RAPID WORK ON TARIFF BILL

Twenty Pages Covered Yesterday, Including Two Entire Schedules.

FLAX AND WOOL ARE NEXT

No Important Changes Made in the Bill Yesterday—Addition Made to the Cotton Schedule by Allison.

Washington, June 17.—The senate made greater progress today on the tariff bill than any day since the debate opened. Two entire schedules, covering twenty pages, were completed, namely, schedule H, on spirits, wines and beverages, and schedule I, on manufactured cotton goods. This brings the senate to the tax schedule, with the important wool schedule standing next.

The portion of the bill passed today is substantially the same as that reported, the committee changes being unimportant, while the opposition amendments of Jones, of Arkansas, and Vest, were systematically rejected by majorities varying from five to ten.

Allison secured the adoption of a new paragraph to the cotton schedule with a view of compensating the cotton manufacturers for the recent action of the senate in placing new cotton on the dutiable list.

DEMOCRATE IN LINE

Washington, June 17.—Some of the democratic members of the senate committee on finance said today that henceforth they would interpose no objection to the rapid disposal of the tariff bill. They will suggest amendments and ask votes on them for the purpose of making a record, but there will, if they can control the matter, be no long speeches on the schedules, with the possible exception of wool, hides, the reciprocity paragraph, which the republicans have proposed to report, and some other sections. The indications now are that the republicans will withdraw the internal revenue provisions of the bill.

AGAINST THE FRENCH CABLE

Washington, June 17.—The president has refused permission to the Compagnie Francaise Cables Telegraphique to land the new cable of that company at Cape Cod, or indeed anywhere upon the United States coast. The question that was raised through the French ambassador as to the power of the federal government to deny admission to the cable will be referred to the attorney-general for an opinion, but in the meantime the executive branch of the government holds to the doctrine that such a landing can only be by express authorization of congress.

PRESIDENTIAL APPOINTMENTS

Washington, June 17.—(Special to the Astorian.)—The president sent in the following nominations to the senate: Chas. F. Nestor, of New Jersey, Indian inspector; J. E. Smith, of Oregon, and W. J. Jones, of Washington, commissioners for the district of Alaska; Clinton A. Snowden, commissioner for the lands of the Payallup Indian reservation in Washington.

FOSTER'S MISSION SUCCESSFUL

Washington, June 17.—A cablegram received at the state department from ex-Secretary Foster, who has been at St. Petersburg engaged in negotiations with the Russian government for the better protection, by mutual agreement, of seal life in the north Pacific and Bohring sea, announces the complete success of his mission.

GREAT SWIMMING CONTEST

The World's Champions to Meet in Chicago.

Chicago, June 16.—The Chicago Athletic Association will hold the next annual swimming championship meet of the A. A. U. on July 3, in Lincoln Park lagoon, Chicago. There will be five championship races at distances of 100 yards, 250 yards, quarter-mile and half-mile, with three prizes for each event—gold, silver and bronze medals.

William Hale Thompson, chairman of the championship swimming committee, is endeavoring to induce J. H. Tiers, England's prodigy; Dan Renear and Brewer, of California, and other crack swimmers to compete. Among the entries are Dr. Paul E. Neumann, champion at the Albany games in 1895; F. Kniese, champion of Europe in 1888, and George J. Whittaker, champion of America.

MORE KINSMEN OF BARNATO

This Time They Are Cousins Located in New York.

New York, June 17.—A dispatch to the World from Boston says: Two men in Boston claim to be first cousins to Barney Barnato. They are Barney Meyers and Wolf Meyers, cigar makers at the North End. "Barney Barnato's right name was Barney Issacs. His father and our mother

were brother and sister," said Barney Meyers. "We grew up together in London, and my brother and myself came here with our parents about forty years ago. I called at one of Barney's offices in London three or four years ago, and when I came away he gave me \$25. I never asked him for money. There are other relatives, but not so very many. Some are wealthy. There is his eldest brother, Henry Issacs, worth \$20,000,000. There is Kitty, his sister-in-law. She is worth several millions. I suppose they will get a good share of the property. We expect to get a little something when the thing is settled up."

BURNED TO A CRISP

Particulars of a Bad Accident Which Caused Death of a Mother and Child.

Eugene, June 17.—The particulars of last night's sad accident in which Mrs. Erickman and her child were burned to death, were received today.

