean legation at Washington for three years, has been commissioned by the king of Corea to escort the prince to America and see him comfortably established in some Eastern institution of learning, where he can take a three-years' course in English the allied branches.

Prince Eui Who is not the heir apparent to the Korean throne. He is the second son of the king, but is expected to succeed, since it is generally understood that the crown prince is an imbecile.

TO EXPLORE FOR MINERALS.

Jesse D. Grant Secures Rich Concession From Mexico.

San Francisco, June 7.—The schooner Emma and Louisa sailed for Guaymas, Mexico, a few days ago, laden with lumber. Beyond this commonplace trading trip, however, there is an exploring expedition, of which Jesse D. Grant, of San Diego, son of the late General Grant, is the leader. Some months ago Grant obtained a concession from the Mexican government to explore all the islands of the Gulf of California lying north of the 25th degree of latitude, he to have all the guano and minerals discovered and the Mexican government to receive 10 per cent of the proceeds. The 25th latitude divides Tiburon islands, which are inhabited by the man-eating tribe of Carib Indians, and it is proposed to prospect the northern half for minerals. Angel de La Guardia, the largest island in the gulf, lies entirely within the Grant concession. It is believed the island is rich in minerals, although it has never been thoroughly explored.

### TRAGIC DEATH

Like Racer Takes a Header, Breaking His Neck.

Providence, R. I., June 7.—Arthur Lahiff, while racing against an electric car, met a tragic death. Just outside the Roger Williams Park the roadway is quite steep. Trolley cars are in the habit of bowling down the incline at a high rate of speed, and many cyclists have tried to beat them in races. Last evening when a car headed down the hill Lahiff was alongside. He was measured up by the motorman for a race and the contest began in earnest.

Suddenly Lahiff was seen to tumble and make a complete somersault over his handlebars. He struck with great force while going at his fastest clip, and his neck was broken.

### THE HIRSCH FUND.

Quandary as to How to Spend it for the Poor.

New York, June 7.—Myer S. Isaacs, president of the Baron De Hirsch fund, has received a draft for \$25,000, the first installment of the \$1,000,000 given by the Baroness De Hirsch for the benefit of the poor of this city. Nothing has as yet been definitely decided by the trustees of the Hirsch fund as to the manner in which this million will be used. Mr. Isaacs says the money will be used to improve the conditions of the poor in New York in any way which experience should dictate. The work now being done with the funds given will be extended and an effort made to better the condition of the tenement house dwellers.

### LABOR LEADERS MEET.

Cincinnati, O., June 7.—President Dempsters of the Federation of Labor, addressed 10,000 men at the Lagoon yesterday in advocacy of the eight-hour working day.

Mr. A. Cautermaul, chairman of the executive board of the Carpenters' and Joiners' Union, made an address last night in the same strain. Other prominent labor leaders were here in consultation with President Dempsters. Among them was Vice-President Hamrah, of the locomotive firemen and engineers. The proceedings were behind closed doors.

### SOUTH AMERICAN GOLD.

New York, June 7.—A dispatch to the Herald from Buenos Ayres says:

The American expedition which has been exploring in Terra del Fuego has been successful in finding gold in quantities which will yield a large profit for the working.

A syndicate with a large amount of capital has been formed for the exportation of wheat. It is believed that with the material aid furnished them by the government the farmers will be able to raise an extensive crop.

### WORK ON THE TARIFF BILL

Party Lines Broken on the Lumber Schedule in the Senate.

### HOUSE MINORITY SCORE ONE

But the Yeas and Nays Soon Reverse the Vote—Additional Secretaries to the Embassy—Callahan's Return.

Washington, June 7.—The senate today disposed of the lumber paragraph, which has been more stubbornly contested than any feature of the tariff bill thus far, by defeating the motion of Vest to place white pine on the free list. Yeas 8, nays 28. The contest was mainly significant in breaking the party lines which have been maintained with few exceptions during the early stages of the debate. On the final vote eight democrats voted against Vest's proposition; namely, Bacon and Clay, of Georgia; McEnery, of Louisiana; McLaren and Tillman, of South Carolina; Martin of Virginia; Rawlings, of Utah, and White, of California.

