Members of Beaver Lodge, L. O. G. F. are requested to meet at the lodge rooms at 1 o'clock p. m., Sunday, June 25, to attend the funeral services of our late brother, Phil Johnson, F. O. Walters, Noble Grand.

Willie Leary, the glass-ester, is here. This is the youth about whom an investigation was instituted by the Examiner last year. Under the X ray traces of glass were found in his stomach. He masticates and swallows glass in a manner that is truly wonderful. Young Leary is now on exhibition in Astoria.

A new river service has been inaugurated between Astoria and Rainier, Oregon, including all intermediate lands. The fine steamer "Pillar," Captain A. I. Brazee, will make round trips daily, except Sunday, leaving Rainier at 8:30 a. m., reaching Astoria at 12:30, landing at the Fourteenth street wharf, and departing on her return at 1:30. Prompt time and the best service is guaranteed for both passengers and freight.

F. D. Reed, the man who stole \$11 from Leary the glass-ester on the Columbia, en route from San Francisco the other day, at the trial in Justice Abercrombie's court yesterday, was given permission to plead guilty to simple larceny, for which he was sentenced to pay a fine of \$50 or to be imprisoned in the county jail for twenty-five days.

Chief of Police Hatlock has not yet been able to rid the city of the cat-scurvy pest, and probably never will be under the methods employed in Oregon. If the property-owners had joined him at the time the pest first made its appearance, it might have been eradicated; but, like everything else, it was a question of waiting for developments, until now the army of worms has grown so large that an army of men could not destroy them.

The end is in sight. Contractor Lebeck says that he will have his portion of the Bond street improvement completed by this evening, and Contractor Clinton's portion of the work will be finished Monday night. Mr. Lebeck commenced yesterday the work of raising the Brown building. Tomorrow night he will leave for the Clatskanie, where he has taken a contract for the removal of several buildings of the right of way of the railroad company. He also yesterday started his men at work on the property of the Gas Company, making a new street and sidewalk and repairing several houses.

In the circuit court yesterday but one case was under consideration, that of George Hill vs. James W. Hara, in an action to enjoin the sale of certain real estate for taxes. Up to a late hour the attorneys had not completed their arguments on the motion to dissolve the injunction. The principal points made by the plaintiff are that accessible personal property should first have been levied upon, and that the sale of real estate was not begun within the proper limit of time. The defense claims that no personal property could be found, and that the subsequent proceedings were according to law.