Erickman, his wife and child arrived here from Coos county two weeks ago. Yesterday Mrs. Erickman went to prepare a meal, when her clothes caught fire. She ran to where her 13-months' old babe lay to get a quilt, and some of the brands ignited the child's clothing. The woman began crying for help, and her husband ran to her rescue, but was too late. All the clothing was burned off both mother and child, and the latter's body almost burned to a crisp.

The regents of the State University held a meeting today, but took no action on the presidency contest.

GALE IN THE IRISH SEA

Admiral Nelson's Flagship Ashore—May Damage Jubilee Decorations.

London, June 17.—A heavy gale accompanied by torrents of rain, is prevailing in the Irish sea. Admiral Nelson's old flagship Rodney, which has been on exhibition at Blackpool, has been driven ashore and it will become a wreck. A lifeboat saved the crew of the steamer Susanah Kelly, which foundered in Belfast slough, but ten passengers were drowned. Many fishing and pleasure boats have been lost. Dispatches from different points show that the storm is spreading inland in a southerly direction. The coasts are strewn with wreckage. Fears are entertained that the storm will reach London and damage the decorations already put in place for the jubilee.

ATTEMPTED ABDUCTION

A Negro Tries to Carry Off a Los Angeles Girl.

Los Angeles, June 17.—Sheriff Barr with a posse of deputies and two bloodhounds pursued and captured Cy Thompson, a negro, charged with attempting to abduct Addie Brown, 15 years old, who lives with her parents near Azusa in the San Gabriel valley. The crime was committed at midnight. The girl was awakened to find herself in the arms of a strange man who was in the act of carrying her out of her room through a window. Realizing her peril she screamed and seized the window sash, holding on with such tenacity that the man let go and fled.

POTATO PATCH SCHEME

Governor Pingree Receives Foreign Letters Regarding His Plan.

Lansing, Mich., June 17.—Governor Pingree's fame as the originator of the potato patch scheme for the poor has crossed the ocean and his plan is being adopted in several European countries.

Letters have been received at the executive office from Buda Pesth, Hungary, and from Nottingham, England, requesting information regarding the plan. Copies of the message which the governor delivered to the Detroit common council upon the subject when he was mayor of that city were sent to the inquirers.

LAKE VESSELS COLLIDE

Passenger Steamer Runs Down a Schooner—No Lives Lost.

Milwaukee, June 17.—The steamer Virginia, of the Goodrich line, with 200 passengers on board, ran down the schooner Evelyn, bound from Menominee, Mich., to Chicago, near this port last evening. The Evelyn's cabin was shifted forward and her yawl was demolished. A panic prevailed among the Virginia's passengers, but the steamer continued on her course to Chicago and the Evelyn was towed to the Milwaukee dry dock.

JACOB SCHOLLE DEAD

The Basis of His Fortune Was Laid on the Pacific Coast.

New York, June 17.—Jacob Scholle, of the firm of Scholle Bros., is dead at Orange, N. J. He was 69 years old and a native of Germany. He went to the Pacific coast in 1849 and started a general merchandise business, in which he laid the foundation of his large fortune. He came to New York in 1872. The firm of Scholle Bros. gradually abandoned the mercantile field for banking. They continued to have an office in San Francisco.

THE PROTEST OF LILUOKALANI

Delivered Into the Hands of Secretary John Sherman Yesterday.

TREATY DECLARED A WRONG

Says that It is in Violation of the Rights of Her People and Friendly Nations with Whom They Have Treaties.

Washington, June 17.—About 3 o'clock this afternoon ex-Queen Liliuokalani filed her protest in the office of the secretary of state. It was delivered into the hands of Secretary John Sherman by Joseph Heleluwe, representing the native Hawaiians, duly commissioned by two of their patriotic leagues.

Mr. Heleluwe was accompanied by Captain Palmer, the American secretary of Liliuokalani. Mr. Sherman treated the bearers most courteously, but gave no indication of his action in the matter. The protest says:

"Liliuokalani, of Hawaii, do hereby protest against the ratification of a certain treaty which, I am informed, has been signed at Washington by Messrs. Hatch, Thurston and Kinney, purporting to cede the islands to the territory and dominion of the United States. I declare such treaty to be an act of wrong towards the native and part native people of Hawaii, an invasion of the rights of the ruling chief, in violation of international rights, both toward my people and toward the friendly nations with whom they have made treaties, the perpetuating of a fraud, whereby the constitutional government was overthrown, and finally an act of gross injustice to me—

"Because my people, about 40,000 in number, have in no way been consulted by the three thousand people who claim the right to destroy the independence of Hawaii; the four million acres composing the territory, said treaty offers to annex one million acres, which has in no way been heretofore recognized as other than the private property of the constitutional monarch, subject to control in no way differing from other items of private estate.