On the other hand, Carter, republican, and Cannon and Manie, silver republicans, voted for Vest's motion.

Following this vote, a motion to substitute the Wilson bill lumber schedule was defeated by 17 to 47, and the schedule was agreed to as reported. The debate preceding the vote was at times very breezy, owing to the break of political lines.

A general discussion of the future program on the bill occurred before the senate adjourned. It led to the statement by Allison, in charge of the bill, that the committee would probably submit amendments to the sugar schedule. For this reason he announced that the sugar schedule would be passed over tomorrow and that the tobacco schedule would be taken up.

### MINORITY SCORES ONE.

Washington, June 7.—The house minority scored its first victory this session when, on a rising vote, the motion to adjourn was defeated, 70 to 80. The opposition cheered the announcement.

Grosvener immediately demanded the yeas and nays, which were ordered. The roll call reversed the previous vote, and the motion to adjourn was carried—81 to 78. Present and not voting, 11.

Terry made the point of no quorum, and further pointed out that the house could not adjourn for more than one day without a quorum. The speaker declined to hear him, calling attention to the fact that a quorum was present. He then announced the house adjourned until Thursday.

### CALHOUN'S RETURN.

Washington, June 7.—Mr. Calhoun, special counsel for the United States in the Ruiz case, is expected here tomorrow. In view of the fact that President McKinley leaves Washington on the day following for Nashville, it is possible Calhoun will be invited to accompany him on the special train, in order to afford an opportunity to make a verbal report of his visit to Cuba.

### TO THE QUEEN'S JUBILEE.

Washington, June 7.—Mr. G. C. Crighton Webb, brother of Dr. Seward Webb, of New York, and Mr. Erskine Hewitt, son of Abram S. Hewitt, of New York, have been appointed additional secretaries to the special embassy appointed to represent the United States at Queen Victoria's jubilee ceremonies.

### REACTION SET IN.

Urbana, June 7.—Mayor Protection for Captain Leonard—McLain Home.

Urbana, June 7.—Sheriff McLain reached home on the Big Four train from Springfield this afternoon. He was met at the depot by Deputy Sheriff Kibby in a cab, and was hurried off to his mother's home.

Mayor Ganson wrote a card today in which he condemns mobs. He says that all was done by the sheriff to save Mitchell that could have been done, and that if more force had been used, men, women and children would have been killed. Captain Leonard was in Cincinnati en route on Saturday and Sunday. He

said to Col. Hunt, his Cincinnati host: "My business is ruined and my family broken up. I do not think I shall ever go back to Urbana. I dream of terrible occurrences and awake with a start at night, with the din of that howling mob in my ears. I hear that the father of Bell, who was killed, has threatened to shoot me on sight. I am going to leave the city, but my whereabouts will be kept a secret."

The feeling here has subsided very much. A strong reaction has set in, and the best public opinion tonight favors protection to the fullest for Captain Leonard and his company.

### WILL RELIEVE DURRANT.

So Say Lawyers of San Francisco in Light of Recent Events.

San Francisco, June 7.—The peculiar status of the Durrant case is exciting an unusual amount of public comment. Since the postponement of Warden's execution the opinion is generally expressed that Durrant will not hang on Friday next. Attorney General Fitzgerald, however, said today that unless officially notified or restrained, Warden Hale stands ready to carry out the sentence. Warden Hale has asked for the opinion of the attorney general, who will render his decision tomorrow.

So confident is Theodore Durrant of the outcome of his appeal to the court of last resort that he is already making plans for the future. It is generally believed among the legal fraternity that pending the action of the supreme court Governor Budd will grant a reprieve, in order to prevent the necessity of resentencing the prisoner, and the endless litigation which it might result in.

### REPUBLICANS IN CHICAGO.

Carry the Judicial Election by Overwhelming Majority.