"Because it is proposed by such treaty to confiscate said property, technically called crown lands, those legally entitled thereto either now, or in succession, receiving no consideration whatever for their estates, their title to which has been always undisputed and which is legally in my name at this date.

"Therefore I, Liliuokalani, of Hawaii, do hereby call upon the president of that nation to whom alone I yielded my property and authority, to withdraw said treaty (ceding said islands) from further consideration.

"I ask the honorable senate of the United States to decline to ratify said treaty, and I implore the people of this great and good nation, from whom my ancestors learned Christian religion to sustain their representatives in such acts of justice, and equally as may be in accord with the principle of their fathers, and to have the Almighty Ruler of the universe, to him who judgeth righteousness, I commit my cause."

QUEEN LIL DISAPPOINTED

No One Looked After Her Interest in Preparing the Annexation Treaty.

New York, June 17.—A Journal special from Washington says: In an interview ex-Queen Liliuokalani said of the proposed treaty between the United States and Hawaii: "Fifteen hundred people are giving away my country. The people of my country do not want to be annexed to the United States, nor do the people of the United States want annexation. It is the work of 1500 people, mostly Americans, who have settled in Hawaii. Of this number those who are not native born Americans are of American parentage. None of my people want the island annexed. The population of the island is 200,000. Of this number 40,000 are native Hawaiians. The rest are Americans, Germans, Portuguese, Japanese, Chinese, English, and a small portion from other countries. The 1500 Americans who are responsible for what was done today are running the affairs of the islands. There is no provision made in this treaty for me. In the Harrison treaty I was allowed \$20,000 a year, but that treaty never went into effect. I have not received a dollar from the United States. No one looked after my interests in the preparation of this treaty. Yet my people, who form so large a part of the population of Hawaii, would want justice done to me."

CALIFORNIA CYCLISTS

About to Form an Association of Pacific Coast Wheelmen.

San Francisco, June 17.—One of the prime objects of the California Associated Cyclists, that of forming a vast affiliation of Pacific coast wheelmen extending from Mexico to British Columbia, is about accomplished and within a few days the association expects to be able to officially announce that the governing body of cyclists in Mexico has recognized the association. The British Columbia wheelmen are waiting to learn whether the

California Associated Cyclists can control racing in this state. With recognition from these two important bodies, it is expected that representatives from both will come to California to participate in the big meets projected, and these gatherings of men of the wheel will partake as much of an international character as any that are held under the auspices of the League of American Wheelmen.

HE IS BARNATO'S BROTHER

Montreal Man Claims a Part of the Diamond King's Fortune.

Montreal, June 17.—Roland Israel Gideon Barnett, No. 96 St. Francois Xavier street, this city, claims to be a brother of the late Barney Barnato, the South African diamond king. Barnett states that Barnato's real name was Barney Isaac Barnett, and that he was one of four children, three boys and a girl, of whom Roland I. G. Barnett was the eldest. The father was a musician, connoisseur of paintings, and well-known picture restorer, and for years had charge of the estate of the old earl of Dudley. He gave his children a first-rate education. Barney was educated at Heidelberg and the reason that he wore glasses was, he spelled his eyes studying the strange German characters.

Barney, Roland asserts, was never a circus performer. The brothers parted in anger in England, Barney going to Kimberley and Roland to America. Roland will immediately open correspondence with the executors.

ANARCHISTS AWAKENING

An Italian Marquis Sees Signs of It Every Day.

New York, June 17.—A dispatch to the Journal from Rome says: The Marquis di Rudini in an interview last night said:

"We see an anarchist reawakening every day and notably in Italy, where even socialists, who Jesuitically disapprove of outrages in reality encourage them, both privately and in the press. We ought to give no respite either to one party or the other. Civil governments are justified in protecting society by all possible measures against these bands of malefactors."

The Marquis says the king, speaking with the ministers on the Paris outrage expressed the opinion that the laws did not offer sufficient protection against anarchists.

ANOTHER SUICIDE

Seventeenth Body Found by Police in the River Thames.

London, June 17.—The body of a fashionably-dressed woman, about 30 years of age, was found yesterday floating in the Thames near the lower bridge. In her purse she had some gold and silver, a gold wedding ring and two dress rings, a gold brooch and other articles, and a key ring; also, found upon her, were on her body was of the best materials. This is the seventeenth body found in the lower Thames by the police during the last three weeks. They are supposed to be the bodies of suicides, as in nearly all cases valuables were found upon the bodies of the drowned.

FIGHTING IN THE PHILIPPINES

The Spanish Lose Over a Hundred Killed and Wounded.

New York, June 17.—A dispatch to the Herald from Madrid says: An official telegram from Manila announces a desperate combat in the Philippine islands against the rebel general Aguinaldo. The Spanish losses were over a hundred killed and wounded. The news has caused a profoundly painful impression.

SCHOOL QUESTION SETTLED

Chicago, June 17.—After nine months of wrangling the board of education last night definitely settled the water problems in the public schools for a period of three years. It authorized the award of contracts to two filter companies for all the schools in the city, save twenty, for \$88,000, the filtering plants in the schools now in existence and to be erected to be installed and maintained at the expense of the companies for the duration of the contract.

THE PADDED ROLLS

Kansas City, June 17.—An official of the Santa Fe railroad says that the investigation of "padded" payrolls on that system has already disclosed a loss to the company of over \$20,000. Of this amount it is said over one-half has been made good to the company.

HOW THE SENATE NOW STANDS

Fifty-Seven Votes Sure for Annexation and Eleven Undecided.

DEMOCRATS MOSTLY OPPOSED

Three Votes Lacking to Make Two-Thirds Majority, but Enough Doubtful Ones Will Probably Come Over.

New York, June 17.—A Herald special from Washington says:

There are 57 senators who can be counted on to vote for the ratification of the Hawaiian annexation treaty. This is just three short of the requisite two-thirds. There are 11 other senators who are undecided as to how they will vote, and 21 who are opposed to the treaty. Those in favor of annexation are:

Aldrich, Allen, Allison, Baker, Burrows, Cannon, Carter, Chandler, Clark, Cullom, Davis, Deboe, Elkins, Fairbanks, Foraker, Frye, Gallinger, Gear, Hittfield, Hoar, Jones of Nevada, Kils, Lodge, McBridge, McMillan, Mantle, Mason, Morgan, Morrill, Nelson, Peers, Perkins, Pettus, Pritchard, Proctor, Quay, Rawlins, Rosch, Rowell, Shoup, Spooner, Stewart, Teller, Thurston, Turpie, Warren, Wellington, Wetmore, Wilson, Wolcott, Platt of Connecticut, Platt of New York, Hale, Hanna, Hansbrough, Hawley.

Those who are undecided are Butler, Daniel, Gorman, Kenney, Harris of Kansas, McLaughlin, Mallory, Martin, Mitchell, Murphy, Smith.

Those opposed to the ratification of the treaty are Bacon, Bate, Berry, Caffery, Chilton, Clay, Cockrell, Faulstich, Gray, Harris of Tennessee, Jones of Arkansas, Lindsay, McEmery, Mills, Pason, Pettigrew, Tillman, Vest, Walbridge, White.

This is the result of a careful canvass of the senate. The advocates of annexation are confident of their ability to secure the necessary votes and bring about the ratification of the treaty. Some of the senators who are non-committal are inclined to favor annexation, but want to hear the arguments on both sides before finally deciding. Others are inclined to oppose the treaty, but they are open to conviction if their supporters can bring forward convincing arguments.

SENTIMENT IN THE SENATE

Washington, June 17.—The impression is now prevalent in the senate, even by the friends of the Hawaiian annexation, that the treaty cannot be ratified at the present session if there is any such opposition as was promised. The program now is that the treaty will be reported from the committee, and that after the tariff bill has passed it will be called up. The senate will be asked if a time for a vote can be fixed, and upon the objections fixed by the opponents of the treaty, its friends will say that they are content to allow it to lie over until the next session. One reason for not pressing the treaty in the face of the opposition is that the sentiment which may be only partially opposed to the treaty will be crystallized, which is not desirable. It is also believed that the senators who are now undecided may become influenced favorably after mature consideration, and after finding out what the drift of sentiment is in their states. It is well known that the senators cannot be held here after the tariff bill is passed.

HOT BICYCLE RACE

Michael, the Welshman, Wins the Fifteen Mile Contest.

Cambridge, Mass., June 17.—Jimmy Michael, the Welshman, beat Eddie McDuffie on the Charles river park track this afternoon in the hottest fifteen-mile bicycle race ever run in America, and at the same time established a new fifteen-mile paced competition record of 29:12. McDuffie led all through the race up to the last of the 15th mile, when his pacer became worn out and the little Welshman, behind a fast triplet, forged ahead and won by 10 yards. The American record for the new race, the two-mile tandem competition, standing start, was made in 4:05 1/4 by Butler Brothers.