Chicago, June 7.—The judicial election today was carried by the republicans who elected all their candidates by pluralities of about 2,000 in the city and 4,000 in the county outside of the city. Although the ticket was called republican it included all 14 judges on the bench of the circuit court, 8 republicans and 6 democrats.

The silver party had five candidates in the field for the circuit bench, but its candidates did not poll one-fifth as many votes as the republicans. Interest in the election was small, scarcely half the regular vote being polled. The amended Torrens land title law was overwhelmingly adopted.

### HOPPER THE HIGHEST LAME.

Summit of Pike's Peak, Col., June 7.—By reciting "Casey at the Bat," on the summit of Pike's Peak today, in the presence of a large crowd, Mr. De Wolf Hopper has established beyond question his reputation of being the "highest and most wonderful actor in the world." He sent the following telegram to the Lamb's Court at New York: "I'm up here at St. Peter's Gate; have fixed admittance for all true Lambs."

### CUT OFF HIS EARS.

New York, June 7.—A dispatch to the Herald from Lima, Peru, says:

The report reaches here from Sucre, Bolivia, that Senor Argandoña, a young man of good family, whose sister had been maimed, as alleged, by one of the attaches of the Chilean legation in Bolivia, cut off the ears of the offender. The Bolivian war minister has been commissioned by the government to visit England for the purpose of buying arms.

### ARCHITECT D'ERLACH DROWNED.

San Francisco, June 7.—Otto D'Erlach, a young architect, is believed to have been drowned yesterday afternoon off Point Bonita on the northern side of the Golden Gate. He was with a party of friends, and was last seen when trying to find a place on the rocky shore from which to sketch. The Fort Point life-saving crew was notified of his disappearance, and found his hat floating in the bay.

### OIL WORKS SHUT DOWN.

Cleveland, O., June 7.—At noon today the entire plant of the Standard Oil works in this city shut down for an indefinite period. Close to 100 men are thrown out of work by the shutdown.

### THE MARKETS.

### SENATE CAUCUS WILL BE CALLED

Sugar Schedule Causes Some Difference of Opinion Among Members.

### BEER AND TEA ARE NEXT

Will be Taken up in Caucus and will Probably Go Out of the Bill—Increase in Woolen Duty Probable.

Washington, June 7.—Chairman Allison, of the republican senatorial caucus, decided today to call the caucus together tomorrow at 10 o'clock. There are various articles on which it has been found desirable to have the party in the senate agreed in its assembled capacity, and the calling of the caucus was precipitated by the fact that the sugar schedule had been practically reached in its order and it became necessary to decide what position the party should take upon this question.

There has been a very pronounced opposition among many republican senators to the schedule as prepared by the senate committee on finance came of them going so far as to declare they would not vote for it unless altered. Some of these senators declare they will not even be the behest of the caucus, in case it declares for the finance committee's schedule. The finance committee admits this state of affairs, and also admits that a change will be made which will make the schedule acceptable to the entire party in the senate. There are various suggestions as to what change will be made, but the matter is as yet in such chaotic shape as to render it impossible for even the republican leaders to state what may be done.

There are various questions which will be taken up in the caucus. If the sugar question does not occupy the entire time. These include the tea duty, the agitation for an increase on wool, the beer tax, the proposition to tax bank checks, deeds, etc., the hide duty, the lead ore tax, etc.

The indications now are very strong that beer and tea will both go out of the bill. This is practically decided upon by the committee itself. They are found to be absolutely necessary for revenue. It is also quite certain that there will be an increase in the woolen duty. The supporters of the hide duty and of the senate rate on lead ore express confidence that these will remain untouched. Senator Nelson's anti-trust amendment may be brought before the caucus.

### WILL SHARE HIS LABORS.

San Francisco, June 7.—Mrs. Barrios, who is present staying at San Rafael, will soon return to her home in Guatemala to share the honors and labors of the dictatorship with her husband. She is at present suffering from an attack of nervous prostration.

Her husband's assumption of the position was not unexpected to her. The change, she said, would have no particular effect on conditions either in Guatemala or in the Central American republic, as Barrios had been, to all intents and purposes, dictator for some time.
